More families are eagerly discovering the erotic sensations of incest

It was once a forbidden subject, one that caused some to go an entire lifetime without even mentioning it's name. But today's families are fulfilling new sexual delights and making their most intimate desires a reality—all in the safe comfort of their own homes.

The incest phenomenon has been steadily gaining popularity among loving families across the globe, young and old, rich and poor. When it comes to two hot and horny relatives, sometimes nothing can stop them from showing their love for each other.

Brothers and sisters experimenting with their young bodies, discovering the heavenly sensations of their first powerful orgasms as they fondle each other with sexual hunger...

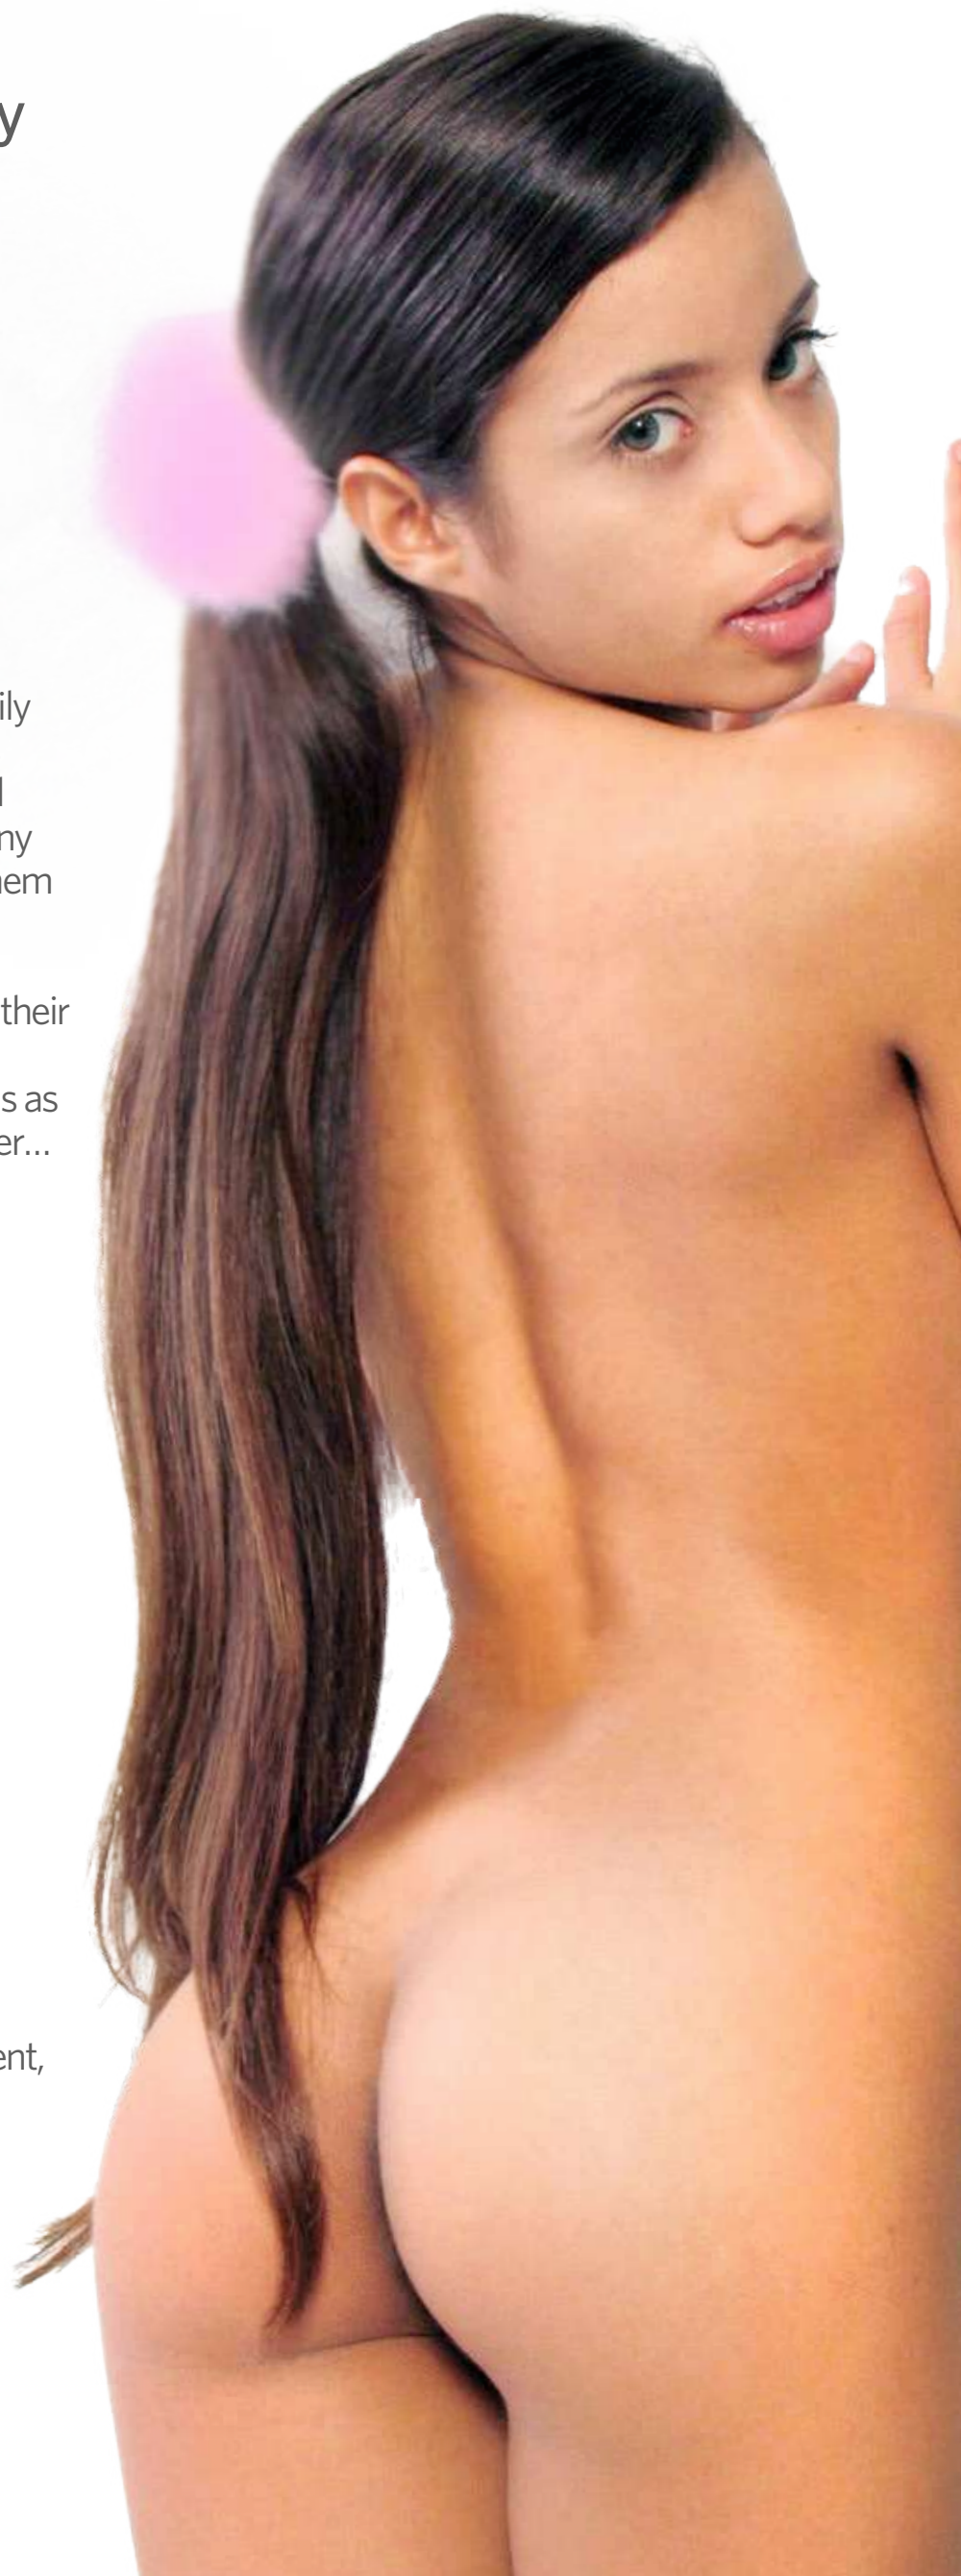

Mothers who look up at their sons with proud admiration as they kneel in front of them and clutch their hard cock as it drips with anticipation for the warm wetness of her welcoming mouth...

Sons who live out their sexual fantasies by not only sucking from their mother's breasts as teenage boys, but from licking at her gushing pussy as she cums into their hungry mouths...

Fathers who look forward to those naughty weekends when their daughter comes home from college to show him just how much she's missed his throbbing, dripping cock...

And daughters who look up to their handsome dads as more than just a parent, but a devoted teacher who guides them through their sexual education with love and affection, spending countless warm nights in each others arms.

What You Thought of the Summer Issue

That's Pretty Amazing

"When I read about the inspiring incest confession of Susan, I realized that I can't just sit around and wait for something big to happen between me and Daddy—it's all up to me! I finally gathered up the courage to go up to Daddy with just my panties on. I asked him if he thought I was pretty and he said 'of course.' I put my hands on my boobies and asked him if he thought my boobies were too small. He said they were perfect. I asked him if he was sure and told him he should feel them to make sure. Daddy hesitated a moment, but then gave in and started feeling me up—my nipples turned rock hard right away! That night was the first night I finally had sex with Daddy! Thanks Susan and *Incest Magazine*!"

Daddy's Hard-On

Dear **Dr. Incest**,

My daddy likes to relax when he's at home. He usually wears just his boxers when it's just us. I don't mind, in fact I think he's kinda sexy like that. But I've noticed that lately he's been getting hard when I'm around. I can see it poking against his boxers. Sometimes it pushes out so hard I think it'll rip right through them! It makes me tingle thinking this but, am I making his cock do that?

Tiffany in Georgia

Dear Tiffany,

Unless your father is watching an erotic movie on TV, it's probably you. Young daughters are often the objects of older men's affections, and your father seems to be someone who enjoys looking at you and your sexy figure. Since you seem to enjoy the thought that he's getting hard for you, why not have some fun with it? Start wearing less and less around him to see if his cock gets hard quicker. Give him little peeks at you when you bend over or dance around. Let him get a surprise glimpse of you by not wearing any panties under your short skirt. Dads always love to see that! Then, see if you can really get him going by openly touching yourself in front of him. Can you make yourself cum while he's sitting next to you? Don't be surprised if you accidentally make Daddy cum by doing that!

My Kids Fool Around

Dear **Dr. Incest**,

I've noticed my two kids becoming more affectionate with each other. They spend more time with each other and seem to get along better than they ever have. When I asked Alissa one night why they've been doing so well together, she said that Gage has started letting her play with his cock. At first I was surprised to hear this, but then was pleased that Gage was sharing his cock with his little sister. She said he lets her fondle it, lick it, anything she wants to do. She jerks him off and he's taught her how to suck him off and swallow his cum. She says she loves the taste of his cum. I asked her if she lets him play with her vagina. She said she loves to let him finger her and lick her pussy until she

cums, but that's all he's done. I don't mind them playing around with each other. I think it's good for girls Alissa's age to learn about sex and her brother is a perfect teacher. But my concern is their age difference. Alissa is only thirteen and Gage has just graduated from college. Is it improper for two siblings of those ages to be fooling around with each other?

Kendra from Tennessee

Dear Kendra,

It's only improper if Gage makes Alissa do something she doesn't want to do. If she's completely happy with what they're doing then it should be okay. The age difference isn't normally a concern among family members—after all, mothers and fathers are much older than their children and many families love to engage in various forms of sex play with each other. I would suggest that you might want to observe them fooling around to make sure they're not doing anything you don't want them to. It can be fun to see your kids getting each other off in front of their own mother!

Keeping it at Home

Dear **Dr. Incest**,

I read a magazine article recently that stated women who are left at home by their husbands during the day are not having affairs with the mailman or the neighbors as much as before. It revealed that more and more, women are

staying much closer to their families in seeking out those who can satisfy their sexual needs. Is this true?

Glenda in Oklahoma

Dear Glenda,

While it's not heavily documented, I've seen and heard similar findings. The main reason, I think, is because the stigma and possible discovery attached to extramarital affairs with other men. And because they don't have to go very far to find a nice hard cock than some of the young males living in her own household. Being left alone with her kids all day, and night after night, forces women to look at their offspring with 'new eyes', so to speak. The children she carried and bore take on a new meaning for the lonely woman. They are no longer merely sons and daughters, but young, horny, potential lovers. Some mothers love the idea of letting their kids help them reach wave after wave of orgasm. The sight of their kids fucking, sucking and cumming with ecstasy is also a huge turn-on for any mom who enjoys sex. It brings the family together, satisfies both the mother's and her kid's desires for sex, and leaves everyone with an aura of incestuous delight.

Daddy's Sensual Massage

Dear **Dr. Incest**,

For her thirteenth birthday, I gave my daughter a massage before bedtime. I'm no professional

masseuse, but she seems to like it as I gently rub her back and her legs while she lays on her bed. She lays there in only her panties. Seeing her tight little ass nestled inside her pink panties always gets me going, but I know not to touch her there. I concentrate on her back, shoulders, arms, and legs. I noticed the last few times that she's started to spread her legs wider when I massage her thighs. It gives me a slight view at the crotch of her panties, which has gotten wet the last two times. She seems to moan when I get close to touching her crotch or butt, but I try to be a good dad and keep to the familiar areas. Last time she pulled her knees under her and raised her ass up high and spread her legs, saying it will give me better access to her thighs, which she says usually ache the most. But I can't help staring at her panties. When she's in that position I can see her pussy barely covered by the tight material, and her wet spot is so obvious a blind man could see it. I just want to touch her there and feel her wet pussy under my fingers, but I know I shouldn't. What can I do to keep being a good dad and not think about my daughter that way?

Erick from New York

Dear Erick,
Many fathers go through the exact same dilemma you do. When your little girl begins to grow up into a woman it's natural for the men in her household to look at her differently. She's developing into a young woman that many people will find attractive, including you. While I would normally suggest you keep your hands where they're supposed to be, it's quite clear that your daughter has been giving you subtle hints that she wants more touching from her loving father. Spreading her legs, raising her ass up to you, even showing you her wet panties. Panties that are wet for only one reason. She loves your sensual caresses and it's driving her wild. Don't hesitate to give her more of what she wants. Start by working your hands up her thighs onto her butt, there's certainly muscles you can massage there. Use your thumbs to gently touch between her cheeks and see how she reacts. If she spreads her legs wider you know your doing the right thing. Take it a step further and use your thumbs between her legs where her thighs touch the crotch of her panties. Gently work your fingers inside the edges. Pay attention to her moaning, if it gets louder or increases, you know she wants you to progress. Sometimes, the only thing that can relieve a horny girl's stress is a nice, relaxing pussy massage. Show her how good her Daddy can be at satisfying her whole body's demands. Then keep her writing in ecstasy!

Is Incest the Best Sex?

Dear **Dr. Incest**,

I just finished my first year at UC Berkeley. College is even better than everyone in high school said it would be, although I've noticed something that I didn't quite expect. I love fooling around with boys and usually end up sleeping with someone after a party, but it's never as good as it was when I was back at home. I don't think it's because the guys are inexperienced, I've been with quite a few who certainly know what they're doing and know how to get it. But it's just not the same as with Dad or my brothers. Why?

Madison in California

Dear Madison,

It's a good question. The reason for your lack of sexual satisfaction at college could be due to a couple of reasons:

- Anonymous sex can be fun but can also lead to less intense or less satisfying climaxes. This is because sex with people you truly love is better and more passionate. You know they and you're familiar with them and you feel more comfortable being with them
- One theory I've been working on is that incestuous orgasms are many times stronger and last longer than normal orgasms

Catching the Kids Being Naughty

Dear **Dr. Incest**,

I caught my two kids fooling around last week. We were all watching a movie in the living room in our pajamas when Eric got up to go to the bathroom. His twin sister Angie almost immediately got up and told me she needed a glass of water, but she didn't go into the kitchen, she followed Eric down the hall to the bathroom. Wondering what they were up to I followed them and saw that they both went into the bathroom. I crept up to the door and peered inside and saw Angie pulling down her pajamas and panties and sitting on the counter. She spread her legs wide to show Eric her tiny pussy. Eric pulled off his pajamas and underwear and sported a hard cock, much bigger than I expected him to have for his age. "Do it again, Eric!" Angie giggled as her brother stepped up between her legs. He

grasped his cock and aimed it at Angie's pussy, a tiny pearl of pre-cum appearing at the very tip. I almost creamed my panties right there as I watched my two kids about to perform such an obscene act. They weren't old enough to be doing this! But before I could storm into the bathroom and stop my son from pushing his rock hard cock into his sister's pussy, I saw that he started to merely rub the tip up and down her sugary slit. "Oh, Eric! Your cock makes my pussy feel so good when we do this! I love fucking so much! Keep doing it, make me cum again with your big hard cock, Eric!" Rather than making them stop, I decided what they were doing was actually quite cute. I smiled to myself as I watched my twins make each other happy by touching their genitals together. Dr. Incest, was this the right thing to do? Should I have stopped them from doing that altogether?

Rachel in Alabama

Dear Rachel,

Different parents react in different ways. You chose to let your kids continue touching their privates together, which is completely fine. Kids learn so much from experimentation with each other, sexual lessons that will come in handy later in life. If you want to help them do the right thing, show them how to make their cock and pussy feel even better. Hold Eric's cute little butt as you guide him into your daughter's waiting vagina. Angie will love how her little cunt can cum and cum with her brother's stiff prick. And Eric will experience his first wonderful vagina as it lovingly sucks at his cock until he gushes all his precious boycum into Angie's cock-hungry cunt. You'll love watching as Eric's butt clenches right before he unloads into Angie's pussy. Don't be afraid to caress your kids and fondle them as they fuck each other wildly. For a special treat, slide a finger between Eric's butt cheeks and tickle his ass as he cums—you can feel his butt muscles throb with each squirt of his juice! Rachel, your kids deserve to feel as good as their parents do when they fuck, so why wait to teach them about the joys of sex?

Helping My Son's Problem

Dear **Dr. Incest**,

My son Dylan has been starting to date, but it hasn't been going well. He came home from school nearly in tears the other day. He told me that all the boys were teasing him because his last date told them that she tried to have sex with Dylan but he came too soon, before he even put his cock inside her. He's still very young

and I know it's common for kids to go through premature ejaculation phases. But I told him it's very common for boys his age and that the other kids at school were wrong to tease him. Is there anything I can do to help overcome this problem for him?

Andrea from Hawaii

Dear Andrea,
You're absolutely correct. Premature ejaculation is very common among young boys. They get so excited for sex that their little bodies sometimes peak too soon. Sometimes the easiest way to prevent Dylan from shooting off too early is to 'take a bullet out of the chamber' so to speak. Help him relieve himself of a healthy dose of cum before he goes on a date so that he can be ready to engage in a full course of sex with his date. I know many moms who love to get their sons ready for a potential hot date by jacking them off or sucking out their first load of cum. It's fun for both mom and son, and will rid your young boy's problem of cumming too soon when the time is right.

Watching Dad's Cock

Dear **Dr. Incest**,
My friends always talk at school about how sexy their moms or their sisters are and how much they'd like to fuck them. I play along with them, but am worried to tell them the truth. I recently peeked at my parents having sex and love watching them fuck each other so much. But what my friends don't know is that I liked watching Dad and his big cock much more than Mom. I wish I liked looking at my mom or my sister in that way, like my friends, but I can't stop thinking about how amazing Dad looks when he's naked. I like to come into his bathroom in the mornings when he's getting ready because he stands at the sink and shaves naked. I say I need to pee and sit down on the toilet while I watch Dad's big heavy cock out of the corner of my eye. One time I gathered up the courage and reached out to touch him. He didn't get upset, he just turned to me and smiled. 'That's the cock that made you, Mark. What do you think?' he said to me. I smiled and held his big meat and felt his two heavy balls. I wanted to continue touching Dad's cock like that but he pushed my hands away and said 'Sorry sport, Dad's gonna be late for his meeting.' I was bummed I couldn't keep touching it, especially since it started to get hard in my hands. Why do I like looking at my dad instead of my mom so much? How do I tell my friends that I'd much rather be naked with Dad instead?

Mark from Illinois

Dear Mark,
Not everyone enjoys sex with the opposite sex. Some people are attracted to members of the same sex, others are attracted to both sexes. You're no different than your friends in that you have the same urges and desires as they do, you just prefer guys instead of girls. Next time your

in the bathroom with your dad, tell him how big his cock looks. Say that you wish your cock will be that big when you grow up. Guys are suckers for compliments about the size of their penises. Don't be afraid to show him yours, see if he wants to compare sizes. You can see what your cock will look like when you grow up, and he will remember what his looked like at your age. If he's willing, ask him if you can feel his cock to see what yours will be like when you get older. When you're finished, make sure to give Dad a nice warm kiss on his penis before wishing him a good rest of the day!

Including the Kids in Sex

Dear **Dr. Incest**,
My husband and I are open about our sexuality with our son and daughter. We enjoy letting them get naked and watch their parents fuck each other with love and affection. But lately

they've been getting so worked up that they want to join us. We allow them to play with themselves when they watch us fuck, but we don't believe in family members fucking each other. Are we wrong in thinking it's improper for kids to fuck with their parents?

Linda in Nebraska

Dear Linda,
All families are different. Some open-minded families think fucking between adults and teenagers is perfectly normal if everyone is willing. Others are more conservative and don't even discuss sex openly in the home. You seem to be more open with your sexuality with your kids. Yes, it's possible to let your kids join in without actually engaging them in sex. There are lots of things the kids can do without full-on fucking. For example, have them help get Daddy hard by fondling his cock until he's dripping hard and ready for you. They can do the same with your motherly pussy. Let

the kids be your foreplay! Then, have one of them hold your wet pussy open while another guides your husband's cock into your cunt. Let them feel your hard nipples as your husband is fucking you. See if they can spot when you cum by feeling your pussy or asshole. When your husband is about to cum, have him pull out and let them jerk Daddy off all over your pussy. They can count how many squirts of Daddy's cum shoot out! Then when you're finished, make sure the kids enjoy a nice, satisfying cum. You can even help them with their orgasms—your husband can finger your daughter and you can jerk off your son until he cums. Make it a game to see if he can squirt on both nipples and your pussy! When everyone is done, see if the kids want to clean up your sticky pussy and your husband's cummy cock by licking both of you clean. It's so much more fun than wiping yourselves down with a towel. Have fun!

Helping Her Brother Cum

Dear **Dr. Incest**,
I feel sorry for my big brother Ricky. I always see him with a big hard-on poking at the front of his shorts. It seems to be hard all day long. Lots of times he runs off to his bedroom to jerk-off. Sometimes I catch him sitting on the edge of his bed rubbing his penis until he squirts all over his stomach. Sometimes I spot him in the back yard behind the shed, rubbing his penis until his juice splashes onto the fence. Last week I even saw him laying on Mom's bed with his pants and underwear down. He was pushing his hips against one of her pillows. My friend Tina says that boys are always horny and that if they don't unload their juice at least twice a day then their balls will explode. Ricky must have really needed to squirt his juice because he was moaning and humping Mom's pillow really hard. It was kinda fun to see Ricky's pretty butt bobbing up and down like that. Oh, I wish I could help him, he must be in so much pain if he has to make his penis squirt so much each day. I love Ricky and don't want him to get hurt. Is there a way I can help him so that he won't feel so bad?

Wendy in Ohio

Dear Wendy,
It's so nice of you to think of Ricky this way. It's refreshing to hear from a sister like you who cares so much for her brother. First of all, your friend Tina isn't entirely correct. Yes, boys like Ricky get very horny quite often, but their balls won't really explode. What Ricky is going through is quite normal for a young teenager. Boys tend to become horny sex machines when they to a certain age. If you see your brother struggling with this by jerking off or needing to cum, ask him if he wants you to help. Some brothers love it when they get their cocks stroked, or better yet, sucked. It can make the cum squirt out much quicker and feel much better. Ask Ricky if he would like you to help him relieve the tension in his cock. I think he'll love you for it!

THE BEST PART ABOUT MAKING YOUR SON CUM

"Moms are always so proud when their son gets an A or makes a touchdown during a football game. Those achievements are always good but my son makes me so proud when I get up close and watch his big thick cock squirt out more tasty cum than his own dad can—all over Mommy's big titties!"

Susan, 42, Indiana

"Every mother knows that horny teenage boys think about sex every waking minute of the day. Their over-active balls are always full of cum juice, ready to unload at a moment's notice. Thankfully my boys know just how to empty their balls. One in Mommy's mouth and one in Mommy's pussy. It's a perfect trio of mother and sons! The two little rascals have gotten so good at timing their cums that they can now fill my holes at the exact same time. Getting a double-dose of hot jism from my two hung studs at the same time is unlike anything I've ever felt!"

Holly, 33, Vermont

"My son Andy always knows he can come up to Mommy and ask for me to help him cum. My favorite thing is to have him lay on his tummy on his bed with his feet on the floor. I kneel behind him and massage his tight butt. It's so beautiful, simply a delight to caress and hold. He positions his cock so it points down in front of the mattress. I can lean in and kiss the underside of it, kiss his heavy balls, and spread his ass apart and kiss his tight pink pucker that winks at me. I love licking from the tip of his cock up his balls to his ass crack. As I jack his dripping cock I lick around his ass and gently poke my pointed tongue at it, hoping to slip inside and send his whole body on a wild orgasm that only Mom can bring. When he orgasms, he moans and thrusts his hips against the mattress as jets of sweet boycum rocket out of his pisshole. But my favorite part is feeling his wonderfully tight asshole clutching my tongue with each squirt of cum!"

Andrea, 41, Wisconsin

MONA SOLIS

Meet a mom who was born to suck her son's cock!

1 When did you first blow your son?

"When he started to cum. He came up to me with his hard cock bobbing about and asked me why it leaked all this gooey stuff. I explained what happened and happily licked his cock clean. He loved it so much he came in my mouth!"

2 What do you like best about sucking?

"The feeling of his cock pulsating as it unleashes all his cum for Mommy. I wish I could suck his cock to orgasm all day long!"

3 How often do you suck him off?

"A day doesn't go by without a good suck job from Mommy. It's tricky when he's gone for a few days, like when he spent the weekend at a friend's house. I called him on his cell and told him I was parked out front. He snuck out into the car and gave Mommy a warm cumload of sperm before sneaking back inside completely unnoticed! Even though he wasn't sleeping at home that night, I had the taste of his sweet cum in my mouth all night long!"

My husband and three sons love it when I let them peek at me without panties. I use to do it on rare occasions but I love it so much I do it all the time now!

Did You Know?

Boys can start having wet dreams, or nocturnal emissions, shortly after they begin to cum. To avoid this, and the messy clean-up that follows, make sure your son routinely ejaculates. Some mothers have made a habit of jerking-off or sucking their sons just before they go to sleep. This helps avoid messy wet dreams, releases their pent-up sexual tension, and helps them sleep like a baby at night. And, getting your son's stiff cock to unleash his hot, wet load can be quite a delight for you Moms, too!

I Love My Kids' Cum!

"I overheard my son and daughter fucking each other in the basement family room one night. I didn't stop them, I sat and listened to the delightful sounds they made as they fucked each other silly. When they finished, they scampered up the stairs to go play outside. I slipped downstairs and saw a gooey puddle glistening on the couch where cunt-cum and cock-cream had dribbled down my son's crotch when his sister had been riding his cock. I lowered my head and licked it up. It was scrumptious! As my whole body shivered with ecstasy I imagined how much more succulent it would be when I was drinking it straight from my son's cock and tonguing it from my daughter's wet pussy. That night I caught the two horny devils fucking each other again and ended up fulfilling my hungry desires! I left them sitting on the couch very satisfied as I came back upstairs with a belly full of my son's warm cum and his sister's sweet pussy juice!"

HOT ALPHA MOM

BETHANY TELLS US HOW SHE BECAME SUCH A FAN OF INCEST

1 What started your sexual relationship with your son?

"When Simon became a teenager he started getting very excited about his growing cock. He would come up to me and proudly display his hard prick to me without embarrassment. I would gaze at him with fondness, my whole body warming with pleasure. 'Very nice, Simon!' I would say as he smiled with pride. 'It sure gets hard, doesn't it?' He would nod and twist his hips to make his cock swing side to side. It was such a delight to see my handsome boy like that!"

2 I imagine Simon teasing you with his hard cock would get you pretty horny?

"Oh yes! After about a month of him taunting me he came up to me and started rubbing the wet tip of his cock against my hips as I stood in the kitchen. It felt so good! I couldn't help myself when I opened my robe and showed him my tight panties. He smiled at me and started rubbing his cock against the front of my thin panties. It felt so wonderful, my pussy almost came right there. I couldn't help myself when I spread my legs and pulled my panties to the side for him. He gasped at the sight of my naked cunt as I spread my pussy lips apart. He even saw my little clit poking out at him! Simon aimed his cock and started rubbing it against my clit. I moaned his name so loud I thought the neighbors would hear me! Then I heard him say the most beautiful words a mother could hear: 'I'm gonna put it in, Mom!'"

3 What did it feel like when your son slid his cock inside your wet pussy?

"No one can understand the sexual ecstasy a mother feels as her son slides his wonderful cock inside her cunt for the first time. I wrapped my arms around him as he pushed his hips, sliding his long teenage cock farther and farther into his mommy. 'Oh, my baby!' I moaned, 'Oh, yes! My sweet baby! Do it, Simon! Do it hard!' I spread my legs as far apart as I could as Simon nestled his face between my breasts. He bucked his hips and fucked me with his sensational cock. It didn't take long for his inexperienced prick to throb inside me before his cum. I clutched his butt and pulled him inside me as far as he could go before he yelled 'Mommy!' and came, gushing his precious juice into my womb. I tried to squeeze his cock as much as I could with my pussy muscles to heighten his orgasm. He sucked my nipple like a baby as the last few pumps of boy jism gushed out. I shuddered each time I felt his cum splash inside my pussy."

4 Wonderful! A boy's first cum inside his Mom is always memorable

"I know! I only wish my husband was there so he could record it on video so that we could watch it later as a family, seeing my son's ass clench as he humped his cock into his mommy's happy pussy. And now any time Simon comes up to me with his big cock sticking out, I know just how to make my incestuous little boy's cock nice and happy!"

Friday

Today when I came home from school Tracy was lying on her bed with nothing on and I took off my clothes and lay down beside her. I touched myself on my pee-pee while I told her all about school and how I looked at all the girls taking their clothes off for gym class. Was Mandy Davis there she asked Oh yes I said and she was sitting with no underpants on and her legs all open and I could see in between her legs. She looked at me and I took my underpants off and let my legs go open so she could look at me in between them and I felt and funny and nice when she did. Some of the other girls did too and I liked letting them look at me. I like looking at people with no clothes on too I said. Even boys? said Tracy with a smile and I said Well I've only really seen Daddy. I like letting people look at me when I'm all bare naked said Tracy.

Tracy was rubbing her pee-pee too just like me and she said Did you like it when you licked all your Daddy's stuff out of my pee-pee she said and I said Oh yes. I liked licking your pee-pee because it tasted nice and I liked it when you licked mine and got all

the pee out of it and she said Why don't we do it then and when I nodded sure yeah! she said You lie down and spread your legs and I will get over you and we can both lick each other's pee-pees at the same time and she got on top of me with her pee-pee right over my face and I pulled her down so I could reach her pee-pee with my tongue and she put her head in between my legs and licked me all over my pee-pee and made me feel lovely and warm and funny.

While I was licking her Daddy came home and he came into the room and saw what we were doing. Well well he said What's going on here and Tracy stopped licking my pee-pee and said Laurie and I were making each other feel nice and I said That's right Daddy I'm licking Tracy's pee-pee and he said Well what a nice pee-pee it is, I bet there's a nice hole here that goes right up inside her, I wonder if my thing can find where it is and he took his clothes off and got on the bed and knelt right by my face and started rubbing his big hard thing all over Tracy's pee-pee, right above my face so I could see it really well. I bet it's around here he said and I said I

can see it, Daddy, your thing is rubbing right where Tracy's hole opens up and goes inside her. Put it in her hole, Daddy, I said, and make it go in and out like you did the other day.

Shall I he asked and Tracy said Sure and I said Yeah and when the white stuff is going to come out, take your thing out and make the white stuff go squirt squirt right into my mouth, okay? And he laughed and said Sure, okay then and I helped him put his big thing inside Tracy's hole and I got a really good look because my head was right next to her hole. He rubbed it in and out and I touched Tracy on her pee-pee and rubbed her bumpy place a little and she licked my pee-pee some more and then Daddy pulled his thing out of her hole and I opened my mouth and he held the end of his thing right over my mouth, pointing down at it and made his hand go up and down on his thing and it went squirt squirt and every time it went squirt it made lots of hot creamy stuff shoot out right straight into my mouth and fill it right up with his warm cream. It was like he was milking his thing right into my mouth and I had the good feeling while he was doing this and Tracy was licking me on my pee-pee.

with their titties showing and some with girls not wearing anything at all so you could see their pee-pees as well as their titties.

I was looking at them trying to see which one had the nicest titties and suddenly I heard Daddy say right out loud Well I like the Jockey underpants, look, and I looked over and he stood up and unzipped his pants and opened his fly and showed off his underpants. I can't see them very well said Dave so Daddy took off his pants so Dave could see his underpants better. His thing was partly big and making a big bulge in his underpants and while I watched it got bigger and poked out more. But I think this kind's better, said Dave and unzipped his pants and let them fall and kicked them off. His underpants were really small, just a little pouch at the front, and red. I stared at them because his thing was getting big like Daddy's, making the pouch thing stick way out in front of him. They looked at each other, and at me looking at them, and Daddy said What do you think, Laurie, which kind do you like better?

I sort of giggled and said Well they're both nice but I like Dave's nice red ones and Daddy said to Dave

Saturday.

Today Daddy said I'm going downtown to where Tracy works to pick up her pay because it was too late when she finished yesterday night. Would you like to come too? he asked and I said Oh Yeah I want to see where Tracy works and Daddy looked at me and said What kind of underpants are you wearing Laurie and I lifted up my skirt and showed him my underpants. Are these okay I asked him and he said well they are very nice but how about wearing the ones that Tracy got you with the front cut out. you mean the ones that my pee-pee sticks out the hole? I asked and he said Yeah, those ones, and if you have to pee you won't have to bother taking them off, will you. Okay Daddy I said and I put on my special underpants and we went downtown.

We went in around back of this place and saw a man named Dave and went into his office. Dave and Daddy had some stuff out of a bottle and they were talking sort of low and I couldn't hear what they were saying. They gave me a Coke and I sat on a big couch across the room from them and drank it while I looked around the room. There were lots of pictures of girls in bathing suits and girls in their underpants

Laurie is wearing a special pair of underpants today, aren't you Laurie and I was shy for a minute and then I felt all funny in between my legs and I said Yes Would you like to see them and they both said Sure! so I leaned back against the back of the couch and lifted my skirt up to my waist so they could see my underpants. I looked down at them myself and I could see my pee-pee sticking out the hole in them so I knew they could see it too. My my said Dave, those underpants are very pretty, I think I'd better get a good look at them and Daddy said Me too and they both came over and stood in front of me and looked down at my underpants and I looked at theirs and the big bulges of their things inside them.

How old are you Laurie asked and I said thirteen and Dave said Those sure are nice underpants, where did you get them? and I said Tracy got them for me and he said How come and I giggled and said Well a couple of times I couldn't get to the toilet in time and I peed in my underpants and Tracy said that if I had this kind I wouldn't have to take them off, I could just pee with them on and the pee would come out the hole. And does it work? asked Dave and I said Oh sure, look, I just spread my legs like this and see, all of my pee-pee pokes out the hole and my pee hole

too. Well he said Those sure are special underpants, do you mind if I take a picture of them? My brother has a girl about your age and he might like to get her a pair of underpants like those. I said Is it okay if Dave takes a picture of my underpants Daddy and Daddy said Sure if you wanta and so Dave got a video camera and said Now I'll direct you just like you're a movie star and I said Ooo wow yeah! and he said Now put your skirt back down and close your legs and when I point at you you lift your skirt up and let the camera see your underpants and then open your legs slowly to the sides, as wide apart as you can make them go, and show how your pee-pee sticks out the hole in your underpants. Then touch your pee hole and show how it will stick out the hole so the pee can come out. While you're doing that you can tell about your underpants too, okay?

I nodded and put my legs together and put my skirt down and sat there like a good little girl with my hands folded. He took some pictures of me like that and then he pointed at me and I said I have a special pair of underpants that I don't have to take off when I pee, look, and I lifted up my skirt and showed the camera my underpants with my pee-pee sticking out the hole. I could see the camera was

zooming in to take a closeup of my underpants so I said See how my pee-pee sticks out the hole in my underpants and I lifted my legs up and spread them off to the sides and looked down at myself and my underpants were just little strings at each side and my pee-pee was all spread open wide in the middle and the big lips were way off to the sides and I could see everything in the middle of them and I said See, here's my peehole and I touched it and it felt nice when I touched it so I did it some more and I said See here's where the pee will come out and it won't hit my underpants at all!

That's good said Dave, but it would be even better if you could pee a little and show that the pee comes out without hitting your underpants, can you do that? Well I do have to pee a bit I said but I don't want to get the couch all wet, and Dave said Well how about peeing into this glass then and he drank the last of his drink and put the glass on the floor. Okay I said and I went and stood in the middle of the room and he took some more pictures of me. He said I think you'd better take your skirt off so it doesn't get in the way, so I took it off and squatted down. I couldn't see the glass very well because my T-shirt was in the way and I didn't want to miss

the glass and pee all over the floor so I said Maybe I should take my T-shirt off too because I can't see the glass. What a good idea said Dave, and I pulled my T-shirt off over my head and now I was all bare naked except for my underpants with my pee-pee poking out through the hole.

I squatted down again and Dave took a closeup picture of my pee-pee showing through the hole in my underpants and I touched my pee hole again and rubbed it a little to make the pee come and because it feels nice when I do it, too. Ooo it's coming I said and the pee came out my pee hole and splashed into the glass all frothy and yellowy. Daddy was standing beside Dave watching me pee and I said Want some lemonade Daddy? and I giggled and Dave said What do you mean and I said Daddy likes the lemonade I make in my body and squirt out of my pee-pee, don't you Daddy. Wow said Dave, well, let's not waste it then, eh? Stop peeing Laurie he said and we'll give your Daddy some nice warm lemonade, shall we? and I giggled again and said Oh yeah! And Daddy licks the last drops off my pee-pee and makes it feel all good, too!

How about it then said Dave to Daddy and Daddy shrugged his shoulders and said Sure okay then and lay down on the floor and I squatted over his face. When I looked at Daddy's middle I giggled again and Dave said what's so funny and I said Daddy's hard thing is trying to get out of his underpants, because it was all big and making a tent, and Dave said Well, why don't you let it out then, so he took a picture of me as I leaned forward and pulled Daddy's underpants down and let his big hard thing stick up in the air. Now how about some lemonade for your Daddy said Dave and I looked down at Daddy and he opened his mouth and I rubbed my pee hole again to start the pee coming and made it squirt out and go right into Daddy's mouth. Let it fill up said Dave and soon Daddy had a nice frothy lake in his mouth and after he swallowed it down I filled it up again. Wow said Dave you have lots of lemonade, don't you and I said Yeah I made the Coke I drank turn into lemonade and we all laughed about making Coke turn into lemonade. Then Daddy said There are some drops of pee on your pee-pee Laurie, shall I lick them off? and I said Ooo yeah! and he licked my pee-pee all over and made it feel all nice for me. Then I went and sat on the couch again and Dave gave me another Coke to turn into lemonade.

He kept the camera running while he talked to me. You are very pretty just like Tracy and these other girls, he said, did you like looking at their pictures? Which one did you like the best? And I pointed at a picture of a girl with big titties and Dave asked me why I liked her. Because she's pretty, and she has nice big titties I said. Well, he said, you will have nice big titties when you are big like Tracy, she has nice big ones, doesn't she and I said Yes she does. Your titties are starting to grow nicely said Dave They're poking out like nice little hills, do you like showing them to us? Sure I said and I moved from side to side to show them how my titties stuck out and it felt funny with him watching me and my pee-pee started to feel funny and I wanted to touch it but I was shy.

Dave and Daddy were both looking at me down where my underpants were and then Dave asked me if I could spread my legs apart and let him see how my underpants fitted again and I knew they wanted to look at my bare naked pee-pee again, all spread open so I let my legs go wide open. How's this? I asked them and Dave said Wow! Do you like looking at my bare naked pee-pee I asked him and he said I sure do! Do you like showing it to me? Yeah I said

titties and rub it in so they would get nice and big like Tracy's, or make it go on my pee-pee and rub it because it made my pee-pee feel good, or make it go in my mouth because it tasted so good. That sounds like a good idea he said Shall we do that? Sure I said shall I do you both at the same time? We can see who will squirt the white stuff first.

So they stood beside me and I rubbed their big things up and down and back and forth with both hands and they touched my titties and played with them while I rubbed their things. I took turns putting the ends of their things in my mouth and licking the big knobby parts with my tongue. I was just seeing if I could get both of their big ends together close enough so that I could lick them with my tongue at the same time when they both started to squirt the stuff into my mouth. I let them help it come out by rubbing their things and just looked up at them and held my mouth open wide and gave them a nice big target for them so shoot at. They both had lots of nice hot creamy sauce and Dave had even more than Daddy and my mouth got all full so I had to tip my head back so it wouldn't dribble out and go down my front and get wasted. When they were finished I swallowed it and licked my lips to get the last drops

when you look at it, it feels all funny and I want to touch it and play with it. Well go ahead and do that he said and your Daddy and I will watch you playing with your pee-pee and I will take some more video so you can watch yourself later on. So I played with my pee-pee with both hands while they watched me and Dave took a closeup video of my hands touching all over my pee-pee. I made myself feel really good by playing with my pee-pee and then Dave looked down at himself and said this is all uncomfortable inside my underpants, Laurie, it should come out like your Daddy's. Sure that's okay I said I'll do it for you if you like and he let me take his big hard thing out of his underpants. It was all warm and it smelled nice and I liked touching it and holding it while I took his underpants off and now I could look at both of them while I was playing with my pee-pee. His was as long as Daddy's but even bigger around Wow I said it's a nice big one Dave I bet its got lots of white stuff inside it, doesn't it.

Daddy told Dave that I knew how to make the white stuff come out of his hard thing. Yes I said and I told him how I would rub it up and down and make it squirt the cream out. What do you do with it he asked and I told him I would make it squirt on my

and Dave asked my how I liked it and I told him he squirted even harder than Daddy and his stuff tasted nice, like yogurt.

Daddy said You know, I think I have to pee now, myself, and I said Oh goody, can I help you Daddy? and Dave asked me if I liked helping my Daddy pee. Sure I said and sometimes he pees on my pee-pee and makes it feel nice, and we play games, like Fillup too. How do you play Fillup he asked and I said Well I pretend I'm a car and I Daddy's a gas station and I say Fill 'er Up, Bud like he does when he goes to the gas station and I kneel in front of him and he lets his hard thing hang over my mouth and I open up really wide and he fills me up with his special gas. You mean he fills your mouth up with pee? asked Dave and I said Sure and then I swallow it and he does some more and fills my tank, my tummy. That game sounds like fun he said and I said Oh it is, can we do it Daddy, I want some of your special gas and he said Okay then and Dave said I think your game would make a nice video and he started the camera with me kneeling down in front of Daddy and then Daddy hung his big thing just over my mouth and I opened my mouth and his nice hot gas poured out of his thing and into my mouth. Let it fill all up and

make a nice frothy lake before you swallow it said Dave and he took a close picture of the pee coming out of Daddy's thing and going into my mouth and I smiled at the camera and then I swallowed it and let it fill up again. When he was finished I said Gosh Daddy you had a lot of gas today, didn't you, my tank's all full!

What other games do you play asked Dave and I said Well we play Fireman and we pretend I'm on fire and my Daddy uses his firehose to make me all wet and put out the fire. Do you like that he asked and I said Ooo yes, specially when he pees on my pee-pee and makes the pee go all over it, it makes it all tingly and I get my good feeling just by the pee hitting my pee-pee. Well he said we should try it then so we went into the bathroom next to his office and I lay down on some towels on the floor and I told him how to kneel between my legs and I opened my legs nice and wide and held my pee-pee parts open so he could pee all over it and his pee was all nice and hot on my pee-pee. He let me hold his thing and make the pee go where I wanted it to so I made it hit me on my bumpy place I like to rub and on my own pee hole because it tickled and then I held my hole open and made his pee go squirting right up inside my

hole and it felt so good, all hot and tingly that I had the good feeling twice in a row.

When we went back into the other room Dave said Maybe there's some pee left on your pee-pee, would you like me to see, and lick it off for you? and I said Sure! and I sat back on the couch and he knelt down in front of me. I spread my legs really wide and held my pee-pee parts open and he licked me all over and made me have the good feeling, and then he put his finger inside my pee-pee hole. Do you ever put anything in here? he asked me and I said Just my fingers and my Daddy's. and Tracy's. and my Daddy puts his hard thing inside Tracy's hole sometimes but I think it's too big to go inside mine. Look he said I have a present for you then, some toys for you to play with.

The things he gave me were shaped like a man's thing when it gets all hard, but they were different lengths and thicknesses. Try this one he said and gave me one about six inches long and half an inch across, about the size of a wiener. He and my Daddy both watched me put the thing into my hole and push it up inside me and it felt funny when it went inside, I could feel it way up inside me and I giggled and

told them it felt funny and nice and Dave said Now you can make it go like when your Daddy puts his thing inside Tracy's hole and so I made it go in and out and it felt really good. Dave showed me how to make it go in and out with one hand and play with my pee-pee bump with the other and that felt even better. Now he said you can have these as a present and if you put them inside you and play with them, your hole will stretch and soon you will be able to put your Daddy's thing inside it. Oh wow! I said and I can put yours in it, too, can't I Sure you can if you want he said.

Then I noticed that his thing was all big and sticking out again. Gosh I said it's all hard again Dave and he said Well, so it is, what shall we do about that and I said Would you like to make the stuff squirt into my mouth again? I liked the way it tasted before. Well sure he said, then he said Do you ever make your Daddy squirt his stuff just by sucking on his thing? No I said How do I do that? and he said Well I'll show you if you like and I said Sure but your thing is so big I don't know if I can put it all in my mouth. Well he said just do it a bit at a time, Look he said I'll put this quarter on my thing and you can see how far you can push it along with your top lip when my

thing goes into your mouth. Then you'll be able to see how much of my thing you can get into your mouth. I'll take a nice video said Daddy and you can watch it later and see how you did.

Ooo that sounds like fun I said and I knelt down in front of him and he put a quarter on the top of his thing, right up by the big bulgy end part and he said Now see if you can put the end part in your mouth so I opened my mouth really wide and let the end part of his thing go inside it. It was all nice and warm and I could feel his pulse in his thing and I giggled with his thing in my mouth. Then I felt the quarter with my top lip and I pushed it along his thing by putting more of his thing in my mouth and his thing was really big and I could only get about half of it in my mouth and the big knobbly part was right at the back of my mouth, by my throat and my mouth felt really full. That's good he said, you're doing very well, now just move your mouth back so just the knobbly part is in it, and you can suck on it and lick like it's a big lollipop, okay? and I nodded okay and let just the end of his thing stay in my mouth and slurped on it and licked it all over with my tongue and he said Wow that's great, are you sure you've never done this before and I shook my

head No and he said Well you are doing it just right and he said to my Daddy You will have to let Trixie do it to you, she is really super at it and Daddy said Well maybe we can do it when we get home shall we Trixie and I looked over at him and smiled at him and nodded Yes with my mouth all full of Dave's thing.

If you move your mouth back and forth on it, make it go in and out of your mouth, that's the best way to get used to the size of it said Dave and pretty soon you can get the quarter farther down, maybe all the way to where my thing ends, wouldn't that be fun! he said. I nodded yeah! and kept moving my mouth back and forth on Dave's thing and seeing if I couldn't get that darn quarter down all the way to the end of his thing. Dave started to help me by pushing his hips back and forth and pretty soon he said Oh darn, that feels so nice the white stuff if going to come out in a minute, shall I make it squirt in your mouth? and I looked up at him and nodded Yes and he said Tell you what, I'll take it out almost all the way and you just hold your tongue out and I'll rub it and make the stuff squirt onto your tongue and into your mouth and your Daddy can take a nice video of that, how about that and I nodded Yes

how full of my stuff your mouth is so I nodded and I had to tip my head back so all the stuff wouldn't dribble out and he sort of put his thing over my mouth when I tipped my head back and it was kind of like he was milking it when he made his hand go up and down on it and all the long strings of goopy stuff squished out the hole in the end and dropped right into my mouth. By the time he got the last bits out my mouth was all full up and I had to be careful the way I held my head because it was right up to the sides of my mouth, the white stuff I mean, and he said Now put your tongue back in and pretend it's sinking in all that stuff so I did and a little bit of the stuff drooled out one side of my mouth but Dave said that was okay and Daddy took a nice closeup picture of all the stuff in my mouth and my tongue sinking underneath it all and then coming up to the surface again.

I liked doing this because it gave me a good chance to taste all Dave's stuff and it was really good! Then Dave said Now you can swallow it if you want to so I gave a big gulp and then another and when I was done I opened my mouth and showed them I had swallowed it all down like a good little girl. Then after that Dave asked Daddy if he would like

again and moved my head back and he held onto his thing and I stuck my tongue out like a carpet and he aimed his thing right at my mouth and pumped back and forth on his thing and I watched the end so I would see the white stuff squirting out. I like to watch it squirt, specially when it squirts on me and into my mouth. It looks neat, as well as tasting neat.

Then Dave said Now! and a big long squirt of stuff came shooting out the hole in the end of his thing and shot right into my mouth! It hit the back of my mouth and it was all nice and warm and gooshy and then another one came and another and they all went right into my mouth and I thought Wow is Dave ever good at aiming! Then some of the dribbles dropped onto my tongue and they all tasted so nice! I saw Daddy was taking a close video of the white stuff going shooting into my mouth so I looked over at him and smiled at him mostly with my eyes because my mouth was open so wide so Dave wouldn't miss and waste any of his stuff by hitting my face.

He kept shooting his stuff and my mouth got all full and he said Now don't swallow it yet! Wait till I'm finished and your Daddy can take a video to show

to try and see if I could get the quarter all the way down Daddy's thing and I said Sure because I really wanted to drink some more stuff and Daddy's always tasted so nice. So we found the quarter because it had fallen on the floor and I did the same thing with Daddy while Dave took a video of us. Daddy squirted even more stuff than Dave did and even when I tipped my head back I couldn't hold it all in my mouth and it kept drooling down out of my mouth but Dave said that was fine and he even took a video showing a drooly part going down my face and down my neck and onto my titty and hanging from the pointy end part in a big drop.

After that Daddy and I went home. And I even got to keep the quarter!

I'm going to write some more stuff about having fun with Daddy and all the others, but right now I'm going to stop this and just lie here and use both hands in between my legs to make me feel all nice and dreamy. Mmmmm!

Q&A with

Lacey

Get to know this sensational young woman who loves incest!

Q: *We've heard how insatiable you can be when it comes to sex. How did you get involved with incest?*

A: It almost happened by accident. I was so tired of getting myself off by just rubbing my pussy in bed so I decided to look to see if Mom or Dad had any naughty movies or magazines I could look at. My friend Jessica said she found a bunch of old magazines hidden in a box in her father's closet so I figured I'd check to see if my parents were hiding anything similar. Sure enough, Dad had a stack of naughty magazines. A few **Playboys**, some **Penthouses**, but what really caught my eye was some of them toward the bottom of the box: magazines called **Naked Family Life**, **Daddy's Naughty Girls**, **In Mommy's Bed**, and a few newer ones simply called **Incest**. My pussy immediately started dripping as I thumbed through them. I rubbed my pussy through countless cums that night! The next day I showed my brother Donovan the magazines and we each touched ourselves while we read through them, cumming multiple times. I was determined to ask Mom and Dad about them.

Q: *What did your parents say when you asked them?*

A: Actually they were surprised I hadn't found them sooner. They told me about how some moms and dads have sexy fun with their kids, just like in the magazines. I told them about me and Donovan reading through them and rubbing ourselves. Mom suggested that next time we should touch each other. I thought that was a great idea! So that night Donovan and I got naked and read through the magazines, playing with each other until we made ourselves cum. It was amazing! I loved incest! I couldn't wait to tell Mom and Dad about how much fun it was!

Q: *Did you continue playing with your brother?*

A: Yes, but we kept trying new things. Mom and Dad got us new subscriptions to read and we started touching our privates together, licking and kissing each other, just like they did in the magazines. Finally we tried pushing his cock into me like the girls in the magazine did—they looked like it felt so good. And it did! I almost came when he slid the tip inside! Donovan said he could feel my pussy squeezing his cock, and a few moments later he squirted his cum inside me for the first time. I think I fell in love with my brother that night. We kept fucking like horny little kids each night after that.

Q: *Now that you're an adult, do you still play around with your brother and his cock?*

A: Absolutely! In fact, we live together across town as husband and wife. We still enjoy a thoroughly satisfying sex life. Donovan's cock is perfect for my pussy. And, two months ago I found out I'm pregnant! I can't wait to raise teenagers of my own that will have horny cocks and pussies just like Donovan and I did when we were little. Our incest family will always be a happy wholesome fucking family!

Incest Interview

Mina

This inspiring girl lives with her older brother and their father in a small town in northern Michigan. When she's not having fun with her girlfriends at the mall, she can be found at home... with her small hands wrapped around one of her two favorite cocks!

Thanks for letting us interview you for *Incest Magazine*, Mina!

You're welcome, I'm so excited to be a part of your magazine. I can't tell you how wet my pussy has been all week just thinking about it!

How wonderful to hear! To be honest, when we first heard about you, we couldn't wait to talk to you either. Are all the rumors we heard true?

Well, I don't know what you've heard, but I wouldn't be surprised if they are. My reputation in this town is pretty well-known.

So how did a gorgeous girl like you get to be one of the best cocksuckers in town?

When I was younger, I caught my brother Matt and his friend Kent watching a dirty video on his computer. Kent was spending the night and they had their pajamas pulled down and were touching their cocks. They tried to cover up when they saw me standing there, but I told them I would tell Daddy on them unless they let me see their cocks. Kent said I was too little but Matt said he didn't want Daddy finding out that they were watching a movie called *Taboo*, so I got to see their big, naked cocks!

My favorite cock in the world is my brother's. Doesn't it just look so good in my hands?

You sound like you certainly knew what you wanted at that age.

It was mostly curiosity, but when Matt and Kent sat down on the bed and spread their legs, I saw their two hard cocks standing up tall. Kent's was smaller but his balls hung down farther than my brother's. Matt's was really long and had more hair, and his balls were big but tight against the bottom of his cock. The tip seemed to be wet. I told them I thought they both had really pretty cocks!

It was pretty special for your brother to let you see his cock, wasn't it?

Oh yeah! None of the other girls in my class had seen one before, except Lisa. Her brother always let her touch his cock when she wanted to. She told me it felt so soft and hard in her hands, and I wanted to see if she was right. "I wanna hold your cocks!" I said. "I wanna jack them both off!" Matt told Kent it would be okay, it would feel really awesome if I jerked them off, he said. So they stood up side-by-side in front of me as I knelt before them and wrapped my hands around their big, amazing cocks.

The great thing about brothers is their cocks are always hard! Perfect for a hungry mouth like mine

How did it feel to have two hard cocks in your hands?

I was in love! You know how in Romeo and Juliet they talk about love at first sight? It was exactly like that for me, except I was in love with cocks! I loved how they looked, how hard they stood up, how heavy their balls looked, I loved that ridge around the head at the top, I loved how they got wet from their pee holes, but I especially loved how they felt! They were so soft, yet so hard. They were so hot to the touch. I loved how I could feel their heartbeats inside their thick cocks. It was a dream come true for me. I was in love with cock! Forget dolls and unicorns and little ponies, this little girl wanted nothing in the world except big, hard cock!

Wouldn't it be great if all girls got cocks for their birthdays?

Oh, yes! I think all girls would be so much happier with a cock to play with when they're little. They say diamonds are a girl's best friend, but I know what's really a girl's best friend!

Doesn't Matt's cock make your mouth water? When he takes off his underwear I just have to run my tongue over it!

So did you jerk Matt and Kent off?

Of course! Even though I was young, I felt like I had done this my whole life. They felt so perfect in my hands. I squeezed them, stroked them, played with their balls. I saw the sticky juice leaking from the top and pushed the tips of their cocks together so their sticky juice mixed together. I could feel their cocks jump when they touched them together. I don't know why at the time, but I leaned in and kissed their cocktips as I rubbed them together. They felt like fire on my lips! Then when I looked up at them and saw their eyes glaze over, I smiled and licked my lips. Their clear cock juice tasted so good on my lips! So I started licking them like lollipops. Oh, they tasted so good! And their cocks felt so good in my mouth. I knew right then that I was born to suck their cocks. I wrapped my lips around them one by one and tried to suck out more of their delicious liquid. Matt and Kent started moaning, so I knew they were liking my tongue and lips.

I'm starting to perfect deep-throating, but Matt's cock is so long I sometimes can't get it all the way in!

Did you make them cum?

Certainly! It didn't take long but I saw Kent's balls tighten up around the base of his cock and his thick dick started to quiver. I wrapped my lips around the head as he cried out. I felt gushes of hot cum fill my mouth! It felt so good to drink his cum I even came myself. After I sucked the last few drops from his cock, Matt said, "Oh, Mina! I'm gonna cum, too! Take it in your mouth!" I wouldn't have it any other way, so I wrapped my lips around his big cock head and got ready for a dose of my own brother's juicy cock candy. He bucked his hips and squirted bigger gushes of cum into my mouth, it didn't seem to stop! I had to swallow twice before I felt the last few drips come off Matt's perfect cocktip. I was in heaven! I wanted to suck and suck for the rest of my life!

Did you find other boys to suck off?

Oh yes, but my pussy would never cum on its own like that unless I was sucking Matt's big cock. I loved his cock more than any of the other boys at school, and believe me, I sucked them all off! Even a few of their fathers, too!

Even their fathers! Wow, what was it like to suck an adult cock for such a young girl?

Matt had a pretty big cock, but some of the dads had really big cocks. It was hard to get them in my mouth, but like a good little girl, I kept practicing. Matt told me I should try and get Dad to let me suck him, so I finally asked him one night while he was in bed. He seemed concerned that I was sucking cocks at such a young age, but he said he thought it was okay if I only did it at home with him and Matt.

Cocks feels so good in my mouth, I just wish I had five more brothers!

So you sucked your dad and your brother off as much as you could?

As much as I could. It seemed like I was swallowing more cum than I was water! I loved to suck and suck! Then one day Kent's little sister asked me at school if I could teach her how to suck cock. She said Kent told her I was really good at it. I thought it would be fun to teach another girl about how fun it was to suck a cock and drink all that juicy jizz. So I showed her on Matt. She was so happy to learn how to suck, she ran home and tried it on Kent! Matt said that Kent loved it!

Doesn't it feel so good to turn on your brother? I love to see his cock poking out of his jeans!

That was certainly nice of you to teach her how to suck!

You wouldn't believe what happened next! She told her friends and they came to get lessons, so I taught them how to suck their brothers. Other girls came and I taught them too. Eventually, fathers brought their daughters to the house to ask if I could teach their girls how to suck them. Sometimes I even saw moms bring their daughters because they wanted to learn how to suck their brothers or dads as special surprises for their birthdays. Boys at school would thank me for showing their sisters how to suck them. Sometimes even the teachers would thank me for teaching their girls how to blow their cock and drink all their cum! It was so great, the whole town was now full of incestuous girls sucking their horny families! ★

There's nothing like feeling a boy cum in your mouth. His cock throbs, his eyes roll, his butt clenches, and he fills your mouth with yummy cum!

Aunt Jane gives her nephew a helping hand with his bath

(Fm, oral, inc)

Jane needed to use the bathroom. Just her luck that Zach, her nephew, was in there taking a bath.

She moved down the hallway toward the bathroom. She couldn't wait any longer. She had to use the bathroom.

She could hear the water running in the bathtub. She reached out and knocked desperately.

"Zach, Honey, it's me, Aunt Jane. Can I come in, Honey? I promise I won't look. I just want to..."

"Sure, come on in, Aunt Jane." He didn't even allow her to finish her sentence. Relieved, Jane opened the door and hurried inside. Through the corner of her eye she could see the bathtub and see Zach sitting in it with water at least a foot deep.

She hurried over to the stool and sat down, taking care to avoid looking directly at him.

"It's all right," he said, an amused tone to his voice. "You can look. I'm all covered up with water."

Jane smiled and looked into his smooth-skinned face, then she blushed as the sound of her urine splashing down filled the room.

"I'm sorry, Honey, I couldn't wait."

"That's all right. I'm not bashful." He stared at her... right at where her legs were spread. Jane knew he couldn't see anything, but the fact that he was looking at her there made her blush deepen.

"I'm glad you came to take care of me while Mom and Dad are gone," Zach said, still staring at her mid-section as she sat on the stool.

"Thank you, Zach." She finished at last, and stood up, taking care to keep herself covered as she flushed. "And thanks for letting me in. I'm so embarrassed."

"It's okay." He reached out and took her hand as she started to leave. "Before you go... would you wash my back?"

Jane gave a little jerk. She could scarcely believe it. Most boys would be horribly embarrassed at being seen naked by a woman at this age. Zach seemed to almost want her to see him. Still, his request seemed innocent enough.

She nodded her agreement. He was grinning when he handed her the soap. He leaned forward, giving her access to his back. Jane took the soap and a wash cloth, and knelt down. She soaped up the cloth, then began moving it around over Zach's smooth back. Her fingers were trembling. She couldn't see anything, but just the thought that beneath the murky water the boy was naked excited her. She could scarcely believe he was allowing her to

run her hands over his naked skin. How easy it would be to... She stopped her thoughts short, determined to regain control of her senses once and for all.

She moved her handful of wash cloth all over the naked youth's back until he was scrubbed clean, then started to withdraw, when suddenly Zach was raising up out of the water.

"Here, let me stand up so you can do it better," he said, facing the wall and giving her a full view of his naked backside. She moaned softly. "Get me down here, too," Zach said, pointing back toward the portion of his back just above the crack of his buttocks.

Jane was all but sobbing with the emotions of despair and excitement. Here stood a fifteen-year-old boy, stark naked, right before her, and he was asking her to touch him. Her self-restraint was rapidly crumbling. Her fingers were trembling so hard she could scarcely control them. The soap went plunging down into the water at the boy's feet, and the washcloth followed.

She knelt down quickly, thrusting her hand in the water to locate them. Zach turned and stared down, watching her search. She located the soap and brought it out, glancing upward. She gasped. He was turned straight toward her and stood above her, his big boy-cock and balls thrusting out, completely soft.

"You don't need the wash cloth, anyway," he said. "You can just use your hands."

She nodded numbly. The whole world seemed to be spinning. She was in a near daze and could no longer control her excitement. Her nephew reached down and absentmindedly scratched at his cock, tugging his foreskin off his dickhead, then pushing it back over it again. Once again he turned his back to her so she could continue.

He had allowed her to see his cock and balls. Their image was engraved in her mind forever. His long, thick, sleek-skinned cock, thrusting out and down, its bulbous head covered by a layer of foreskin. His balls, hanging down, partially covered with curly brown hairs. Then he had touched himself, actually peeling back the foreskin from his cockhead briefly, then pushing it back into place. He was teasing her.

She shook her head desperately. No, it was all in her imagination. What he was doing was perfectly innocent. She knew her brother believed in family nudity, teaching all his kids that they must not be ashamed of their bodies. Zach was simply practicing what his father preached, and Jane could not object. She truly believed in the philosophy that one should never be ashamed of his own body.

She dipped her hands down into the water with the soap and worked up a lather, then brought her hands up to the small of Zach's back. She ran them around, staring down at his firm young buttocks. He looked just as his father had looked at that age. Lean, smooth-skinned, long-legged.

"Ah, yeah, that feels good," Zach said. "Go lower."

Her wet hands began roaming as her desire for this naked boy overcame her inhibitions. Her fingers began slowly stroking the backsides of his long legs. She ran her hands up and down, then her fingers moved once again to the boy's bare bottom. She slowly and gently lathered up the rounded cheeks of his ass, then worked her fingers right down into the crevice between them.

She ran her soapy fingers over the tight teenager's rectum facing her.

Zach trembled as her fingers moved lightly over the pink pucker of his asshole. Jane continued her exploration of the boy's ass crevice while her free hand pushed between his legs.

Zach trembled as her fingers moved in between his long lean limbs. He moved his legs apart, allowing her access. He wanted her to do it. He was shivering in anticipation.

Jane was trembling even more than the boy. She kept on pushing with her hand, thrusting it right in between his legs and toward the most intimate part of his body. Suddenly her soapy fingers were closing around his penis. She took

The boy gasped as her tongue lapped at the liquid oozing out of his pee-hole

hold of it, and felt his hard-on jerking against the palm of her hand. It was no longer soft. It was rock hard.

She continued to soap up the crevice of his ass as she slowly squeezed his stiff, throbbing penis.

"Ahhh, Aunt Jane! Oooohhh!"

She moaned softly, an excited moan. She wanted this boy too much to stop now. She wondered what her brother would think of her fondling his son's hard cock while he was gone.

Jane brought her face forward toward the boy's taut buns, and she kissed each one of them in turn as she fondled his penis. She put her tongue right at the small of his back where the crack of his ass began, and she licked him there while she soaped his ass-crack and squeezed his pulsating cock.

She trembled, her own excitement matching that of the naked boy standing before her. She rinsed off his behind, then licked downward, forcing her wet tongue down inside his butt crack.

Zach gasped and bucked his hips slowly,

fucking her tightly clenched fist with his burgeoning boy penis. He cooed with delight at the delicious sensations he was experiencing as his dick slid in and out of its own loose foreskin.

Jane worked her tongue down into the very center of the boy's ass and pushed it against the winking pinkness of his anus. Zach cooed with pleasure as she tongued him out, pushing with her tongue, forcing it right down into the hole of his ass. He sobbed with pleasure. Suddenly her soapy fingers around his pulsating cock were receiving a new wetness. His cock was oozing in her hand. His big boy dick throbbed alarmingly against her palm as its juices oozed out the slit in the end.

Jane turned the boy around and made him stand there, his legs spread wide, his big erection throbbing within inches of her face. She rinsed off his genitals, then cupped a hand around his balls at the root of his hard, hot stem. Her other hand grasped his prick firmly but gently. She pulled the foreskin down off his wet, oozing cockhead. Her mouth moved forward, opening, then it closed down over the whole upper part of Zach's throbbing, boyish tool.

Zach moaned excitedly. His eyes shined as he stared down at what his aunt was doing between his legs. Her hand was still wrapped around the lower half of his cock and around his teenage balls. She was pushing and pulling, sliding the loose skin of his dick up and down as her lips squeezed around the base of his cockhead.

The boy gasped as her tongue lapped at his cockhead, tasting the liquid that oozed out and gathered around his pee-hole. Her tongue licked around, then pressed up on the underside of his cock. She began sucking on the head of his dick while she squeezed it down below, then, at last, she removed her hand and slid her squeezing lips all the way down on his shaft, taking it all inside her mouth.

"Aaagghhh!" Zach moaned. His legs trembled as he watched her mouth take in every single inch of his slippery shaft. Her lips pressed right down atop his balls. She rolled her tongue around his dick, licking it all over as she held it inside her mouth. Her hands roamed down and caressed his naked legs, felt them trembling with excitement at what she was doing to him.

"Oooh, Aunt Jane! Mmmpphh!" Zach whimpered softly. His legs trembled. She was sucking on him full force. He closed his eyes and gave himself up to the beautiful sensations surging through every inch of his cock, then he opened his eyes wide and gasped.

"I'm gonna cum! Oh, fuck! Aagghhh!!!"

Zach's boycock erupted inside Jane's mouth. The slit at the end of his cock opened up, and a virtual torrent of thick, boyish sperm geysered forth. Huge globs splattered against Jane's tongue and throat. She sucked his cock, milking it with her hungry mouth. His penis pulsated with excitement as his semen surged up through its length and shot out his pee-hole.

"Uuunngghh! Ooohhhh!!! Oh, Aunt Jane!"

Jane swallowed her young nephew's offering of hot, creamy semen eagerly, not stopping until she had sucked the last drop from the flared opening of his magnificently young dick.

At last, when he moaned and pushed her head, trying to make her stop, she opened her mouth. She allowed his still oozing erection to slide from between her lips. It flopped up against his belly, still hard, and she licked it clean.

"Oh, wow, Aunt Jane... that was so great," Zach said, leaning back against the wall over the tub. He closed his eyes, completely exhausted.

Jane trembled with excitement as she stared at his young boyish body. She licked the last of his semen from her lips.

"Wow, it felt so good when I came in your mouth like that," Zach said as he looked down proudly at his stiff erection. "Look, Aunt Jane, I'm still hard!"

She nodded, staring at his lovely boycock. Reaching up, she ran her fingers over his throbbing stem. She felt its hardness, and it was as hot as ever to her touch.

He reached out and touched her cheek with his fingers, then bent forward and kissed her there as she continued to caress his throbbing boyhood tool.

"You suck my cock so good, Aunt Jane... Dad was right, you're the best at it!"

She couldn't hold back a smile. "Your father told you about me sucking his cock, did he?"

He nodded, grinning. "Dad said nobody's ever done it as good as you do. He was right!"

"I'm sure there isn't a kid in the world that doesn't like to have his cock sucked," she said. "So while I'm taking care of you until your Dad returns I'll make sure to take care of this big stiff guy as much as he wants it," she said as she kissed the tip of his prick.

"Oh, man! You're the greatest, Aunt Jane!" ★

Beth watches her son and daughter discover sex for the first time

(mf, inc, voy, 1st)

A few weeks ago my two kids discovered how good it feels to fuck... together, as brother and sister.

I know because I watched them.

The three of us were watching TV on a Saturday night, shortly before bedtime. My son Evan was wearing pajama tops and some white Jockey shorts. I normally would remind him to cover up a little more when he's around his younger sister or me, but I found myself secretly enjoying the sight of that teenage bulge at the front of his briefs. It was bigger than I had expected for a boy his age. His sister Kaylee wore a white tank top and small pink panties that seemed far too snug—it outlined her puffy mound with surprising detail. I wasn't surprised to see her brother trying to sneak a few glances at his sister's barely-covered crotch.

Eventually I told them that I was going to bed. "Make sure the lights are off, kids," I said, then left them.

Putting on a short gown to sleep in, I was almost ready to crawl into bed. I remembered I had left my phone on the kitchen counter and quietly left to go get it.

As I walked down the hall I could see light from my son's doorway, a thin strip of light laying across the floor. Curious, I tiptoed across the carpet and peeked in the crack.

I was surprised to see Kaylee in her brother's room. They were both sitting on Evan's bed.

"Do you like it when I wear these panties, Evan?" I heard my daughter whispering.

"Yes!" Evan replied. "You look so hot in them, Sis!"

Kaylee giggled. "Why didn't Mom yell at me, or get mad or something?"

There was silence for a moment, then Evan said to his sister, "You look so pretty in your panties, Kaylee."

Kaylee's soft giggle came to my ears. "I know you like them, Evan. I could see your cock really throbbing inside your underwear. I saw you get a wet spot, too."

"I like it when we show off our underwear to each other," Evan said, his voice a whisper, like hers.

"Hey, let's do the same thing we did last night!"

"Oh, yes!" Kaylee gurgled. "It feels so good when we do it!"

"Yeah, I know," Evan laughed.

"Sure is better than playing with ourselves, isn't it?"

"Much better," Ted replied.

Their voices were thicker and huskier as I listened. It was obvious to me that they were getting excited. The only sound coming from the room now was heavy breathing.

I managed to peek inside. Evan's light was bright, and I saw the children sitting up in bed, facing each other.

Evan's cock was standing from the side of his Jockey shorts, quite hard and throbbing. Kaylee was touching it gingerly with the tips of her fingers. Her cotton gown had been pulled to her waist and, as she sat with her legs wide, Evan was shyly exploring her hot little cunt-mound.

My breath caught in my throat. It was caught there, not because of shock, but because of the sudden spasms between my own thighs. The orgasm was not strong, but it felt very good just the same.

"Wow," Kaylee murmured. "You sure can get hard, Evan! Do you get hard like this very often?"

"Sometimes I think my cock stays hard, Kaylee," he replied with a hoarse voice.

"I know what you mean," I heard my daughter say. "My pussy has this tingle... well, more like an itch, I guess. It's always there, too. Even when I play with it and make myself cum, the itch is still there."

"My cock gets hard pretty quick after I jack off, too, so I know what you're talking about, Kaylee."

My lust began to boil crazily. My heart was thumping like a hammer inside my chest as I peered into the room. The sight of my son's

cock fascinated me, as did the sugary sweetness of Kaylee's tender, pink cunt. I had to struggle powerfully against the blinding urge to open the door and let them know I was there, let them know point-blank that I wanted to watch them play with each other. I wanted to run into Evan's room and tell them that my cunt, too, was always itching.

But I restrained myself, thinking that my sudden appearance might frighten them.

"You know what?" Kaylee said, her voice surprisingly low and throaty for her age. "We don't have to play with ourselves alone, Evan."

"What are you talking about, Kaylee?"

"We could be with each other," Kaylee said. "You know, I could do it for you, and you could do it for me."

"You'd really jerk me off?" he asked.

"If you'll make me cum, too," Kaylee said, her eyes hot, yet shy.

I noticed that Kaylee had her small hand wrapped about her brother's cock now and was moving it up and down slowly. Evan was not still, his hand was rubbing at his sister's cunt, his eyes bright.

"Let's do it!" Evan said, his voice thick.

"You make me cum, and I'll make you cum, Kaylee!"

"Oh, yes!"

I saw Kaylee's small fist move faster now, pumping eagerly on Evan's cock. Evan was poking his finger into his sister's cunt, and the moist sound of it penetrating came to my ears.

I started clutching my tit with a my hand as I peered at them. My pussy was very wet, and the insides of my thighs were slippery as the juices seeped from my cuntlips.

"I like this, Evan," Kaylee said. "I'm gonna beat you off! I'm gonna jack your cock off!"

The excitement in my daughter's voice sent shivers of ecstasy up and down my spine. I knew what both Evan and Kaylee were feeling, and I wanted to share it with them. I wanted to let them know that I, too, was as hot as they were,

that my cunt throbbed and tingled with almost constant need.

"You keep that up and you'll make me cum for sure," Evan grunted. "Your hand feels a lot better on my cock than mine does, Kaylee."

"I know!" Kaylee squealed. "It feels better with you rubbing my cunt, too. Rub it a little harder, Evan! I like it when your fingers press harder into me."

"You gotta hold my cock tighter, too," Evan instructed.

I was gasping with delight as I watched them. Still clutching my swollen tit, I was now rubbing at my cunt, pressing the thin nylon of my gown against it as I rubbed.

The sound of my son's grunt caused me to look down at his cock. Thick, white cum juice suddenly spurted from his prickhead.

"Ooooooh, look at that!" Kaylee squealed, pumping her fist fast and hard. "I'm making you cum!"

"Yeah!" Evan grunted.

Creamy jism squirted from his cock, splashing onto his sister's thigh, her gown and just beneath her belly button. His finger rammed rapidly into his sister's cunt.

"Now me!" Kaylee yelled, her face and eyes dreamy. "I'm cumming, too!" Her small hand kept jerking and Evan's cock kept spurting. Kaylee's little ass twisted and squirmed in ecstasy. "Ooooooh, it feels so good, Evan!"

The sight of my son's cum juice smearing Kaylee's creamy thigh and stomach caused me to climax, too. I felt an almost uncontrollable urge to run in there and lick it all up, taste Evan's jism and the fresh sweetness of Kaylee's skin at the same time. But I knew that if I entered the room, knew that if I started licking up that wet

sweetness, I would not stop there. I would be unable to stop, and would thrust my tongue up Kaylee's tight little cunt, fuck her with it, then suck Evan's cock off. I would not only do that, but I would stuff his prick into her cunt and fuck him silly, eating my daughter at the same time.

I had to content herself with watching, for the time being.

Kaylee ran her hand through the cum juice on her thigh, smearing it around her flesh, then along her stomach. She was grinning with a lewd, impish expression on her lovely young face. Evan watched her, then slipped his finger out of her clinging cunt to help his sister smear jism over her legs and stomach. They both began to laugh when they finished.

"It feels so good on me," Kaylee said. "Warm and slippery. I sure did cum, Evan. I came better than when I use my own fingers. Was it better for you, too?"

"You can jack me off all the time from now on," Evan said, his voice thick and slightly awed at the intensity of their ecstasy. "Anytime you want, you can jack me off, Kaylee."

"Will you finger-fuck me, too?"

"Of course," he agreed quickly. "You sure have a tight cunt, Kaylee. Did you know you're really hot and wet in there?"

"Silly," Kaylee laughed. "I play with it all the time. Sure I know I'm hot and wet in my pussy."

The words I was listening to and what I had seen created a storm of desire inside my mind and body. I wanted to watch them fucking now, but there was no way for me to let them know... not at this moment, anyway.

But then it seemed as if my son and daughter knew I was outside the door, watching, as if they could read my mind.

"Sleep with me tonight," Evan said.

"But Mother might catch us," Kaylee said.

"We'll wake up before she does," Evan urged. "I want to feel you against me, Kaylee."

Kaylee nodded eagerly. "I'll take my gown off."

She stripped her gown from her body quickly, and the sight of her succulent, small tits caused Evan's cock to lurch into hardness again. I was breathing swiftly once more as I saw his prick lift up, thickening, growing longer. I was excited to see Kaylee's lovely body naked. It caused a deep, burning pulsation in my own cunt, and I could hardly stand it. When Evan peeled his Jockey shorts off and tossed them to the floor, I almost came again. His cock stood out, straight and hard, and those precious young balls of his swung heavily between his thighs.

Kaylee was staring at her brother's hard-on, her young eyes sizzling with heat again. "We gotta do something about your cock, Evan," she said. "We can't leave it all hard that way for the night."

"Wanna jack me off again?" Evan asked eagerly.

He was on his knees on the bed, his cock straining outward. Kaylee was also on her knees, hers slightly parted. Her golden pussy-mound could be seen by both Evan and I, gleaming in a moist way. The few hairs on Kaylee's cunt were so thin, they might as well have been missing completely. Her succulent, puffy pussylips were well defined, and the bare tip of her clit seemed to poke from the wet folds.

Kaylee took her brother's cock in her fist again but, instead of jerking on it, she pulled it toward her pussy. There was a wild kind of gleam in Kaylee's eyes. I saw my daughter's naked body shiver. "You touch me with your cock," Beth heard her whisper. "Touch my cunt with your prick, Evan."

As soon as she had pulled the head of his cock to her cunt, Kaylee released it and held her brother's hips. Evan, gripping his cock, began to rub his smooth prickhead up and down, arching forward.

Kaylee's head lifted, her eyes closed, a dreamy expression of pleasure on her pretty face as she shoved her cunt forward.

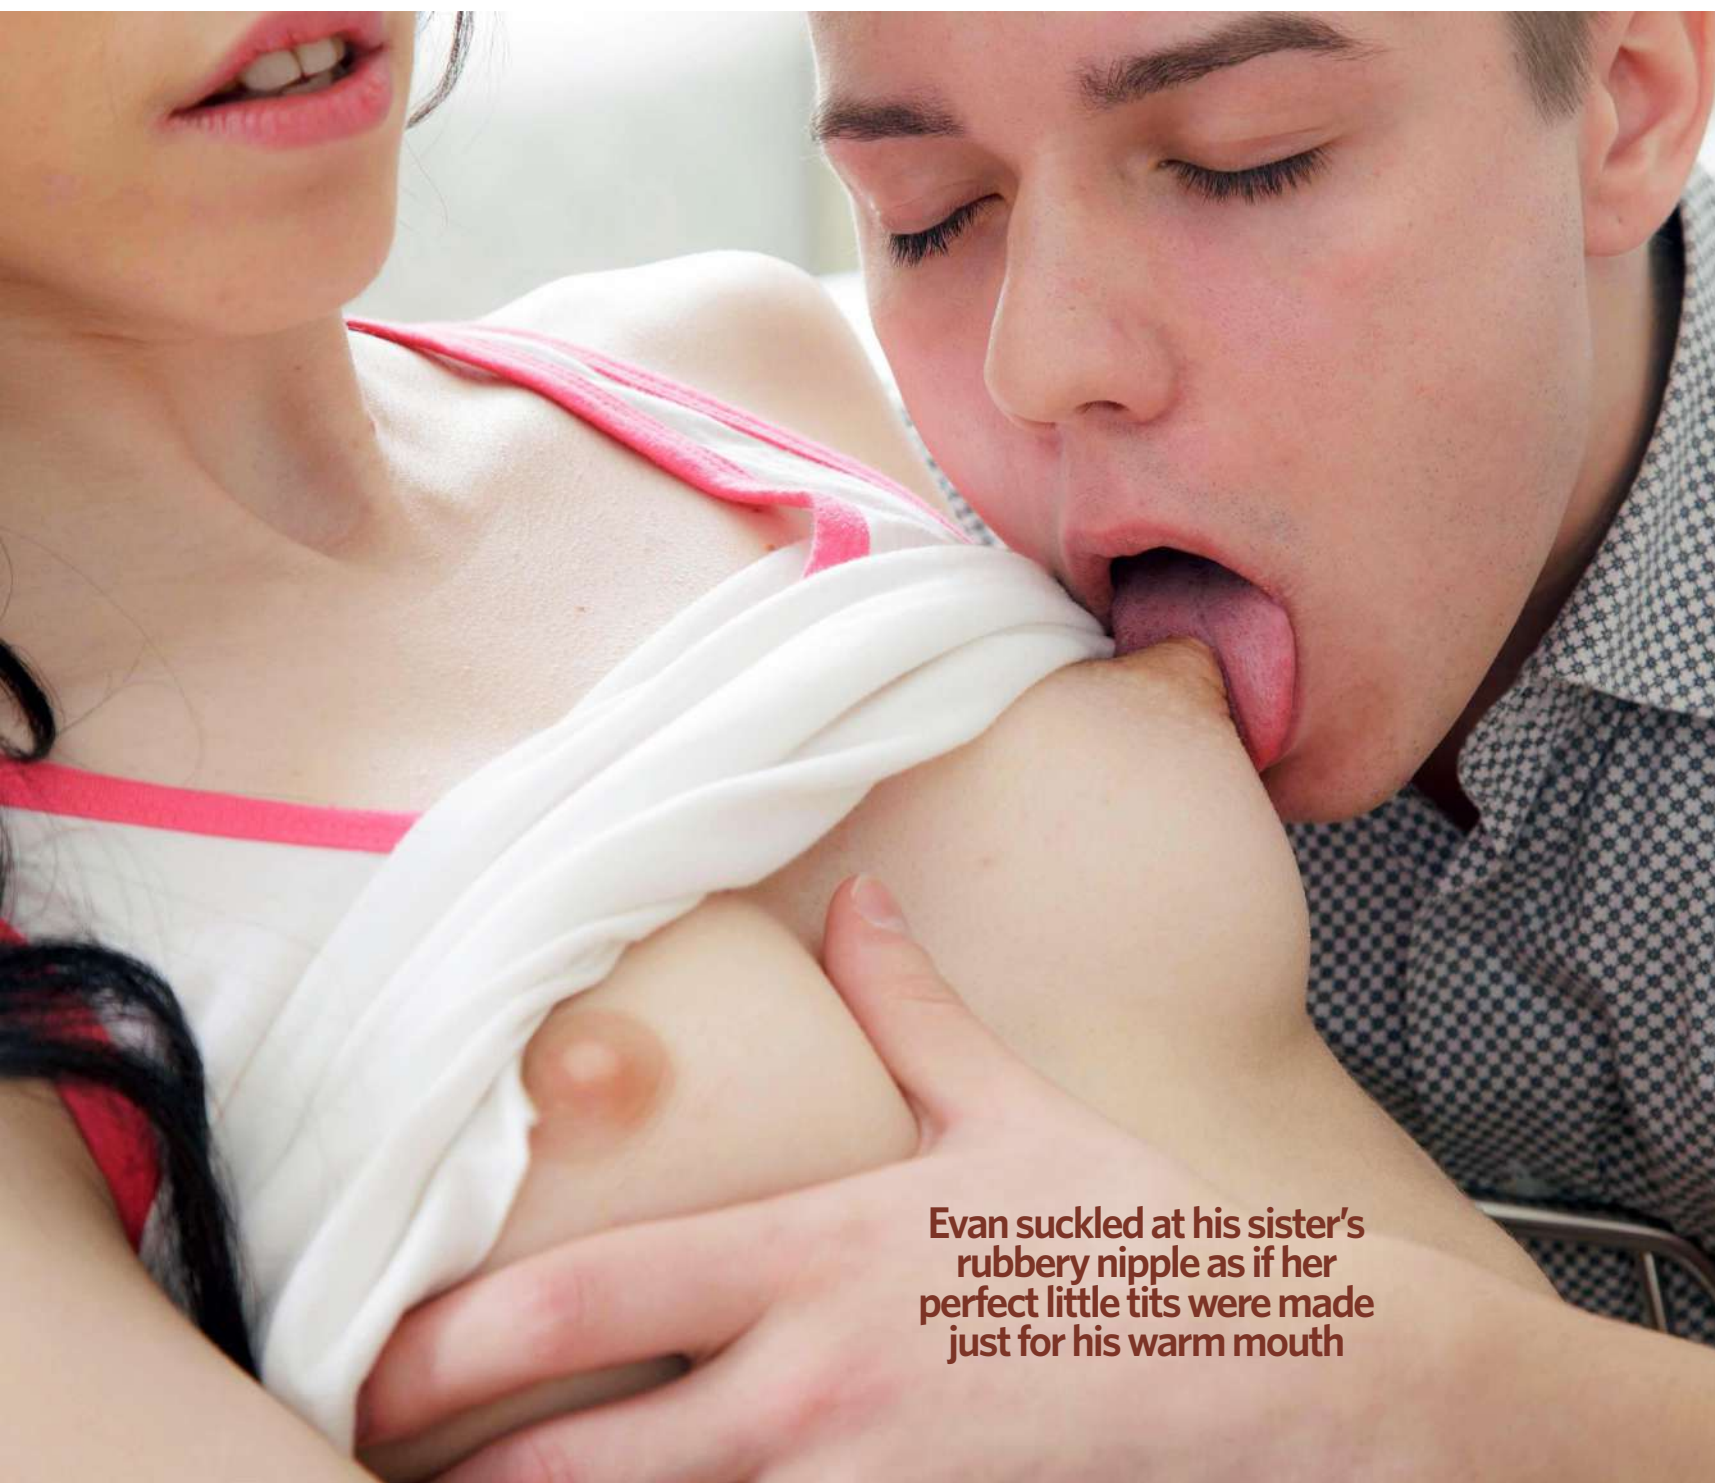

"Ooooooh, yes, that's it, Evan. Rub my pussy with your cock! Oh, yes, I bet I could cum this way!"

I could see it very well, see my son smearing the head of his swollen cock against Kaylee's puffy, sweetly wet pussylips. He pressed it against his sister's distended clit, making her moan with delight.

"I wanna lay down," Kaylee moaned. "You can rub my cunt better, Evan. I wanna feel your cock rubbing all over my pussy."

As I watched, Kaylee leaned back, her feet under her small ass, knees spread wide.

The expanse of her mouth-watering cunt was fully exposed. I licked my lips, not fighting to keep the thoughts out of my mind. Eating that

Evan suckled at his sister's rubbery nipple as if her perfect little tits were made just for his warm mouth

sweet, sugary pussy would be a pleasure, a true delight, I thought.

Evan, on his knees, leaned forward and dragged his cock up and down the hot slit of his sister's cunt. Kaylee mewled and whined softly, her hips shaking. She had her hands flat on the bed, her fingers clawing the sheets.

"Ooooooh!" Kaylee hissed suddenly.

My eyes widened.

Evan seemed surprised.

"You're in me!" Kaylee squealed. "Evan, you put your cock in my cunt!"

But when he started to pull it out, Kaylee protested. "No, leave it in! Oh, that feels better than fingers, Evan! Are you gonna fuck me?"

"You want me to, Kaylee?" Evan asked, his voice almost pleading.

"Yes!" Kaylee hissed. "Ohhhh, yes, I want you to fuck me, Evan! Oh, fuck me!"

In my mind I was urging my son to shove his cock into Kaylee's tight, boiling pussy. I was straining my eyes to watch him penetrate. I could see he had his prickhead inside those beautiful, tight pussylips, and then I sucked in a breath of excitement as my son began to press the thick shaft of his cock into his sister's clinging cunt.

The deeper Evan went with his prick, the more sobs and sighs Kaylee made. I was not in the least surprised that Kaylee was not a virgin. If the girl had been fingering her sweet pussy as long as I suspected, her virginity had been disposed of long ago.

"Ohhhh, good!" Kaylee whimpered as her brother shoved the full length of his cock up her cunt. "Wow, it feels like your prick is a telephone pole, Evan! Wow, it feels so good! Come on, you gotta fuck me now!"

"You're really tight, Kaylee," Evan grunted. "If you're sure you like it and want me to fuck you, I will. I gotta cum, too!"

I had my hand beneath the hem of my gown, fingering my hairy cunt frantically as I watched my two horny kids. Seeing my son's cock sliding into my daughter's pussy sent me into tight ripples of ecstasy. When I watched my son begin to lift and lower his smooth, naked ass, driving his cock in and out of Kaylee's cunt, my own pussy muscles closed about my fingers, squeezing around them as I began to cum. My orgasm came in waves of hot, liquid sweetness.

The grunts and sobs coming from my son and daughter were music to my ears, their fucking a horizontal ballet of erotic ecstasy.

I watched as Evan's naked ass bounced between his sister's thighs. Kaylee had now stretched her legs out on the bed, holding her hot slender thighs against her brother's. She was clasping him about his waist as she tossed her hips up and down, fucking back at him in a frantic manner, twisting and churning her tight little ass.

"Ooooooh, so good, Evan!" Kaylee was moaning in a tight voice. "Wow, it feels so good! Your cock is so big and long, and it goes so deep inside my cunt! I love this, Evan! Ohhhh, I love

He dragged his cock up and down the hot slit of his sister's cunt

to fuck! I think I'm gonna cum!"

I watched Evan's cock plunging harder and faster into Kaylee's pussy. She was almost out of her mind with delight. She was tossing her head about, her hair flying, her expression almost that of intense pain. She banged her ass up and down in a frenzy of ecstasy, fucking her brother's cock with her hairless little pussy.

A loud squeal bubbled from Kaylee and her body seemed to convulse, shuddering from her head to her toes as she came. The squeals kept erupting as she began to grind hard against Evan's thrusting cock. A groan came from Evan, and his naked body went stiff, his hips plunging forward.

If Kaylee felt her brother squirting jism

into her cunt, she gave no indication of it. She continued to slam her pussy up and down in a furious manner.

With my fingers shoved far up inside my cunt, I was about to fall from weakness. I had been coming in hot waves of orgasm for what seemed like eternity.

As my son's and daughter's bodies relaxed, they cuddled gently like two young lovers.

"You made me feel so good, Evan."

"Me too, Sis. Your pussy feels so good around my cock. I've never felt anything like it."

Kaylee smiled into her brother's eyes as she kissed him softly on the lips.

"I love you, Evan."

"I love you too, Kaylee." ★

The Family Tradition

Interview by Ben Ante

Since I became pregnant, Mom and Dad have gotten me practically an entire library of baby books

And I've read them all! This is my first baby and I want to be a good mother, just like Mom! She's a role model to me

This is my twin brother Michael. He wants to be a good father, just like our Dad

A close-up photograph of a pregnant woman's bare belly. A man's hand is visible, with fingers gently touching the skin. The woman is wearing a white garment with a colorful heart pattern. A grey waistband with the text 'X-Road' is visible on the left side of the frame.

Michael is already a good
lover... just like our Dad.

When I became pregnant,
I knew it was Michael's.
I hadn't been with any
other boy for a year

We haven't been able
to keep our hands
off each other since

We knew we had
to tell Mom and
Dad at some point

A young man with dark hair and a tattoo on his left shoulder is kissing a pregnant woman on the cheek. The woman has long brown hair and is wearing a ring on her finger. They are both unclothed. The man is wearing white underwear with a grey waistband that has "X-Road" written on it. The woman is sitting on a chair with a colorful patterned seat. In the background, there is a painting of a sun and a green landscape.

We were too much
in love to hide it

A photograph of a pregnant woman with long brown hair, looking down at her belly. A young man with short dark hair is leaning in from the left, looking at the same spot on her belly. The woman is wearing a ring on her finger and has her hand resting on her abdomen. The man has a tattoo on his neck and a small earring. They are in a room with a white wall and a painting of a sun and clouds in the background. The woman is wearing a white towel with a colorful pattern that includes the word 'love'.

We wanted to keep the baby, even though we were both a little scared

But when we told Mom and Dad,
they weren't scared at all.
They took it very well!

Mom and Dad told us that they are
just like us... **brother and sister!**

And Michael and I grew up fine and
healthy. This news made me very happy...

...and unbelievably
horny!

It gets me so wet knowing that my family is so incestuous. Incest really is the most complete love I can imagine

I'm nearing the end of my second trimester and I get so turned on I can barely handle it

I sleep with my brother... he likes to wake me up every day with his dick

When Michael is at school
Mom helps me out with
my mid-day urges

And in the evening before
dinner, Daddy fucks me

They showed us the
proper sexual positions
for when someone
is pregnant. You
can't get better sex
education than from
your own parents!

Sister and brother becoming
mother and father...

Michael and I are so happy
to follow in our parent's
footsteps and continue
the family tradition

Maybe one day I'll let Dad
cum inside me, but not
before Michael and I give
our daughter Emily a little
brother of her own! ★

Incest Confessions

Carol watches her sister as she sucks her nephew for the first time

(Fm, inc, oral, voy)

I stared, breathless.

If either my sister or my nephew looked up, they would have seen me standing there. I was not concealed, but standing on suddenly shaking legs in the open doorway.

Bobby was sprawled out on his back, his pants and shorts at his knees, his t-shirt up around his chin. His cock strained up into the air, very hard with a smoothly swollen head. Julie was kneeling between Bobby's legs, running her hands up and down his thighs, her eyes glazed in desire as she watched Bobby's cock jerking.

I found it difficult to believe I was actually seeing this, yet I couldn't deny it. I knew it would be best to turn and leave them but I was frozen in the doorway.

Feeling a throb starting between my thighs, I reached out to support myself with one hand on the doorjamb.

Julie gazed at Bobby's cock with fiery eyes, making soft sounds of pleasure as she stroked her palms up and down his thighs, her fingers coming very close to his young balls. I didn't feel shock—I felt a strange excitement. Seeing my nephew on his back with his cock standing straight up while Julie leaned over it caused a deep, searing pulsation to start between the lips of my wet cunt. My clitoris felt as if it were going to throb into orgasm and my tits felt much too swollen to fit inside my bra, my nipples pressing hard at the cups.

"Your cock is so hard, Bobby," I heard Julie purring in a throaty voice. "I love it when your cock gets so hard, baby."

"Are you going to jack me off again, Mom?" Bobby asked, wiggling his hips eagerly.

Hearing the exchange, I realized this wasn't the first time my sister had done this with Bobby. I felt slightly guilty, as if I was spying, but still I didn't leave.

I watched Julie slide a hand up the inside of Bobby's thigh and touch his bails with the tips of her fingers. I heard the hiss my sister made and saw the quick flare of hunger in her eyes. I held

my breath as I saw my sister wrap her fingers about Bobby's cock, squeezing it hard enough to make the smooth head bulge.

"Not this time, baby," Julie whispered huskily as she slowly pumped her fist up and down. "I'm not going to jack you off this time."

"But, Mom," Bobby complained, "it feels better when you do it for me."

"I know it does," Julie replied, pumping a bit faster, watching her son's cock flare, beads of moisture forming on his piss hole. "I know it feels very good when I jack you off. But remember my promise to you?"

I stared at my nephew's cock, trying to remain silent. I was watching and listening, my cunt on fire, the crotch of my panties drenched with the seeping juices of my cunt. My tits felt ready to burst from my confining bra as I heard Julie talking to her son and heard his replies.

Bobby nodded his head, his eyes expressing pleasure. "I remember, Mom," I heard him say. "Are you gonna do that to me now?" Julie pulled upward on her son's cock, grinning at his eager face, nodding her head.

"I'd love to now, honey."

"Ohh, yeah, Mom!" Bobby groaned, lifting his hips, pressing his hard-on into his mother's fist.

Julie giggled, a childish, naughty sound that I remembered from many years ago. Julie had always been a little naughty. It was Julie who had always been the more adventurous of us two. It was Julie who never hesitated to lift her skirt, drop her panties, and take a pee whenever and wherever she was. It was Julie who had experienced a hard cock in her cunt first and then assisted me in taking a hard cock into my own cunt that first time so many years ago.

It was Julie who had married young and had told me the things she and her husband did in bed. It was Julie who always pried into my sex life, wanting to know all the juicy details. I had been the bashful sister, yet I had always followed Julie's lead.

I should not have been surprised at seeing my sister stroking Bobby's cock. I wasn't really, I was excited. If any mother would jack her son off, it would be Julie.

For a moment I thought of my own son, Alex. He was only a few months older than Bobby. Our two boys were not just cousins, but the closest of friends. We lived only a block away. Julie and I visited each other almost daily and Alex and Bobby were constantly playing together.

I leaned against the doorjamb, my knees weak as my legs shook while she watched as Julie cupped Bobby's young balls, tugging at them gently, her other hand moving up and down his hard cock. When I saw Julie lean over and dart the tip of her tongue out, I almost gasped aloud. I saw Julie flick the tip of her tongue across her son's cock, licking at the smooth young head. Bobby groaned as he stared down at his mother's face, his expression pure pleasure.

Julie gazed up at her son as she swirled her tongue about the head of his cock, her ass lifting. She was fully dressed, wearing a white blouse and skirt, nylons and heels. I knew Julie seldom wore panty hose, preferring nylons with a garter belt to hold them up. I wondered if Julie had panties on because she knew sometimes Julie went naked under her skirt.

"Put it in your mouth, Mom," Bobby groaned. "You promised, Mom! You promised you'd put my cock in your mouth!"

"Mmmmm, I know," Julie cooed softly, her lips lightly kissing the head of her son's cock. "And I always keep my promises, don't I?"

"You just gotta keep this promise," Bobby gasped.

"I will," Julie gurgled, swirling her long tongue about the head of his cock. "I will, honey, but let me do it my way. Don't be so eager. Just relax and enjoy it."

My cunt felt so hot and wet between my thighs now and my panties were soaked. But I was afraid to move, almost afraid to breathe. I didn't want Julie or Bobby to hear me, afraid that

if they did they would stop. I wanted to watch this, wanted to watch my sister suck Bobby's cock. I didn't understand why, but I wanted to watch it all very much.

Julie held Bobby's cock at the base, swirling her tongue up and down the shaft, from his balls to the swollen head. She lapped at the seeping juices of his piss hole. I could hear the soft gurgles my sister made and the groaning pleasure of my nephew.

Julie slipped her wet lips over the head of her son's cock, her eyes still twinkling up at his young face. Bobby groaned as the wet heat of his mother's mouth scalded the tight flesh of his cock. Julie slipped her hands up and down her son's hips and thighs, sliding her lips down on the throbbing hardness.

I watched hotly as my sister's lips pressed into the base and saw for the first time that Bobby had only a few hairs there. Julie had her son's cock buried all the way inside her mouth. I then saw my sister bring a hand up between Bobby's thighs and lift his young balls to her chin, rubbing them there as she twisted her lips about the base of his cock.

Julie made moaning sounds deep in her throat as she sucked hard on her son's prick. My cunt twitched, the lips swollen almost painfully, my clitoris bulging at the wetness of my panties. I couldn't remember my clitoris ever being so hard or the wetness of my cunt so intense.

"Ooooooh, Mom!" Bobby groaned.

Julie was sucking up and down on his cock now, making wet sounds. I stared at the way my sister's lips stretched so tightly around that hardness, sucking up until it almost came out of her mouth, then diving down again, swallowing it completely. I noticed Julie had thrust her ass into the air now, waving it from side to side, and I heard the whimpers of joy coming from her, too.

Julie lifted her mouth, kissed the head of her son's cock, and asked in a husky voice. "Do you like it?"

"Oh, Mom, it sure feels better than being jacked off!" Bobby grunted.

"Mmm, I know," Julie agreed. "I'd rather suck it off than jack it off, too."

"What if I have to cum, Mom?"

"Oh, yes!" Julie gurgled. "Cum all you want to, baby."

"In your mouth?" Bobby asked, his eyes wide. "It's okay if I cum in your mouth, Mom?"

"Bobby," Julie said in her throaty voice, pulling at his young balls, "I wouldn't suck your cock if I didn't want you to cum into my mouth."

"I can cum in your mouth?"

"You damn well better!" Julie giggled.

My mind was reeling. It was the most erotic thing I had ever experienced! The very fact that it was a mother getting ready to eat her son's cum was exciting enough, but it was even more thrilling because it was my sister and nephew.

Julie twisted her wet, long tongue about her son's cock again, whimpering softly as she tasted

it. Her eyes flashed and with a hungry growl she sucked her son's cock deeply into her mouth once more.

I watched with boiling, misty eyes as my sister ran her lips up and down Bobby's hard cock swiftly, from the very base to the swollen head. I saw my nephew twisting his naked ass on the bed, staring at his mother's mouth.

I also saw Julie's uplifted ass trembling with cock-sucking pleasure and listened to her wet sounds of ecstasy.

Bobby was trying hard not to move, fascinated by watching his mother bob her lovely face up and down, her lips burning his cock, her tongue licking.

Again Julie lifted her mouth.

"You don't have to be still, honey," she said in a whispery voice. "You can move all you want."

With a grunt, Bobby arched his ass up and

I saw the head of his cock stab between his mother's lips. Julie gave a soft cry of pleasure and let her son fuck her mouth for a while. Then Julie began to ram her mouth down as her son came up.

My legs were weakening as she watched. It was intensely fascinating to see Bobby fucking Julie in her mouth. The sounds coming from Julie sent shivers of feverish pleasure through my body, making my cunt burn with a fierce hunger. I licked my lips, almost feeling Bobby's cock in my mouth, too.

Although I had sucked cock before, I had never seen anyone else do it. Watching my sister with her mouth filled by a hard cock was exciting me more than I would have suspected. Bobby, as young as he was, didn't have a large cock, and it looked to me as if it would be very easy to take his prick completely into her throat.

I was hardly aware that I was swallowing time and time again.

My cunt was burning against the wet crotch of my panties and I felt like I might cum as I watched them. The cheeks of my ass bunched up and then relaxed, only to bunch up again. I squeezed my thighs together and the pressure on my puffy cunt was almost too much for me to stand.

“Suck hard, Mom!” Bobby grunted, ramming his cock up into his mother’s mouth. “Suck my cock real hard! Shit, this is so good, Mom! Your mouth is wet and hot and... Oh, suck it, suck it, Mom!”

Julie was devouring her son’s cock hungrily, her lips sliding up and down wetly. Although Julie’s eyes were open, they rolled about and had a glazed look in them. I had seen that look on my sister’s face many times before, usually in the back seat of a car with a boy’s hand up her skirt. It meant she was about to cum. Julie was hunching her hips now, moving as if she had a cock up her cunt, fucking it while sucking on Bobby’s cock.

“Mom!” Bobby groaned, his half-naked body shaking. “I don’t think I can hold back! It feels like I’m going to cum, Mom!”

With a muffled squeal, Julie began to suck faster yet at his cock. She went up and down frantically, twisting her head from side to side as her lips squeezed the hardness. She moaned deep in her throat and I watched my sister struggling to bring the hot cum juice out of Bobby’s balls.

With a groan, Bobby came.

I knew he was cumming because I saw his balls draw up tight, then watched them pulsate. I heard the wet swallowing sounds Julie made and saw her throat working. Bobby moaned and twisted about as his cock flooded his mother’s mouth. Julie had shoved her hands behind her son’s ass, her fingers clutching his tight cheeks, lifting him up, drawing his gushing cock deeply into her mouth. Her eyes were closed now as her face took on the expression of a woman experiencing the utmost ecstasy.

As Bobby finished squirting into his mother’s mouth, I finally began to move. I slipped away silently, leaving the house out the front door.

I was still in a sexually-charged haze as I walked to my house at the end of the block.

What I had just seen caused me to think about Alex. If Bobby was getting sucked off then Alex was certainly old enough, too. Why should my son go without feeling his hard cock cumming inside his mommy’s sucking mouth?

All young boys his age need their tight little balls emptied as much as possible. And isn’t the best person to help relieve his pent-up sexual tension his own loving mother? Bobby seemed to think so, he couldn’t wait to cum inside his mom’s hungry mouth. And Julie seemed to love sucking it down...

“Oh, Alex!” I moaned. “Get ready for Mommy to suck you dry!” ★

Daniel's Favorite Aunt

Hello, Aunt Kate.”
Kate stared at him as he stood in her doorway. Was this really her nephew? He looked older than sixteen.

“Blake? My God! Have you ever grown!”

He laughed. “You’re just like I remembered you. Really beautiful... and an amazing body!”

“Well don’t just stand there, kiss me!”

Her arms tightened around his neck as he slipped his hands around her waist and put his mouth onto hers. Kate found to her delight that this nephew of hers went in for French kissing, as his tongue darted into her mouth in search of hers. Her tongue and his found each other and

their kissing grew hotter and hotter. His hand moved down onto her ass.

“Ooohh...” she moaned against his mouth.

She felt his cock inside his trousers stiffen, pressing against her pussy mound. Kate rubbed against it to see if he got the message. He did and pressed it more firmly against her. His hand tightened on her ass.

“Uuummm... Now I know you’re grown up,” she whispered, letting her lips brush against his.

“Jesus, Aunt Kate,” he said, breathing heavily. “You’re luscious!”

“You’re quite a surprise to me, too. I didn’t expect your kiss to turn me on like this.”

“I didn’t expect that seeing my aunt would affect me this way either.” He gave her pubic mound a sharp nudge with his hard-on to emphasize his words. “I just didn’t expect that.”

“It’s been four years since the last time you kissed me. You have a lot of catching up to do.”

He grinned happily. “I can hardly wait.”

“Come on in,” she closed the door behind him and took him into the living room to rest on the couch.

“You have such a beautiful home,” said Blake.

“Thank you. I’ll enjoy it even more now that I can share it with someone.”

“Man, you still look so young.”

“Me? Young?”

“Sure. Even Mom is only thirty-six, and you’re ten years younger than her. So that makes you twenty-six.”

“My, you do keep track of people, don’t you?”

“You, I do,” he said, raking his eyes down her chest. “You were only twenty-two, and I was twelve when I had a real case of the hots for you.”

Kate laughed. “You did?”

“I still do.”

She glanced at his crotch and observed the bulge there that poked his trousers up like a tent. Impulsively she put her hand on it.

“Ummm... I believe you. That feels like a good size. You must be well equipped.”

“I think I am. It’s big enough to get the job done.”

“If your mother knew we were talking like this,” Kate said, “she’d make me send you back home.”

“No she wouldn’t,” said Blake grinning. “She probably expects that we’ll talk like this.”

“Oh...”

“Mom and I talk like this all the time.”

“You do?”

“Sure. Our conversation gets really hot and sexy sometimes. Mom likes it. But she makes me cool it when Dad is around,” said Blake.

Kate felt her panties getting wet. Then he took her in his arms and held her close.

“If I have to make up for the four years I haven’t kissed you, I’d better get started,” he told her.

Before she could say anything more, he gently pulled her top down and released her amazing breasts.

“You’ve sure got great tits, Aunt Kate,” he told her. “I’d like to bury my face in them and stay there all day long.”

“Well, go ahead, honey,” said Kate, pleased with his words. “We aren’t pressed for time.”

“Your tits are perfect,” he said, “just like Mom’s. So nice and firm.” He brought his hands up to them and caressed them tenderly. His fingers teased the erect nipples while the weight of her tits rested on his palms.

She glanced down at the bulge in his pants and gave a little squeal of delight.

Kate leaned back with her eyes closed as she murmured quietly to him, “Oh, Blake darling, that feels so good. Oh, sweetheart, I love to have my tits looked after this way. Ooohhh!”

Blake lowered his head and kissed her neck just under her chin. Then his tongue licked its way down to the top of her cleavage between the full round soft mounds he held in his hands. Turning his head he rubbed his cheek softly over the warm smooth flesh. As he moved his face over one breast, her nipple slipped into his mouth and he sucked on it lustfully.

“Oh, Blake! Yes... suck it!”

Thus encouraged, he sucked even harder, nipping the tit-flesh lightly with his teeth and taking a good portion of it into his mouth.

The tip of his tongue licked around the

bulging aureole, then onto the nipple itself. He pushed on it with his tongue, pressing it into the pillow of soft tit, then letting it thrust back out.

“God, Blake, you’re a true artist, the way you play with them,” Kate said with a happy sigh.

While his mouth sucked on one tit, his hands held and fondled the other one. His other hand moved up and down over her exposed body, his fingers skimming the smooth flesh lightly. And while he was doing that, Kate massaged the firm muscles in his neck and shoulders.

While he continued with his vigorous tit-sucking, Blake grasped Kate’s panties and began

pulling them to the side.

He watched her succulent pussy come into view. Blake felt a wild urge to bury his face in there.

Kate looked at him with adoration in her eyes. Her hand snaked its way down to his now fully stiffened cock. She just couldn’t keep her fingers off it.

She was thrilled with the heat and power of that prick she held in her hand. Their mouths came together again, this time with even more hunger. Blake’s hand felt over her belly and thighs.

Her nephew kissed his way down over her body again. Taking his time, he sucked on both her tits until Kate was so hot and excited her ass was writhing and squirming on the couch. When it was obvious she was ready to be kissed further down, her sixteen-year-old lover moved off in that direction.

Rubbing his lips and nose in the triangle of her precious muff, he got his first whiff on her delicate female scent. The faint exciting fragrance of a woman in heat made him eager, and it was all he could do to control his approach to her cunt, to move onto it slowly and provocatively.

“Oh Jesus, Blake!”

Kate’s hips were squirming and writhing lasciviously. She spread her thighs to encourage him to get his head down where she wanted it. Blake got onto his knees on the carpeted floor and placed his body between her legs. Kate lost no time in sliding her ass up to the edge of the seat cushion, laying her pussy right out there before him. Her nephew lowered his face to the growth of soft hair already wet with the moisture that seeped from her excited cunt.

Inhaling deeply of her delicious scent that rose from her pussy was intoxicating to him. It filled him with sexual longing as his tongue explored her crotch. Licking his way up and down the puffy lips of her slit, he had Kate on the verge of screaming. When his tongue stopped at her cunt-hole and thrust its way in, she shrieked and pressed her hands to the back of his head. Her fingers combed through his brown hair and she gripped it tight, each time she felt something that was really intense. Giving him better access

by lifting her knees, she rubbed his face firmly into her hot, moist twat.

“Oh lick me, honey,” she moaned. “Oh God, eat meee!”

Lapping her cunt with long exciting swipes of his tongue, Blake gave Kate a going-over the like of which she’d never had before. This time she did scream.

He followed the contours within her juicy gash. His tongue licked and teased the inner lips up to Kate’s throbbing clitty. When his tongue hit

that, she went wild. He moved back down along the wet tender walls to the entrance where he would soon have his cock. He thrust his tongue in as far as he could and savored the pleasant flavor of her fresh pussy secretions.

Kate's trembling thighs held his head in place as she felt her orgasm stirring deep in her crotch.

"Oh God, sweetheart! I'm ready to cum!"

Blake responded to that news with an even greater effort to please her. Kate thought that if

he pleased her any more than this, she wouldn't be able to stand it.

Tremors shook her body as her nephew tormented her clit with the tip of his tongue. Kate's voice rose to a crescendo of shrieks and gasps as her orgasm became more intense. Blake reached up and grabbed her tits, one in each hand, and he continued to lick over her clit.

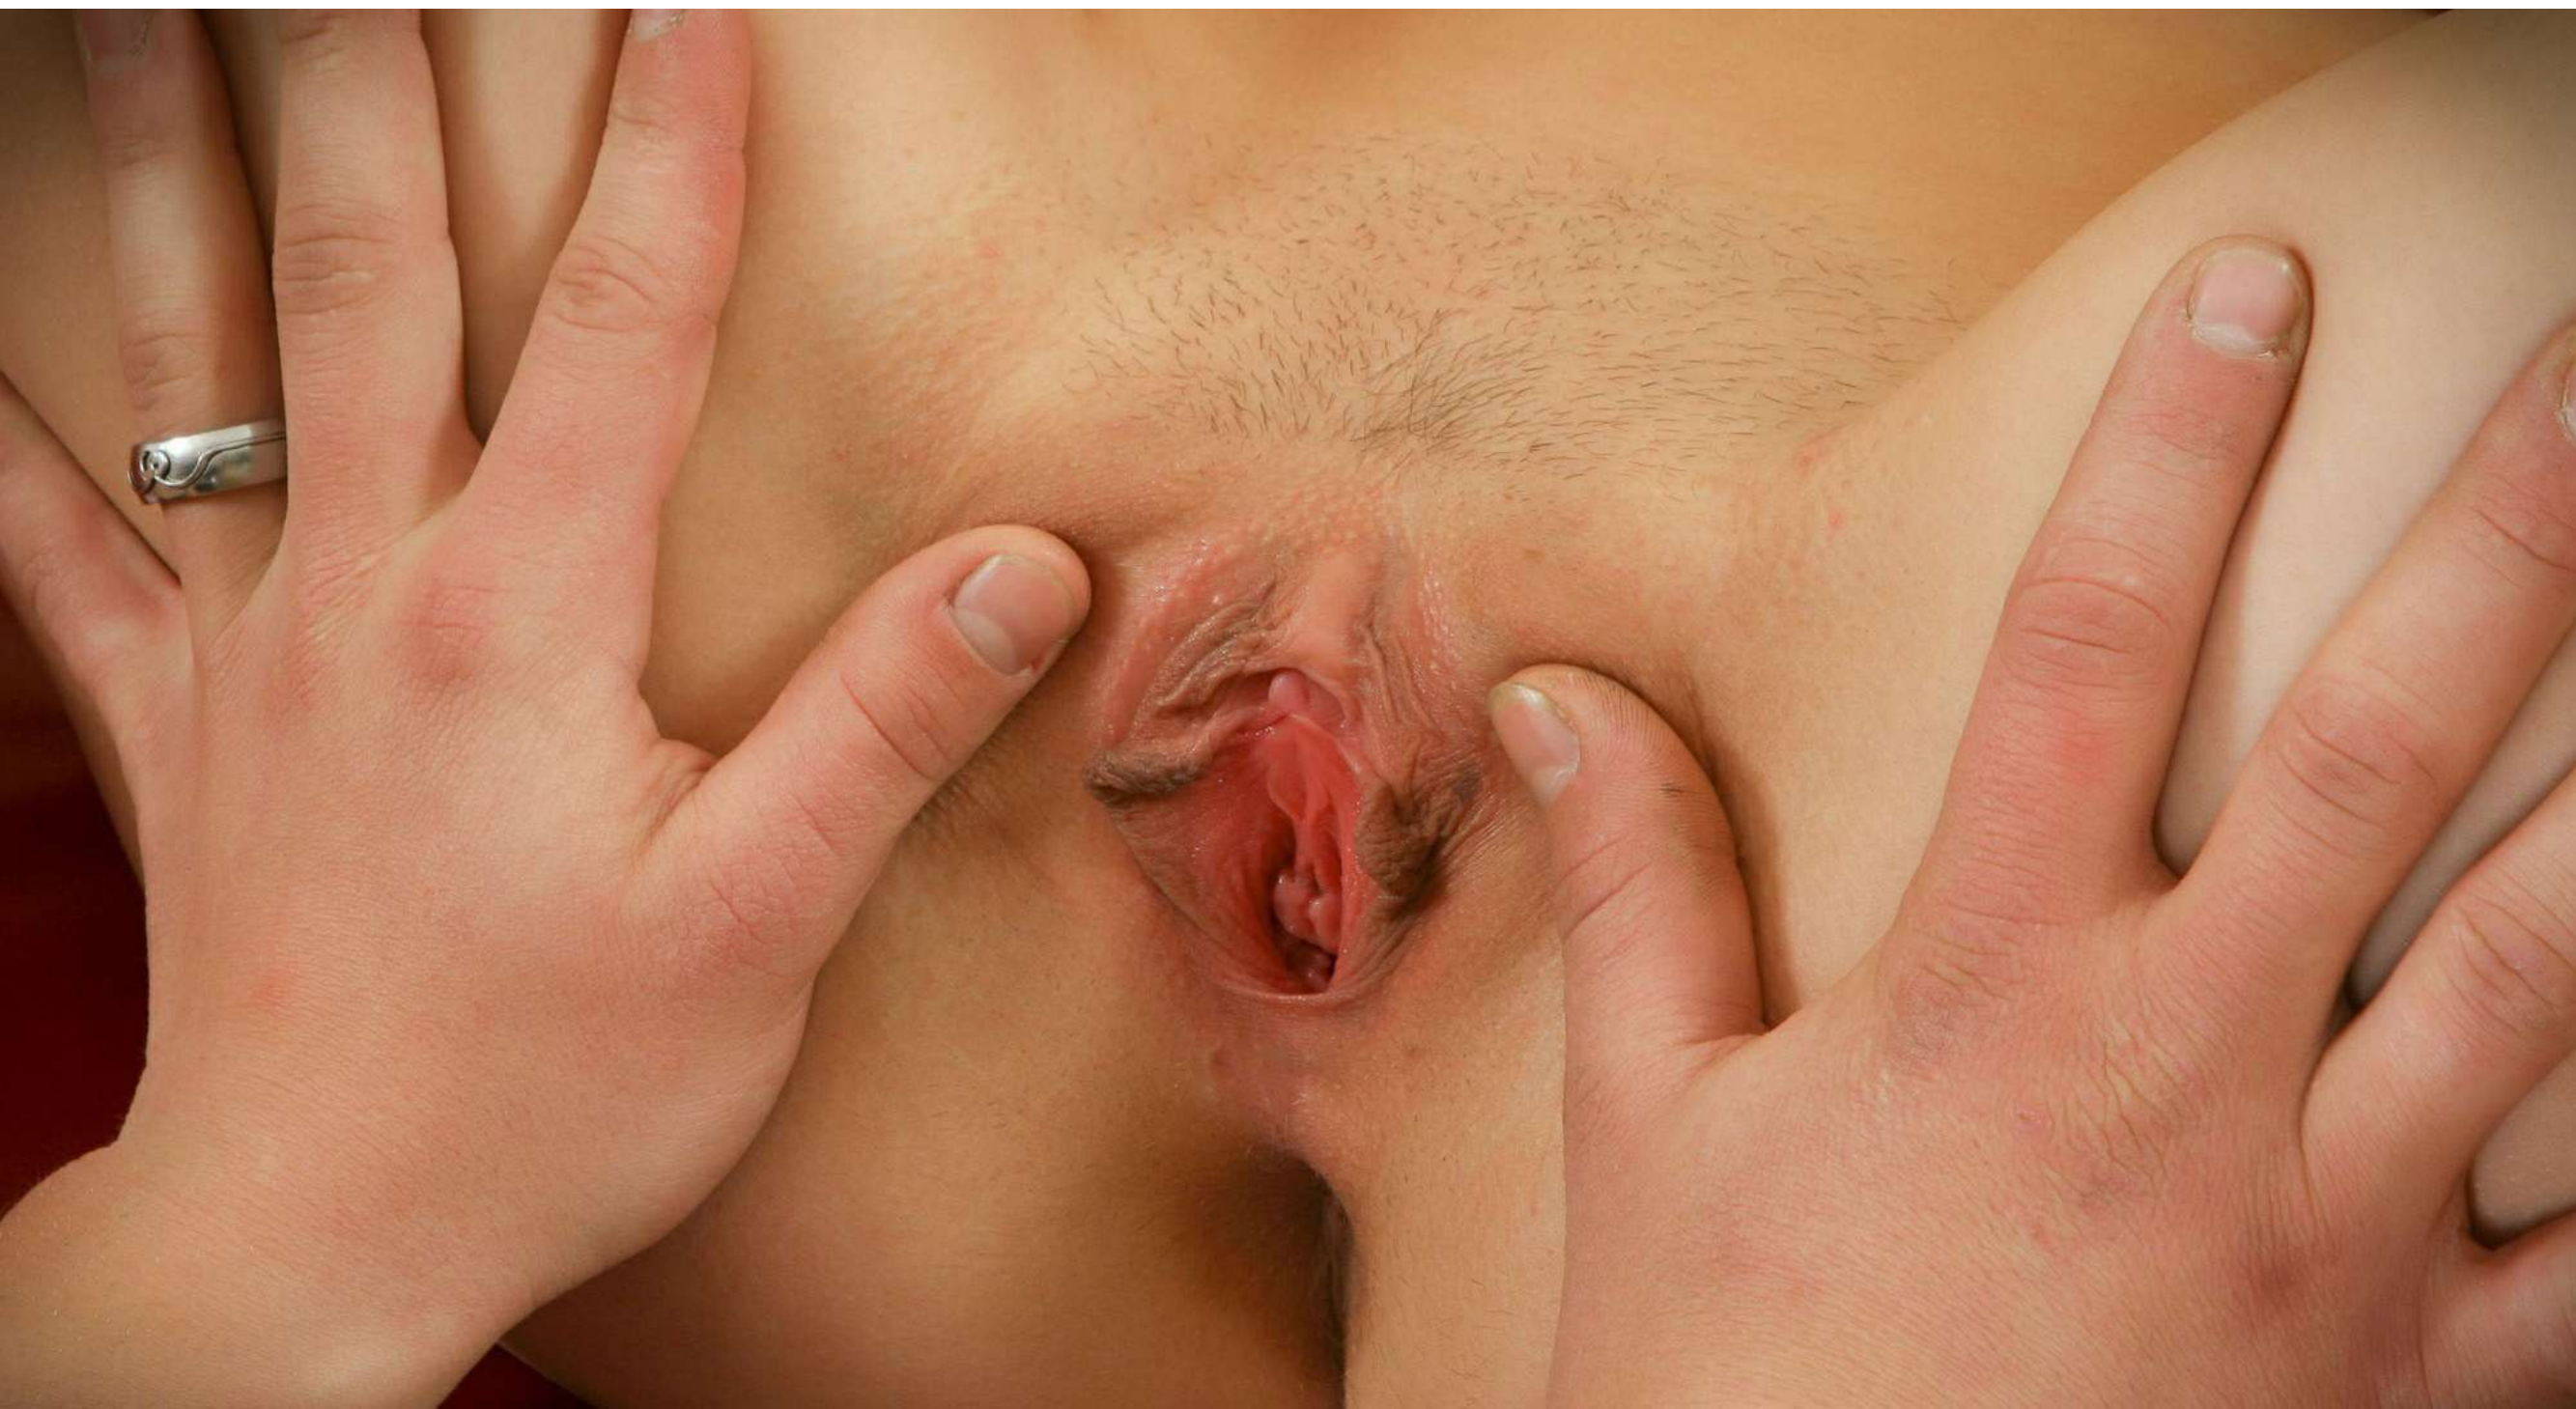

Kate was almost overcome with the wave of pleasure that washed over her. Every muscle in her body was trembling and she shook with

the jolts of sensation that shot through her, in response to her nephew's sensational cunt-lapping. Her nephew's face was buried to his ears between her thighs and slippery cunt-juice from her climaxing snatch coated his cheeks and chin.

"Blake! Darling! Oh sweetheart," Kate babbled when she could finally speak.

She stood him up and started unbuttoning his pants. His hard youthful cock sprung up hard and happy, delighting her to no end.

Her fingers closed around her nephew's

solid cock. "Oh, sweetheart, this is going to be such a wonderful summer, having you here with me like this!"

"It sure will be," agreed Blake.

She wanted to go down on his cock so bad she could hardly stand it.

Her mouth moved over the head of his cock and she began licking it. She soon had him so worked up he could hardly stand. Kate licked and sucked, her head moving up and down on his cock. Her lips slid over it, from the head down almost to the base. She took it in deep, again and again, the swollen head touching the back of her throat each time.

"Jesus, Aunt Kate!" he gasped.

His words pleased her. She could suck a cock just as well as her sister could. This kid would soon find out that she could work his dick over just as expertly as his mother had been doing.

With one hand around the thick shaft and the other playing with his balls, Kate kissed the head of his prick a few times, then slipped it back into her mouth. She lifted her mouth off it again

and blew her hot breath over it.

"Oh God!" Blake gasped as he pulled off his shirt and stepped out of his jeans.

She swirled her tongue around the head. It pleased her to know that her nephew realized by now she was a very gifted cock-sucker and he was getting the blow job of his life.

While she bathed his cock in her mouth, she caressed his balls and the length of his shaft that wasn't in her mouth. His balls quivered as she continued to run her fingers over them.

It wasn't long until Blake was moaning loudly and his head was rolling from side to side on the back of the couch. She had her nephew in a state of ecstasy.

She braced herself for the rush of hot young cum that would shoot into her mouth any second, and she sucked vigorously.

"Aaaauugggghhh!"

Blake shot off like a cannon. The first spurt jetted into her mouth and hit the back of her throat. Kate swallowed quickly and kept sucking. She wanted this to be a perfect orgasm for her

nephew, one he'd always remember. Several more spurts came, all in quick succession. It kept her busy swallowing the almost steady stream of fluid, until at last the flow stopped and Blake dropped back onto the couch, completely spent.

"Oh Aunt Kate!" he panted, trying to get his breath. "That was the best blow job ever! I never realized I could cum like that. That was great!"

She smiled in delight as she saw his cock remain hard and hungry.

"Oh, Blake, so young and hard and ready to

cum again!"

She leaned back and spread her legs.

"Do you like my pussy?" she purred suggestively, teasing her slippery open cuntlips with her finger.

"I'll show you how much I like it," he told her, as he climbed on top of her.

"Hurry, darling," she whispered urgently, fingering her cunt. "I need that big cock of yours."

The head of his dick slipped in past the warm lips of her pussy. "Ooooh yesss... Now a little

deeper. Oh, that's nice!"

Keeping the head of his cock in her pussy, Blake maneuvered between her legs and mounted her. His thick cock moved deeper into her cunt and Kate cried out excitedly.

She could feel the huge solid head of his prick move up farther into her slippery tight channel. Then as he brought his hips forward and down, she felt the lips of her cunt slip along his shaft and hold it like a snug-fitting glove. Her pussy was hot and wet and held her nephew's big dick

tightly but gently.

It was the most beautiful feeling Kate had experienced in quite some time.

Her nephew moved his hips in a fucking motion and his cock slid back and forth in Kate's cunt. God, he was doing it so well. The feeling of having her hot tender pussy massaged, caressed and worked over by her nephew's eager prick, was even better than she dreamed it would be.

Kate moaned again, joining her nephew in his grunts of pleasure. Through the incredible

waves of erotic sensation that flowed through her body from the pounding effects of her nephew's cock, she noted the thrill of feeling his hands grasping her wobbling tits. She could even feel his big hairy balls slap against her with every thrust.

Before long, her being was overflowing with ecstasy as her sixteen-year-old lover fucked her into orgasm. At the peak of her sensations, while she writhed and twisted beneath him, arching her back and thrusting her pussy at him, she felt

him increase his speed as he fucked her cunt.

"Wait..." she said holding him tight. "Do you want to fuck my titties?"

"Oh, Aunt Kate!"

"Yes, you want to slide that hot cock between my tits and cum in my face, don't you?"

He leaned forward slightly, pushing his hips.

His cock slipped between her succulent tit mounds, and his cockhead rubbed against her chest, pushing up toward her chin.

Kate watched his cock approaching her face,

sliding hotly between her sensitive tits, and she tilted her head back to look up into her excited nephew's face.

"Yes, honey," she purred.

Kate purred softly and licked her dry lips, wondering when the time would be right to take Blake's cock into her mouth.

As the cum simmered hotly in his balls, Blake watched his prick sliding in and out of Kate's cleavage. Once, when his prick slid through her mounds of tit flesh, his cockhead struck her

chin. When he pulled back, withdrawing his cock until it was once again hidden between her tits, he saw cum shining on her chin.

Blake decided that he had to say something. He simply had to let Kate know how much he enjoyed tit-fucking her.

"Aunt Kate... this is... so... good!" Blake groaned. The words came out slowly, one per thrust of his prick. "My cock feels so good!"

"Good, my love! I'll do anything you want!" Kate replied, licking her lips in a suggestive way

as she continued to look up into his passion distorted face.

Their passion was rising. Blake's cockhead touched her chin several times, and she could feel his sticky precum clinging to her flesh. Precum had also rubbed off on to the inside swells of her tits, making it easier for Blake to plow his throbbing cock through them.

Blake's cock was tingling as he pushed himself closer and closer to the brink of incestuous ecstasy. His cum wasn't just simmering in

his balls anymore. It was bubbling hotly, nearly to the point of boiling. And Blake knew that once he reached that point, he'd shower his aunt with the sticky cream his balls held.

Kate's pussy juice was trickling out of her quivering cunt.

"Oh God! Aunt Kate... I'm..."

Blake couldn't finish his sentence. The glorious feeling of having his prick sliding between his aunt's golden, firm tits was too overwhelming.

Blake's face twisted in a grimace from pleasure. His jism sizzled in his balls.

"Yes, honey," Kate hissed as she pushed her tits tighter around her young nephew's prick.

Blake let out a low groan. He stared with glassy eyes at Kate's lovely face, and he watched his prick slide between her tits.

"Oh, Aunt Kate..." he moaned, realizing that he was about to cum.

The first long, slick stream of jism to burst out of Blake's cockhead splattered against the smooth swells of Kate's tits. When his prick slid over her flesh again, Blake's balls rubbing against Kate's ripe body, his cockhead throbbed out a second long jet of cum that arched through the air and struck Kate's cheek.

Kate shrieked as she watched the juicy incestuous cum gush from Blake's pricktup.

"Awww!" Blake groaned, grabbing his cock to jerk the rest of his jism out of his balls.

To his surprise, Kate opened her mouth as a third jet of cum shot out of his fiery cockhead. His cum gushed straight into her mouth, spilling over her tongue and teeth. Blake pumped his cock, thrusting it at his aunt's open mouth.

Swallowing repeatedly, Kate drank the rest of her nephew's delicious fuck-cream.

"Oh, fuck!" Blake sighed as the last weak trickles of his load were squeezed out onto his

aunt's frisking tongue.

Kate turned her gaze up to Blake's face. Her lips were moving in a tender, chewing motion. Her mouth felt coated with jism, and she savored the spunky aftertaste of his fuck-cream.

"Honey, that was beautiful," Kate sighed.

"Aunt Kate," he murmured between his kisses on her neck and shoulders, "I can't believe how great you are."

Kate smiled up at her nephew and stroked his head. It was a gentle loving touch, the way a devoted aunt would touch her nephew, and it seemed strange, considering the incestuous fuck they had just had.

"You're quite a man..."

He grinned broadly.

"Aunt Kate," he said, with a big smile. "I think this is going to be an awesome summer!"

"Not just awesome, but long... and hot!" she said before she kissed him. ★

The Family Bed by Ken Preston

Sarah gets to have a little
nighttime fun with her parents

(MFg, inc, exh, oral)

Sarah lay stark naked in the big motel bed, listening to her father's slow, even breathing. She could feel the thrilling touch of his bare leg pressing against hers. She caught glimpses of his long cock, outlined by the crisp bedsheet covering their bodies.

Her tiny clit felt so swollen and itchy she eased her leg open and slide her fingers down to the new, soft strands of cunt hair that had recently sprouted. Her hand cupped her moist pussy. Her fingers impatiently brushed her tight cuntlips open and slid smoothly into her soft wetness.

Her pussy was so hot, slippery and smooth! Her middle fingertip slid up to rub deliciously over her stiff clit. Sarah bit her lip, and eased her head up off the pillow to look over at her mother's sleeping face. The sheet had slipped down a bit, and she could see her mother's full breasts rising and falling softly. Her large full nipples glowed pink in the light from the motel sign. While she watched, her mom stirred in her sleep and her hands slowly came up to trail slim fingertips over her rising nipples.

She must be having a horny dream, Sarah thought to herself.

She realized her own nipples were standing up, stiff and tingling. It was so hard to keep from playing with her slippery clit that Sarah gave up resisting the impulse to spread her legs and slide her finger into her tight hole. She shivered when she felt her cunt resist, but she kept pushing and working her hips, ever so slowly and carefully, so she wouldn't wake up her sleeping father.

There!

She had one finger all the way up inside her quivering preteen cunt. It felt so hot, and so darn tight. How could it ever open up enough to take a big cock up inside it?

She couldn't keep her hips from moving, or

her legs from closing tightly. She worked her finger in and out of her squeezing hole, staring at the outline of her daddy's big dick. How she wanted to hold it, to stroke it and feel it grow straight and strong, just like the pictures of the horny boys in the incest magazine she'd swiped from her brother's dresser drawer.

Images of brothers and sisters, dads and daughters, moms and sons, all happily screwing were flickering through her hot mind. She could imagine the lust and erotic sensations as moms touched their sons's rigid, dripping cocks. She could hear the dads groaning when they put their big cocks up inside the wet, open cunts of their daughters. She had worn the magazine out, turning the pages while she played with her hot snatch, every day, after school.

There were even a series of pictures with a girl her age in the magazine. She remembered the first picture showed a pretty girl sitting on her bed with her dress pulled up and her panties around her ankles. She was looking down and rubbing her sugary little pussy. The next few pictures showed close-ups of the girl's tiny cunt, glistening with juice as her fingers lightly fingered it. Then the next picture showed a man who looked like her father standing in her bedroom doorway. The girl looked very happy to see him. Her father knelt down in front of her and started licking her bald pussy. Sarah loved that picture the most. It made her feel so warm and tingly between her legs. After the dad and his daughter took off their clothes, there were some pictures of her fondling his big cock and him touching and kissing her tiny nipples. The last few pictures showed the girl kneeling above him as he rested on top of her bed. She was holding his hard cock in her small hands and was rubbing it against her little pussy.

The picture and indeed the whole magazine thrilled her to no end. Little girls like her were getting to touch cocks and rub them on their pussies. But none of them could have been virgins, like she was. Her cunt was so darn tight she could hardly move her finger inside it.

But it felt so good! Her pussyhole rippled and quivered around her exploring fingers. She felt her hot juice trickle out past her finger and ooze down into the soft, smooth crack of her little round butt.

Sarah's father muttered something in his sleep and turned on his side, toward her. His long cock fell right into her upturned palm! Her fingers closed around it. It felt so thick and hot and heavy. Her free hand pressed down harder on her girlish cunt. Was his dick growing bigger in her hand, or was it her imagination?

Everything seemed to have happened so fast tonight. They'd stopped at the motel on the way home from visiting her grandparents.

"Got the last damn one they had, Grace," he'd told her mother. "One bed! At least it's king size. What are you looking so happy about, Sarah?" he'd asked her.

She didn't tell him she'd been dreaming

about sleeping in his bed with him, like she used to when she was a little kid with a flat chest and boyish hips. To her, he always seemed to be the strongest and most handsome man in the world. His face was the one she saw in the pictures in the magazine she'd seen, and she was the young girl he was doing it to! Now here she was in bed with him, stark naked, and his cock was growing bigger every second.

Sarah's heart was beating loudly. Her mouth felt as dry. She realized that she had rolled on her side and was gripping his dick with both hands. Her nipples seemed to poke out and rub against his hairy chest. His cock had grown so big! Both her shaking hands could not cover it all. She felt it pulse and throb every time his heart beat. It felt very hot, but she wouldn't have let go for all the money in the world!

She couldn't help herself. Sarah held her breath and inched closer to him. She lifted her top leg ever so slowly. She hunched her quivering hips even closer to his. She watched his face closely. His eyelids fluttered and he mumbled something, but he didn't wake up when she closed her leg on top of his long cock and lay there, feeling his dick pressing against her cunt.

***Sarah swallowed
hard and reached
out for her daddy's
stiff cock***

It was so long it went clear between her slim legs. She could feel the swollen head parting the quivering cheeks of her ass. When she reached behind her, her trembling fingers closed around the wide head of his cock.

Sarah bit her lip and ran her thumb over his slippery cocktip. It felt as smooth as the inside of her cunt. Her pussy was juicing so much.

Sarah felt her hips moving back and forth, rubbing her cunt against the top of his cock. Her nipples were so stiff! She could not keep from lifting her leg and moving back a bit so his cock came up straighter and pressed tightly against the opening of her wet, virgin cunt. Her fingers trembled down to spread her tight pussy lips and rub his cockhead against her moist slit.

Her cunt was pressing down like it had a mind of its own. Soon she would feel his beautiful cock slide up inside her quivering hole.

"Mmmph! Too hot," she heard her daddy mutter. He rolled over on his back, his erect cock lifting the sheet. He yawned and rubbed his face, sleepily. Sarah lay quiet as a mouse. Damn! She'd almost had the tip of his cock inside her cunt.

She was so hot she wanted to scream, but she forced herself to lie quietly.

Her toes wiggled, catching the sheet, tugging it down.

There it was! Naked and sticking straight up in the air. Sarah swallowed hard, and reached out for her daddy's stiff cock. Her hand closed around him.

Oh, how big he was!

She began to stroke gently up and down. She realized she was licking her lips and flicking her tongue out. If only she could put her mouth down and taste him!

Slowly, Sarah sat up in the bed. Holding her breath, she leaned over, staring at his huge cock, just inches from her open mouth. Her eyes flicked nervously to her mother's soft, naked body. She could see the dark patch of cunt hair covering her pussy mound.

She was delighted at seeing both her parents deliciously naked like this.

She heard her mother sigh and watched one hand move slowly down to her cunt.

She must be dreaming something really sexy, Sarah thought.

The young girl suddenly felt her nipples stiffen up harder than ever. Her mother moaned softly in her sleep, lifting one knee. It lay open, and Sarah could see more of her mother's beautifully mature pussy. While she watched, her mom's finger slid between her parted cuntlips and began to move in circles over her erect clit.

"Mmm... play with me, darling," her mother sighed. She heard her father's breath catch in his throat. He muttered something and turned on his side. His cock slipped out of his daughter's hand. She watched him turn her mother and sleepily shove his cock between her legs. Her mom moaned a little and opened wider, thrusting back at the hard dick pulsing against her hungry cunt.

Sarah gritted her teeth, fighting the wave of disappointment that swept over her. It had been so close! Now the cock she'd almost had up her own hot cunt was pressing against her mother's wet, open lips. *Shit!* Well, if she put his cock in her mom's hole, she might get them to fuck in their sleep. At least she could watch.

Her fingers closed around her father's hard shaft. She pressed his cock against her mother's clit and moved it from side to side. She felt her own clit begin to burn and itch even more.

Sarah could not resist the temptation to slide her finger up her mother's silky cunthole and feel how juicy and warm it was inside. She came up on her knees and bent over, watching her finger slide in and out. Her mother's hips began to move. Her cunt closed around Sarah's probing finger. Her pussy muscles fluttered with quick, tiny spasms.

"So good! Oh, that's so good, Don. Finger-fuck me, honey," Sarah heard her mother say.

She felt her daddy's cock pushing into Grace's cunt, beside her finger. This was getting too risky, Sarah decided. She moved back, sitting

on her legs and watching his dick sliding sleepily in and out of her mother's pussy.

He came half-awake, feeling his cock buried inside a wet, claspung cunt. He rolled on top of her, spreading her legs and putting his stiff cock back in, with a smooth, practiced motion.

Grace woke up fully, moaning happily. Her knees lifted and spread. Her hands closed around her husband's stiff shaft. One finger found her erect clit and swirled around the very tip.

"Fuck me, Don honey," she moaned. "Fuck my pussy. Oh fuck, you feel so good inside me!"

"You're so horny," Sarah heard her father chuckle. "Woke me up, playing with my cock and rubbing it against that wild clit of yours, didn't you?"

The horny slurping noise of his cock sliding in and out of her mom's juicy pussy drove Sarah frantic. She flopped back, opening her legs wide, and slid her middle finger straight into her tight, virgin snatch. She gasped out loud and worked her hips frantically. She was dimly aware that her parents had stopped fucking, and were listening to the hot panting of their daughter as she fingered herself harder and faster.

"What? What's happening?" she half heard her dad mutter. "Oh, Christ! I forgot Sarah was in bed with us. And look at what she's doing!"

Sarah didn't stop for a second. "I can't help it, Daddy! I got so excited watching you and Mom fucking, I just had to play with myself. Watch me! Watch me play with my clit, Daddy!"

The bed creaked when Don pulled Grace up onto his folded legs, and then it was quiet as he sat with his long cock throbbing in his wife's cunt and watched his horny daughter twisting and quivering on the bed beside him.

"I don't believe this," he whispered. "My little baby girl finger-fucking her own juicy cunt! And staring at me with my cock up her mother's wet pussy," he gasped. "Aren't you a little young to be..." His voice trailed off when Grace's muscles tightened around his erect dick.

"Hush," she hissed, reaching down to ease him out of her snatch and rub his cockhead against her swollen clit. "Sarah's the same age I was the first time you watched me finger my stiff little clit. Remember?"

He grinned and reached down to press his cock home again. He began to screw his wife, matching his strokes with the pace of his little girl's probing finger delving into her tight hole.

Don leaned over to watch his horny daughter closely. "She's just as hot as you were. As you *are*! Oh, honey, you're going to fuck my cock off!"

"I can't help it," Grace gasped, taking every inch of his dick into her. Her hand slid over to push her daughter's legs wide open. "Look, honey. Our little girl's horny pussy is so hot and sexy, isn't it?"

"Just like her mommy's pussy," he grunted, speeding up his strokes. His hands clasped around her waist, forcing her down onto him. He whipped his cock all the way into her cunt and withdrew only to stick it back in with stronger

and stronger lunges. He leaned way over to peer between his daughter's open legs.

"Oh, your cock is so hard, Don!" Grace moaned. "Watch our baby girl finger-fucking herself while you fuck my juicy pussy!"

Sarah cried out, "Make her cum, Daddy! Fuck Mommy's pussy with your big cock!" She felt her mom's warm hand sliding up her thigh. "Oh, Mommy," she whispered hotly. "Play with me, put your finger inside me. It'll feel so good, I know it will. Please, touch my pussy!"

Don's voice choked when he saw his wife's fingers brush over his daughter's glistening pussy and her thumb press between the tight lips.

Sarah's hand grabbed for her small, firm tits and began to pull and twist them. Her hips lifted against the delicious pressure of her mom's warm hand caressing her young cunt.

"Mmmm," she sighed. "It's so nice, Mommy! Rub my clitty, push your finger inside my cunt. Oooh, fuck yes! It feels so good!"

Don paused his fucking, his cock throbbing madly. He gasped with surprise when Sarah twisted around and pulled her father's cock out of her mother's cunt and began playing with it. He thought his cock would cum from the feeling

"I can't help it, Daddy! I get so excited watching you and Mom fucking!"

of her warm, small hand.

"Give me your hand," Grace demanded, taking her husband and reaching over to spread Sarah's cuntlips open, pressing his finger against his little girl's throbbing clit. "Feel how stiff she is... just like me!"

He groaned, feeling his little girl's hot body tremble.

"Yes! Do me, Daddy!" Sarah whimpered. "Finger-fuck me! Oooh! My pussy's gonna pee all over, I just know it!" Her hips plunged madly up and down, forcing his finger all the way in her silky little cunthole.

Sarah began to shudder.

"Oh! I'm cumming, Daddy! I'm cumming with your finger inside me! Oh! Fuck, I'm cumming so hard!"

Her thighs closed around his hand as she doubled up in ecstasy. He felt her tight cunt clamp around his finger.

And then suddenly he felt something wildly shocking to him! Her wet, open mouth was sliding down over his cockhead, her tongue flicking into the open slit at the very end of his

stiff cock.

"Oh, God!" he groaned. "She's still cumming, Grace, and licking me like... like you used to do right after you came."

His wife lay back on the pillow, smiling and watching her husband's cock twitching and jerking in Sarah's mouth.

"Like mother, like daughter," she smiled.

Don fell back on the bed, and then propped himself up on his elbows, watching his daughter's head bobbing up and down as she sucked furiously on his hard, fatherly cock. His eyes flicked over between his daughter's open legs to see her slippery little cunt snuggled around his finger.

"Oh, Sarah! That's so good, baby," he groaned.

"Mmm... mmm," Sarah moaned deep in her throat. Her tongue swirled around his cocktip. She nibbled and nipped, her fingers stroking up and down the glistening length of his rigid dick. Sarah came up on her knees beside him, spreading her legs and riding her tight pussy up and down on her father's fingers sliding up her cunt. She took her mouth away and held his cock straight up with one hand. Her fist slid faster on his aching shaft, jacking him off all the harder.

"I want to make you cum, Daddy! I want your cock to shoot out all your white stuff, like Tom's does when I jack him off." She instantly bit her lip, avoiding his startled eyes.

"Oh! Now the truth comes out," her mother smiled. "You've been playing with your big brother's cock, haven't you?"

Sarah blushed red as fire, but her hands still kept moving. "That... that kinda slipped out. Uh... well, I caught him playing with his cock, and told him to let me do it or I'll tell you and Daddy. So he let me jack off his hard cock."

Don smiled proudly. He enjoyed the fact that his teenage son was letting his cute little girl play around with his cock.

Grace shifted smoothly and lay down beside her husband. Her hand reached out and covered her daughter's, sliding up and down on his cock. She threw her leg over his and began rubbing her soft pussy against his thigh. Don groaned and looked down at her stiff-nippled breast resting on his chest. His cock grew stiffer in Sarah's hands.

"That horny little devil," Grace muttered. "I'll have to have a little talk with him when I get home to make sure he's playing with his cock properly."

Don closed his eyes. He had been Tom's age when he started playing with Grace, teasing her out of her cotton panties to lick her wet cunt. The strong sex drive he possessed had just naturally been given to his own kids.

He felt Sarah's leg move over his, and her cunt begin to rub against his thigh just like her mother's. His balls felt like they would burst. His arms went around their shoulders, hugging his wife and his little girl close to him. The bed creaked under his hips thrusting his rigid cock up through their clenched fists.

“Grace, sweetie,” her mother whispered. “Let’s show Daddy’s cock how much we love it.”

Don groaned even louder when he felt two tongues licking the sides of his cock. He enjoyed the familiar pressure of his wife’s mouth around his cockhead, and then felt himself being bent over and offered to Sarah’s smaller mouth. They traded him back and forth, licking and sucking on his aching dick. He lifted his head to peer at their lapping tongues which were driving him crazy, urging his cock to cum.

“Fuck!!” he grunted, abruptly. “Open wide, girls... Daddy has some hot juice for you to drink!” He leaned up and grabbed his cock, aiming it at his wife’s open mouth as he spurted his first thick jet of cream onto her tongue. He quickly aimed his cocktip at Sarah’s mouth and shot a second squirt into the back of her throat. He switched back and forth between their open mouths, squirting cum into his wife, his daughter, his wife, his daughter... It seemed he would never stop cumming! He loved that he could share his cock juice equally with his two special girls.

When he was finished, his daughter licked up the last drop hanging from the tip. Even after he had cum more ever cum in his life, his cock stood painfully erect.

Not waiting another moment, Sarah swung over him and guided her father’s cock between her sugary little cuntlips. She nestled down, taking every inch of him deep inside her. She ground her clit against the base of her father’s rigid boner.

Don moaned. “Oh, baby! Daddy can feel every muscle in your tight little pussy around my cock.”

Sarah giggled. “Daddy, your the first man inside my pussy. You’re fucking me for the very first time! Oh, my pussy feels so full when you’re inside me,” Sarah moaned. Her hips swung in a slow circle, making his cocktip burn and sting as it probed deep into her pussy. She fucked him with long, shuddering strokes, raising up until his dick almost slipped out and then settling down to grind her clit against him even harder.

Grace gazed with hot eyes, seeing her daughter’s small cunt glistening wetly as it fucked Don’s huge cock.

Sarah leaned over her father, her naked, cute ass spreading open. The pink of her asshole winked as she slowly stabbed herself with her father’s cock.

Grace cupped one of her daughter’s hot ass cheeks, feeling the tender flesh of her girl, then sliding her fingers along her ass crack. She found her daughter’s asshole and gently flicked her finger around it.

“Oh, God! It feels so good!” Sarah moaned. “Fuck me, Daddy!” Sarah gurgled. “Fuck my cunt with your great, big cock!”

“Oooh, this is so lovely!” Grace groaned, her eyes blazing. “Fuck your daddy, Sarah! Fuck your daddy’s big cock!”

“Ooh, Mommy! I am! I am!” Sarah squealed. The sight stimulated Grace tremendously. She cupped her husband’s balls tightly against Sarah’s little ass, rubbing them at her tight little asshole.

“Ooh, this is so good!” Sarah moaned. “Fuck me, Daddy! Ahhhh! Fuck my hot little cunt!”

Don lifted his ass, pounding into his daughter’s cunt faster now. Since Sarah’s pussy was so juicy, his thick cock went in and out easily, bringing peals of ecstasy from his daughter.

“Oooh, you’re gonna make me cum, Daddy!” she screamed. “Oooh, fuck me, Daddy! Fuck me with your big, hard cock! My little cunt is going to cum!”

With a powerful lunge, Sarah rammed down very hard. Her tight cunt seemed to clutch at the base of his cock, her little asshole sinking inward as she shrieked.

Grace saw creamy pussy juice seeping from the grip of her daughter’s cunt, sliding down to his hairy balls.

“Ohhh, so beautiful!” Grace wailed.

Grace let out a wild, hot cry and shoved her face down to Don’s balls. Her tongue swirled hungrily, licking up the hot cum juice. She dragged her tongue along the base of his cock, tasting and feeling Sarah’s stretching cunt. She

ran her tongue into the tightness of her daughter’s asshole. Sarah screamed and began to cum, her cunt working on her father’s cock, her asshole sucking at Grace’s tongue.

“Oh, God, Grace!” Don cried out. “I’m gonna cum inside our little girl’s pussy!”

“Do it! Cum inside our little girl, Don!”

His cock gushed, sending heavy spurts of cum juice up his daughter’s tight cunt.

Sarah’s cunt pulled frantically at her father’s prick, his hot cum splashing along the smooth, velvety walls of her pussy. The feel of a cock squirting into her for the first time made her scream over and over with ecstasy.

Don’s cock slipped out of his daughter’s cunt.

Grace immediately rammed her tongue into her daughter’s cunt, licking and sucking the erotic mixture of her husband’s cum and Sarah’s pussy juice, driving her tongue in and out of Sarah’s cunt. Sarah wailed and strained her ass into her mother’s face and shuddered into another orgasm. Grace sucked and fucked her daughter until her spasms stopped.

Her nose was buried into Sarah’s juicy pussy and she could hardly breathe, but there was no way she could stop. With a muffled scream, she came.

She gulped wetly, swallowing hungrily, her cunt exploding time and again as her tongue licked her daughter’s tiny pussy clean.

Sarah slipped off her father, her eyes smoldering with erotic sensations, watching, running a finger in and out of her own cunt.

With a groan, Grace spread out on the bed, her naked body shivering as she moaned.

“I could do this all night,” she whispered, cum juice clinging to the corner of her lips.

“Me, too!” Sarah giggled.

“Yeah, but you two horny cunts will have to let Daddy’s cock take a break,” Don said.

“Mom,” Sarah added, “when we get home, let’s see if Tom’s hard cock could help satisfy our hungry pussies.”

“Oh, that would be wonderful!” Grace said.

“Yep,” Don said, hugging his two sexy girls. “Like mother, like daughter.” ★

Gracie
loves
Daddy

On the afternoon we met Gracie and her father, Jack, the poor man looked tired. His salt and pepper hair snaked from his head in a tangle, and his face needed a razor. Still, despite the red eyes, and the bags under them, Jack wore a huge smile. The reason for the smile and his exhaustion sat next to him. His beautiful daughter Gracie literally bounced in her seat with excitement. She looked sweet and innocent, but make no mistake: where having sex with her daddy is concerned, this little bundle is pure incestuous fun!

We asked Gracie how she and her dad became lovers.

"He caught me watching one of his dirty movies," she giggled. "I had my panties around my ankles, and my fingers in my pussy. I was so busted!"

Did you get in trouble?

Gracie smiled sweetly, "Nope. In fact, Daddy let me stay and watch with him. He didn't even make me put my panties back on!"

We asked Jack what he thought when he caught his daughter masturbating to his movies.

"I was instantly turned on," he confessed. "It was no accident that the girl getting fucked on-screen looked remarkably like my daughter."

Gracie laughed. "It's true! I loved that girl in the

movie, and I wanted to be her, and do all those naughty things that girl was doing. It made me so horny and wet. I told Daddy how much I loved his movie!"

What happened next?

Jack smiled, "Well, it seemed a perfect time to show Gracie a copy of *Incest Magazine*, specifically the special "Daddy's Girl" issue. We read the incest stories together, and I showed her all the pictures of girls just like her getting naked, sucking cock, and getting their little pussies fucked by their own father."

Grace giggled, "I took one look at your magazine, and I just knew right then that Daddy really wanted to fuck me, and that I'd be happy to let him!"

Is that why you decided to send us your pictures?

"Yes," said our delectable daughter. "Daddy's a very good photographer, and I wanted to be his little porn star. I love posing naked for him, and we've even started shooting dirty videos!"

Any future plans?

Gracie said, "I've talked to my cousin Alice, and I think I've got her curiosity up. She's really pretty, and I think it would be nice to share incest with other members of our family. Maybe she can join Daddy and me, or even better, seduce her dad and then all of us can play together!"

Sounds like a great idea, and *Incest Magazine* calls first dibs on any pictures!

“I knew right then that
DADDY
wanted to fuck me!”

Let's make some
dirty movies
together, Daddy!
Love,
Gracie

After a long night of sex, the family continues their incestuous fun

(MFmf, oral, inc, exh)

Lord, what a session that turned out to be,” Shannon said as she and her husband sat naked in the kitchen sipping coffee the following morning. The children were still sleeping off the effects of their family orgy.

“It sure as hell was,” Ryan agreed, “and just think, it’s only the beginning.”

“Poor Kyle,” she said with a little laugh, “he was so upset about going off between my thighs.”

“No wonder he went off. That’s a mighty fine pair of thighs you have, woman. You should have seen the look on his face, pure ecstasy while he hung on and humped like a puppy.”

“You looked pretty ecstatic yourself when you were riding Sara’s beautiful butt. It must have been such a treat to be in that tight little cunt of hers.”

“I peeped into Sara’s room before I came into the kitchen. The horny little minx is lying nude on her bed and sleeping with a hand in her crotch.”

“How sweet. Perhaps the little dear is enjoying nice dreams about your lovely big cock.”

“I hope so,” Ryan said. “I remember when I was a kid, I’d sometimes look at my mother and wonder what she would look like if she pulled her dress up or took it off. When I’d think about it, I’d get so worked up that I’d jerk off. Oh how I wanted to feel her up, to touch her beautiful breasts and cuddle up against them.”

“Was that all you wanted to do?” Shannon

asked.

“Well, I didn’t know much about sex in those days, that was before I fucked.”

“And now you’re the parent,” Shannon said happily. “And look how happy you’ve made your own kids now that we let them touch each other and suck each other and fuck each other and cum all over the place!”

Their conversation was interrupted when Sara came into the kitchen. She was wearing a nightie, but its sheerness showed the outline of her lovely young body, a delightful sight, her parents agreed as they watched her pour coffee for herself as they exchanged greetings.

“I like the way you two are dressed,” she told her parents.

“And you look very sexy this morning,” her mother told her, patting her on the bottom.

The girl pulled the hem of her nightie above her hips and wriggled her lush bottom at her mother.

“If you want to pat my butt,” Sara told her, “it should be easier this way.”

“Is that so?” Shannon asked. She felt her daughter’s tight, sixteen-year-old butt cheeks with her hands. She caressed them gently, cupping one in each hand as if she was giving her daughter a loving ass massage.

“There. Now go give your father a kiss good morning.”

Sara walked over and stood next to her

father.

“This is how I like to say Good Morning, Daddy.”

The sexy girl knelt down beside her father and took the head of his half-hard cock into her mouth, sucking it with passion. She liked the sensitive underside and flicked the tip of her teenage tongue against the opening of his cum hole.

“Oh, Sara!” her father squirmed.

After a minute of suckling her father’s cock, she slipped her lips off it like she was pulling a lollipop out of her mouth, then planted a warm kiss on his cocktip.

“That was wonderful, Sara,” Ryan sighed. “I hope you say Good Morning like that to me every day.”

“Here, dear,” Shannon said, “sit down while I make you some breakfast.”

A few minutes later thirteen-year-old Hailey came into the kitchen followed by her fifteen-year-old brother Kyle.

Hailey hadn’t bothered to put on any clothes since the night before, and only wore a small robe which was completely open. Ryan gazed at his little daughter’s near-naked body, small and slender with youth, and marveled at her nubile beauty.

“Good morning kids,” Shannon smiled. “I trust you slept well. I always sleep wonderfully after a night of great sex!”

The family exchanged kisses, and coffee cups were filled and orange juice was poured. They all sat down to a light breakfast of bagels and fruit, enjoying the company and the morning sun as it beamed through the window.

They talked about their wonderful orgy from the day before, reliving each incestuous moment. They went around the table and talked about what was the best moment for each of them.

By the time breakfast was finished, they were all so aroused that they decided to leave the dishes and go to the recreation room. Maria removed her robe and Sara did the same with her nightie. The two sisters were only wearing panties, and Ryan and his son were naked with stiff cocks.

Taking his wife onto a couch, Ryan began playing with her, leaving Kyle to amuse himself and his two sisters. When he saw his father kissing and sucking at her luscious breasts, he did the same to both his sisters. He would have preferred to concentrate on Sara's lovely big breasts, but he knew Hailey would be hurt, so he tried to give them equal time, using one hand on each and taking turns with his mouth.

When his hands moved into their crotches, he was pleased to find the nylon very warm where it snuggled against their little pussies and he stroked it gently, making the girls squirm and sigh.

"Take their panties off, Kyle," his father called from the other couch.

"We're going to have lessons in cunt lapping to get things started."

As he spoke, he dragged Shannon's panties down her legs and tossed them away, then sent a hand into her warm, always exciting crotch to fondle her.

"Gather around kids," Ryan told them and they hurried to the couch. "I'm going to eat out your mother and it will be a classic job. I want you to watch how I kiss and lick her inner thighs first. I'll move my tongue all around her cunt without quite touching it until I have her squirming."

"You mean like teasing her?" Kyle asked.

"That's right. A woman likes it that way. She can really squirm and beg for it if you keep it up long enough."

"He's right, dears," Shannon told her children.

"When you really have her begging for it," he went on, "you put your mouth right on her cunt and give it a long kiss, then a slow lick, from bottom to top. After that, a couple more licks, then you start sucking her cunt. You give it a good sucking and keep her butt squirming, then you get your tongue in and lick all around. Only after all that do you get your tongue on her clit and begin licking it. If you've done your job right, it should only take a couple of minutes of licking to trigger a come."

"It sounds complicated but exciting," Kyle commented.

"Watch how I do it and you'll see that all it is

fun, not complicated at all."

Sighing, Shannon bent her knees up, opened her crotch wide and her husband went down on her. He did it just the way he had told them he would and his teasing tongue soon had Shannon squirming hotly on the couch and begging for him to get his mouth on her cunt.

He made her wait for it, driving her wild as she begged for it, then they heard her groan of delight as his mouth pressed onto the soft lips in her crotch. While he worked on her, Shannon described each step. Her voice broke often, especially once his tongue came into play, but she managed to keep up a running commentary.

The last thing she was able to tell them was that Ryan's tongue was licking her clit and that she was on the verge of orgasm. The rest of her message was a series of grunts, sighs and wails as her behind jerked up off the bed and her back arched in passion while her smooth thighs rubbed together until the erotic storm had passed.

"There now," Ryan said as he sat up and licked his lips, "we'll have some exams now to see what you learned from watching. Kyle, take Sara to the other couch and I'll take Hailey."

"Gather around kids, I want you to watch how I kiss and lick your mother's cunt."

Delighted that he had been given the bigger girl as his partner, Kyle hurried to the couch with her and she lay across it. A few seconds later, her young sister was lying beside her, both their crotches open wide, their nylon sheathed knees bent up.

Their naked bottoms rested on the edge of the couch and Kyle and his father dropped to their knees on the floor. The position, Kyle saw, was just perfect and he was soon kissing and licking her thighs, starting just above the topes of her nylons, while Ryan did the same to the younger girl. The sisters soon filled the room with the sounds of their warm sighing and little mewling cries as tongues moved teasingly closer to their little cunts.

As his face moved farther into Sara's warm crotch, Kyle inhaled deeply, thrilling to the suggestion of an excitingly musky perfume he found there.

The tip of his tongue licked slow, wet circles around his sister's cunt, never quite touching it, making her gasp and causing her body to jerk.

"You're doing beautifully, darling," his mother

told him and rubbed the back of his head. "Hear how she begs for it. Tease her a little longer."

Kyle teased his sister and himself, for about one minute more, than a gasp broke from her throat as she felt his mouth on her vulva. He began by kissing and licking as his father had told him, then he was sucking greedily, wetly, his hands rubbing her smooth hips and belly. When his tongue finally moved to her clitoris, he heard his sister pant that she was almost there and it was not long before she completed the trip, pushing his face roughly from her as the climax tore through her with fierce intensity, her clitoris too raw to tolerate even one more lick.

A little later, Hailey was howling in orgasm and her father sat back on his haunches, watching the pretty nude squirming in ecstasy. As he stared, Ryan thought of how lucky she was to have such powerful incestuous orgasms at thirteen. It was a shame her other friends had parents who didn't believe in the joys of incest. Her classmates wouldn't get to experience orgasms like these until many years later.

After they had rested, Kyle sat on the couch with his mother and watched as Ryan taught Sara and Hailey how to lock their bodies together and perform mutual cunnilingus.

As they squirmed together on the thick carpet, their cries and sighs muffled by warm crotches, the girls made it clear that they loved the game. Even though it was their first time, they performed with delightful skill and obvious zest. Once again it was Sara who came first, but her young sister finished a close and exciting second. When they unlocked and sat up, both looked starry eyed and their smiling faces shone wetly.

"Well Kyle," his father said, smiling, "would you care to give your mother the fucking she didn't quite get yesterday?"

"I sure would," the boy assured him and felt his pecker twitch in anticipation.

"Well, just to make sure she's properly lubricated, you'd better go down on her again. Make her nice and wet so her cunt will be slippery for your dick."

Neither Kyle nor his mother needed any urging and she was soon lying across the couch again while the boy knelt and paid homage to her crotch with his mouth and tongue until she was jerking and sighing in ecstasy as orgasm swept over her.

"Are you ready for my big cock, Mom?" Kyle asked his mother, hoping the answer would be yes.

"Just wait until I slip your prick up my juicy cunt. You've got it so nice and wet. You're a natural cunt lapper, dear, just like your father."

Shannon lay along the couch, opened her legs and the boy hurried to her.

Panting, he knelt between her legs, then lowered himself onto her, trying to hold his weight on both hands so that he wouldn't hurt her.

"Don't keep your weight off me, dear," she

told him. "Lie right on me. I love to feel weight while I'm getting fucked. There, that's it. Stick it in me now. Oh yes. That's it... there... more... yes... yes..." she panted. "Ah, there, it's all the way in me now. How does it feel, darling?"

"Ooh, it's so good. I feel like I'm going to shoot right away."

"I don't think you will, dear, but if you do, at least your dick is in my cunt and I'll get your precious juice up my belly. Here, want to suck on my tit as you fuck me?" she asked and helped guide one to his mouth as he twisted a little so that he could reach the offering of satiny skin and firm flesh.

Kyle began stroking, thrilling to the feel of his so sensitive penis inside the body of a woman, inside the cunt of his own mother. It felt so good that he couldn't believe it, especially when she used her vaginal muscles to grip his organ and strangle it a little.

"Oh, Mommy," he panted, reverting to the childish term, "I'm gonna shoot... I'm gonna shoot in your cunt."

"Yes, baby, yes. Let it go. Shoot your delicious jizz to me and make me feel it."

She felt him tense, felt his body grind in her crotch, then she brought her legs up and wrapped them around him, holding him tightly with her arms as she felt the strong spurting and used her vaginal muscles to suck him dry and leave him as weak as a kitten, a very contented, purring kitten who lay quietly on his mother's naked body, his cheek on a cushion of breast.

Ryan smiled as he watched his son and wife embracing in post-coital bliss. He couldn't understand why, but he thought of all the boys and girls he knew, children who lived very ordinary lives, boys who had to masturbate and wonder what it would be like to be with a naked woman or girl, to be doing all the things they could only dream and wonder about.

He roused from his musing and looked over at his two naked young daughters. Both the young girls' eyes were glazed over with lust, excited and horny from the fuck-show Kyle and their mother had given them. The sisters absently held hands, and little Hailey had her leg draped over her older sister's thigh. The sexy vision of his two sweet girls filled his cock with blood. Sara and Hailey looked over at their father as his cock swelled to full strength.

"The girls did a wonderful job, and passed their cunt licking exams with flying colors," Ryan said to his wife. "Now, I think it's high time our girls learned how to properly suck a man's cock."

Shannon smiled at her husband. "That's a wonderful idea, honey," she said.

She turned to her daughters. "Girls, you've received quite a bit of attention from your dad and your brother, but I think it's time that you returned the favor, wouldn't you agree?"

"Oh, Mommy!" Sara cried with excitement, "I was wondering when you'd let us give a real blowjob!"

"When they cum," Hailey asked, "will their

pricks shoot their cream in our mouths?"

Sara, who had already sampled her father's stiff penis for breakfast, eagerly knelt before him.

"I sure hope so!" she beamed.

Shannon and Ryan both laughed, enjoying their oldest daughter's enthusiasm.

"Yes," their mother told them. "Daddy and Kyle will shoot their cum in your mouth. I think you will find their cream warm and tasty. I personally love to eat your father's cum."

Hailey joined her big sister and knelt in front of her father.

Shannon rose from the couch and pulled her son with her. She urged him over to Ryan, and father and son stood together, side by side, as all the women in the house gazed up at them from their knees.

"Now girls," Shannon said, stroking lazily on her son's prick, "First, I'm going to give you a little demonstration in cock sucking. Pay attention, and then we'll have you try what you learned on your father and brother."

The girls watched closely, excited and focused, as Shannon lovingly stroked her son's penis. Despite his recent climax, the teenager responded almost immediately. His erection

"Oh, Mommy," he panted, "I'm gonna shoot in your cunt!"

throbbed, hard and needy, right in his mother's face.

Shannon gripped the base of his shaft to hold it steady. Her tongue snaked wet from her mouth, and she began to roll it over Kyle's sensitive flesh, making circles over the swollen, crimson head. She lapped greedily at his balls, and ran her full lips back up to the crown.

Kyle moaned his appreciation. "Oh, Mommy, that feels so good!"

Between long licks, as Shannon mouthed her son's cock, she instructed her young daughters.

"It's important to remember that just as it feels wonderful when you get teased with lips and tongue when you get your cunts licked, the same rule applies to the boys."

Sara and Hailey nodded, their eyes wide taking it all in.

"It's true," said Ryan, "follow your mother's lesson, and you'll have both your brother and I begging you to suck our hard cocks!"

Shannon agreed with her husband. She ran her tongue stiffly up one side of her son's shaft then down the other. The boy whimpered in

want, the oral teasing his mother inflicted on him began to drive him mad with lust.

Ryan watched his son clutch at his mother's hair, moaning with ecstasy and urging her hungrily into his crotch.

"See what I mean?" Ryan asked with a knowing chuckle.

Kyle's cock glistened with his mother's spit, and it bobbed and twitched making his sisters eager to taste a prick of their own. Hailey was practically drooling to have her brother's hard cock in her mouth. The sisters' pink lips parted into a sympathetic 'O' as they watched their mother open her mouth, and slowly, deliberately, let her son's hot length slip down her throat.

Ryan stroked his daughters' hair and whispered, "It doesn't matter how far you can get it into your mouths at first. The important thing at the beginning is learning how to use your lips and tongue while keeping your teeth out of the way."

With a wet slurp, Shannon released her son's prick from her lips.

"Your father's right, girls," she said wiping her mouth, "we'll get you deep-throating soon enough, but for now, Hailey, you take over on your brother, and Sara you take your father's big prick."

The sisters knelt before their respective hard cocks. Neither girl was shy, so Sara wrapped her hands lovingly around her father's prick as Hailey did the same for her brother. Father and son were already rock hard, so after a small bit of stroking, the sisters pressed their lips into warm dick-flesh and began their first incestuous cock-sucking lesson.

Hailey licked at her brother frantically, excited and a bit overeager. Shannon soothed her daughter's feverish efforts, and soon the little cutie was running her tongue all over her brother's dick as she gazed up at him with her large baby blue eyes. Kyle almost blew his load right there, as the vision of his adorable little sister with his fat cock in her face was almost too much to handle.

Sara, meanwhile, had moved past the teasing stage, and she had her father's prick deep in her mouth. With just a bit of coaxing from her mother, she found that cocksucking wasn't really as hard as it looked. She relaxed her throat and breathed steadily through her nostrils, and soon her father was almost buried to the hilt down her throat.

Ryan gasped and shivered with pleasure, "Good lord, that's incredible. She's a natural, darling. Just like you! I'm glad to see that cock-sucking runs in the family blood!"

Shannon smiled with pride as her oldest daughter slurped effortlessly on her daddy's prick.

"Yes dear, she seems to love it, don't you sweetie?"

Sara had her mouth full, and could only answer with "MmmmmHmmmmmm!"

Hailey was keeping up with her big sister

with little problem. Her brother's sweet meat filled her whole mouth, and his precum coated her tongue with a salty glaze. She bobbed her head up and down on his shaft in a steady rhythm as Kyle and her mother urged her on. Drool oozed past her pink lips as she lashed at her brother inside her mouth with her tongue.

With their mouths stuffed with cock, the two sisters made eye contact, and an unspoken challenge arose between them. The race was on to see which of them would get a mouth full of cum first.

Ryan's knees began to grow weak. He was well past offering his daughter advice. She seemed to be a natural, and he had been reduced to an inarticulate mess anyway.

Beside him, his son was lost in ecstasy. His eyes were rolled up in his head, and he was almost actively fucking his little sister's pretty face.

The two beautiful sisters slurped and gagged. Perhaps Hailey had an unfair advantage with her brother's relative inexperience, but while Sara was still sucking furiously on their father, her brother shuddered and released a loud gasp. His body jerked once, and suddenly the young girl's mouth filled with warm, creamy semen.

Shannon moved beside her youngest daughter. "Let Mommy see, honey. Open your mouth and show me your brother's cum."

Hailey opened her mouth as instructed. A thick puddle of her brother's cream coated her tongue. Shannon leaned in, and kissed her deeply. Mother and daughter pressed their lips and tongues together, and made out while they shared Kyle's gooey cum load.

After witnessing this amazing incestuous vision, Ryan could not hold back any longer.

"Uh... Daddy's cumming baby! Daddy's cumming!"

His oldest daughter didn't pause, but kept at her oral task. She braced for her father's orgasm, and in a single beat, all her efforts were rewarded as he began to fill her mouth with creamy cum. Hot jets splashed at the roof of her mouth. It was slippery and delicious, and she didn't have to share it with anyone. She relished the salty taste, and with two easy gulps, she opened her mouth wide to show her Daddy that she had swallowed every last drop of his fatherly cum.

The rest of the evening was an orgy of which ancient Rome would have been envious, every conceivable sex act had been performed and enjoyed and the participants in the orgy were drained and weak kneed with ecstatic fatigue.

But it was only the beginning and none knew it better than Kyle, Sara and Hailey. At their ages, they had a big head start on other children and with their parents as teachers, they knew that they would develop into special people, very special people who would make their own rules, charter their own courses and wring out of life all the pleasure they could stand.

Whether or not the world was ready for them, they were ready for the world. ★

Father knows Best

excerpted from *Wide-Spread Mother* by William Taylor

Kayla gets a loving lesson in life from her Daddy's big cock

(Mf, inc, oral)

Kayla awoke and fluttered her lashes. Her heartbeat quickened with anticipation. Today was the day! Today she was going to see her father. She had been looking forward to her visit for weeks.

It was almost the end of summer vacation and Kayla would soon be entering the ninth grade. She'd be attending a new school, and maybe the kids there wouldn't tease her so much.

Like her mother, Kayla was exceptionally well-endowed, especially for such a young girl. Her mother had been buying bras for her since she was thirteen. When the girls in the locker room had grabbed her bra a few months ago and discovered it had C-cups, she'd been teased unmercifully, sometimes to the point of tears.

The continual teasing had made her extremely self-conscious and unhappy, for she thought big tits were a sign of ugliness. Nobody seemed to like them, and when she examined herself in a mirror, she had to admit that they did make her look top-heavy. Of course, some of the problem was that she was too short, but Kayla didn't think of that.

The girl was a little anxious about her upcoming visit with her father. She felt herself suddenly get wet between her legs as she thought about her father. Because she was so young and innocent, she didn't understand what had happened, but she was sure it was another one of those things she wasn't supposed to ask questions about.

Kayla hurriedly washed and dressed, because today she was going on a bus to her daddy! She'd packed her things the night before, and she couldn't wait to leave.

Two hours later she was on the bus, counting

the minutes till her arrival. Her fuzzy little cunt still felt damp and itchy, but she couldn't touch herself very well with all the people around her on the bus, so she tried to ignore it. Soon the itch spread to the tips of her big tits, making her large pink nipples feel all swollen and hot.

■

Dan pulled into the bus station parking lot and looked around. Immediately, his gaze was drawn to the silhouette of a girl with large breasts standing sideways to him and carrying a suitcase. He licked his lips, got out of the car and sauntered over.

She turned and cried, "Daddy!"

My God! he thought. It's Kayla! What a pair of tits she's got! His little girl was taking right after her mother.

"Hi, honey," he greeted her, throwing his arms wide and giving her a big hug. Her tits spread softly across his lower chest and he felt his cock quiver.

Kayla thrilled as her handsome father hugged her. He'd never seemed so affectionate. Maybe he'd missed her!

"Oh, Daddy!" she cried. "I've missed you so much!"

She started to kiss his cheek when he turned and their lips met. She kissed him anyway, keeping her wide, innocent eyes open. She saw the surprised expression on her father's face change to pleasure as he kissed her back.

Dan broke the kiss and held her shoulders as he looked at his little girl.

"Jeez, Kayla!" he exclaimed. "I can't get over how much you've grown since the last time I saw you!"

Kayla's heart sank. She thought that he, too, considered her huge tits to be ugly. But he did seem happy that she was here, and he was so handsome it made her feel luckier than other girls, even if her parents were divorced.

"Gee, Daddy," she said on the ride to his house. "It's gonna be nice to spend the summer with you!"

It was late evening when Dan and Kayla arrived at his house, and after a quick supper and a chat, he sent her to bed. Kayla changed into the sheer nightie her mother wouldn't let her wear because of her brothers. She walked into the bathroom to brush her teeth.

She left the door open without thinking and Dan happened to pass by in his bare feet on his way to his room. The hall was dark except for the light in the bathroom, and he froze as he saw Kayla vigorously brushing her teeth. She was leaning over the sink, and her short nightie was hiked up above the curves of her full, white ass.

What brought Dan's cock to full, glorious erection was the sight of Kayla's huge, pear-shaped tits hanging over the sink. He could see them clearly through her nightie, and they were dancing with her arm's motion.

He put his hand in his robe and held his cock

down, then pushed open the door with his other hand. "Oh, sorry, honey," he said smoothly, "I thought you were already in bed."

Kayla rinsed and then wiped her lips. "I'm not really that sleepy, Daddy," she said. "I'm too excited about being here with you."

Dan's eyes roved over her body. "That's a new night gown, isn't it? I don't remember seeing it before."

"Mom won't let me wear it. Do you like it?"

"Well, yes, it's very nice. But I had no idea your, uh, breasts were so... big. It doesn't really conceal them, does it, honey?"

Kayla's face crinkled, and tears formed in her eyes. She'd so much wanted him to admire her new nightie, and now her big, ugly tits had ruined everything!

Dan was surprised by his daughter's reaction and took her in his arms. "Honey, what's the matter?" he asked, stroking her smooth back through her gown.

"Oh, Daddy! They're so big and ugly. The girls at school call me a cow or a pig!" she wailed.

"Is that all!" Dan laughed. "Baby, you're wrong, one hundred percent wrong! Men love big breasts. You shouldn't be ashamed. Yours are

spectacular."

She looked up hopefully. "R-really?" She sniffed. "Y-you're not just saying that?"

"Cross my heart," he said. "They're beautiful, simply beautiful!" And he bent and pressed his lips to the swelling, creamy mounds above her low neckline.

Kayla felt her father's warm breath on the top of her big tit, and then he placed a long, wet kiss on it. Her nipples throbbed and itched again like they had on the bus. Kayla was so overjoyed to discover that her daddy liked her tits.

The longer his lips roamed across her tits, the more they burned. "Daddy," she moaned. "My nipples are awfully sore. Is it because I'm so big?"

Dan cupped his daughter's heavy tits through her gown. "Are they sore anywhere else, honey?" he asked, gently squeezing their soft undersides.

Kayla's body thrilled to the sensation of having her tits lifted. She only touched them when washing, or if they got sore. She shivered and said, "Just my nipples, Daddy."

Dan slipped her big, pear-shaped tits over

the top of the night gown and let them hang over the thin material.

She was so happy that her father was paying so much attention to her.

Dan took a deep, shaky breath and traced a finger slowly over one of Kayla's large, rose-colored aureoles. The surface was soft and warm. Her dark red nipples were fiercely extended, and pointed up at his face as if pleading for a good sucking.

"They're awfully sore, Daddy," Kayla whimpered, looking up at her father's red face.

"I'll kiss them," Dan breathed hoarsely. "That'll make them feel better!"

Dan bent his head and opened his mouth and took hold of his little girl's big nipple. Kayla moaned and arched her back as she felt him sucking and licking her long, stiff nipple.

"Ohhh, Daddy!" she squealed. "Ohh, it feels so good!"

Dan mumbled and nodded his agreement, and Kayla's tit wobbled with the movement. Then his front teeth raked off and he latched onto her other nipple.

"Ohh, ohhh, ohhh," Kayla chanted, and found herself clutching her father's head.

Dan fought to control himself, slurping noisily around his little girl's rubbery nipple. "Do they feel better, honey?" he asked quietly, staring at her shiny, saliva-slickened tits.

"Oh, Daddy, it was wonderful! Do it some more, please!"

"I think that's enough for now, honey."

Kayla covered her big tits and said, "All right, Daddy. Thank you for being so good to me." She stood on tiptoe to kiss him good night, and over her shoulder he saw half of her plump ass peeking from beneath her gown. "I love you, Daddy," she whispered in his ear, and ran to her room.

■

After she softly woke the next morning, Kayla squeezed her big tits like her father had done. Then she played with her stiff nipples and groaned. It was almost as good as his lips and tongue... but not quite.

When her cunt started to itch more than ever, she raised her knees, spread her legs wide and touched her silky pink cuntlips with her fingers. They were wet and she moaned slightly as her finger touched that funny, marble-like protrusion at the top of her steaming pussy slit.

She slid her fingers down between her pussy lips and pressed them into the slippery smoothness of her inner folds, feeling a spasm of heat sear through her cunt.

"Ohhh, Daddy!" she groaned, humping her soft ass up at her rubbing fingers. She sighed as she rubbed her hard clit more and more frequently. That great feeling was going to happen again! That funny, almost unbearable aching itch was growing and growing, and she knew that soon her cunt muscles would clutch and suck at her fingers.

Dan was at the doorway and his eyes bulged. Kayla's moans had brought him to her room. He had gotten there in time to see her writhing body throw off the sheet. Her nightie was rolled up around her waist, and her plump thighs were stretched wide apart, exposing her soft, rose-colored cuntlips. They were glistening and dripping with juice, and the sheet under her squirming ass was soaked with it.

Dan stared into the tender softness of his child's pussy for a long time. He could see every little wrinkle in her puffy, pouting, virginal cunt.

Some slight movement must have caught Kayla's eye, for she glanced up and froze. "Daddy!"

Dan tore his eyes away from his little girl's wet pussy and saw the fear in her eyes.

"It's okay, honey," he said quickly, hurrying to her side and sitting on the edge of the bed. His eyes kept straying to her pink pussy.

"Ohh," she sobbed. "Don't be mad at me, Daddy. I know it's wrong. Mom said I shouldn't ever touch myself down there, but I can't help it. It gets so itchy and sore, I've just got to rub it!"

"Forget what your mother said, Kayla," Dan soothed. "There's nothing wrong with rubbing your little pussy. All normal little girls do it. And so do little boys."

"They do?" she asked.

"Sure."

"D-do you, Daddy?" she whispered, looking at the front of his robe where his huge cock was jerking.

Dan looked at his plump-titted, hot-cunted little girl. The morning sun bathed her milk-white body. Her shapely legs were still spread, and beneath the quivering, virginal mouth of her pussy, he saw her soft, spreading asscheeks.

"Yes, honey, I do."

Kayla looked at her father for a moment, then said, hesitantly, "Daddy, I'm still awfully itchy down there. I know it's nasty, but I've just got to rub it some more."

Dan placed his hands on Kayla's soft hips and bent his head over her gently rounded belly. He kissed her just beneath her belly-button, and she sighed and trembled. Then he placed a long, loving kiss directly on her bare pussy.

When he lifted his head and saw her wide eyes, he said, "See? I wouldn't have kissed you there if that was a nasty place, Kayla."

"Oh, Daddy, it felt so good when you kissed my tits, but when you kissed me down there, it was even better!"

"I know, honey. Your pussy is made that way. Hasn't your mother ever told you the facts of life?"

Kayla shook her head. "I'm in high school now. They sent a paper home for Mom to sign so I could take a sex education course, but she tore it up."

"So you don't know much about sex?"

"Well," she said, blushing. "I know boys have a penis, and they stick it inside a girl's vagina to have a baby."

"That's a start," Dan said, smiling.

Kayla looked at the lump in his robe. "That... that's it, isn't it, Daddy?"

Dan nodded, and she asked, "Will you tell me everything, Daddy? The other girls laugh at me and make up weird stories because they know I'm not sure what they're talking about."

The longer Dan sat staring at his lovely daughter's jiggly tits and gaping cunt, the faster his fatherly resolve slipped. He'd been extremely horny before seeing her, and now he was ready to fuck anything that moved.

"Would you like to see it?" he asked quietly, taking hold of his robe.

"Your... penis?" Kayla whispered fearfully.

"Yeah, only when it's used to make babies, it's called a cock or a prick."

Kayla blushed more deeply at those words. "Mom washed out Stevie's mouth with soap for saying one of those words, Daddy."

"What word? Go on, you can tell me."

"Cock," she whispered.

"This is my cock, honey," he said, and tugged his robe open. His long, wet-tipped prick swayed heavily, aimed at his hairy chest. Beneath it, his round, heavy, hair-covered balls sagged in their wrinkled sac. He smiled at Kayla's open-

"You can touch it," he said gently, pushing his thumping cock to her

mouthed astonishment.

"Ohh, Daddy!" she exclaimed.

"You can touch it," he said gently, pushing his thumping cock closer to her.

Kayla clutched her father's cock gingerly. "Oh, it's so hot!" She was greatly excited by its towering strength and her father's attentiveness to her. He was ever so much nicer and more understanding than Mom.

Dan nodded. "Remember how your nipples burned and ached, and how your little pussy felt the same way? Well, a cock gets like that, too. If it isn't rubbed and kissed, it itches badly."

Instinctively, Kayla began running her small hand up and down her father's meaty cock. She heard him sigh and saw his eyes close. A wonderful feeling washed over her. She was really making her dad happy, she could tell. She pumped faster.

"How long do I keep rubbing, Daddy?" she asked when her arm tired.

"Just a bit longer," Dan sighed, holding off as long as possible. He watched her big tits jiggle with her strokes.

Kayla remembered what he'd said about kissing, and thought about how good his lips had felt on her sore nipples and cunt. She wanted to soothe him and give his cock as much pleasure as he'd given her nipples.

"Daddy," she whispered. "Get beside me." She patted the bed and clutched his heavy cock as he swung his legs up and lay back. Then, still holding him, she crawled on all fours between his hairy thighs and examined his big, fatherly cock. Her face was right above his dripping cockhead, she could see his piss hole flaring.

"Kayla, Kayla," Dan groaned as he saw his child there. "Kiss it, honey, kiss it for Daddy!"

Kayla looked at him. "I want to, Daddy, but I'm not sure how to start. Or where."

"Lick it a bit, first, baby. Like a lollipop. Lick it all over with that sweet tongue of yours!"

Kayla timidly extended her little tongue and curled it around his thick cock shaft. Then she licked up, sliding over the purplish knob and swishing over his oozing piss-slit. "Mmmm," she sighed as her darting tongue gathered up some of his tasty pre-cum. "I licked up some juice, Daddy."

Dan didn't answer. He was watching his daughter's huge tits as they hung and swayed between her arms. Her dark pink nipples alternately brushed his thighs and groin. He lifted his hand and squeezed one full tit, milking it down to the throbbing nipple. Kayla sighed and moaned. He caught the other swinging tit and wrapped his fingers around its protruding nipple.

"Ohhh, Daddy!" Kayla squealed. "Rub my nipples, please! Like last night." And then she shoved her free hand between her legs and started whipping her loose, sensitive pink cuntlips around.

"Now put it in your mouth and suck on it, Kayla," Dan groaned. "If you do that a while, I'll show you the stuff daddies squirt to make babies."

Little Kayla was learning fast. Eagerly, she parted her soft wet lips and formed them around the tip of his cock. His juicy knob was hot and satiny and exciting to her, and she lowered her head until she had the whole spongy cockhead in her mouth. She used her tongue to push it from one cheek to another, bulging them alternately as her tongue slithered over her father's constantly flowing piss-slit.

"Take in more," her father grunted, and she hastened to please him.

"Oh, yeah," Dan groaned. "That's it, suck it, honey. Try to get my cock in your throat."

Kayla was still wriggling her fingers in her burning, itching, dribbling cunt, and moaning happily over her mouthful of cock. She tried to do as he asked, and choked quite a bit before managing to take three-quarters of his nine-inch cock down her throat. She felt terribly wicked, and could imagine how shocked her mother would be if she ever learned about it.

Wet, slurping, gurgling sounds came from Kayla's full lips, stretched around her father's

spit-slick cock. Dan grunted, trembled, and felt his balls tighten.

“Quick, Kayla!” he shouted. “Stop! Stop!” He had no wish to choke or frighten his daughter her first time and ruin the wonderful thing they had going. Kayla pulled back with a startled expression, hoping she hadn’t done something wrong. Her father’s cock jumped, expanded before her eyes, and squirted a thick stream of creamy-looking jism high into the air. The first jets landed on his chest and belly, but as his load decreased the heavy wads dropped closer and closer to Kayla’s hand and face.

“Aghhh,” Dan sighed, his fat cock wilting in her squeezing hand. Her knuckles and fingers ran with his hot, sticky cum, and she stared at the strange stuff with wonder.

“Oh, my, Daddy!” she exclaimed. “It was just like our trip to Old Faithful!” She looked at her dripping fingers. “Is this the stuff that makes babies?”

“That’s it, honey. But it doesn’t always make babies. Only sometimes.”

Kayla rubbed her fingers together, discovering that her father’s cum was both sticky and slippery.

“Kayla, some girls like the way it tastes.”

“Do you want me to eat it off my fingers, Daddy?” she asked in a small voice.

“No, you don’t have to do that, now, honey. Besides, it’s all cold and you wouldn’t like it. Next time you kiss me there, I just won’t pull out before I cum, and then you can taste and swallow Daddy’s cum all you want as it squirts in your mouth.”

As they clung to each other, Dan’s cockhead nestled against the pouting, slippery-wet lips of Kayla’s pink pussy. They kissed and squirmed against each other and grew more excited as the kisses became wetter and deeper, turning from father-daughter pecks to lovers’ French kisses.

Both Kayla and her father sighed as his revived cock slithered around the sparsely-haired, satiny-soft folds of her sopping pussy. Her snug cuntlips enfolded the side of his purplish knob, wetting it with her pussy juice. His cockhead made little sucking smacks as it slipped and slid against her cunt with the short jabs of his hard-muscled ass.

For Kayla, it was almost a dream come true. Her daddy was loving her, and showing her all the wonderful ways to feel pleasure from her young willing body. She knew they were both being terribly naughty, but it felt so good!

Her face felt hot again, almost as hot as her throbbing pussy as her father’s cock occasionally slithered over the straining nubbin of her clit. She’d have to remember to ask him some other time what that thing was.

“Daddy,” she said as she felt her cunt spill a whole lot more juice onto his cock. “Show me how that big thing, I mean, your cock, shoots stuff into my belly to make babies.”

“It’s not stuff, honey,” Dan corrected her. “It’s called Daddy’s cum, or jism. In school, they’ll

call it sperm.”

“Ohh, I don’t care what it’s called, Daddy! My cunt’s so hot and itchy again, please make it feel better. Maybe you could kiss it again?” she asked hopefully. “It felt so nice, even better than when you kissed my nipples.”

Dan stared at his little girl as she spread her legs to show him what she wanted. Her lovely tits rolled heavily on her chest and her sparkling, pouting pussy contrasted vividly with the sweetness and innocence of her childlike face.

Her barely mature cunt with its sprinkling of curls was perfect. His cock jerked at the realization that his face would soon be pressed between those creamy-skinned thighs, nuzzling her sweet-smelling, virginal pussy. His daughter’s hungry, liquid-centered cunt.

“Kayla,” he groaned. “I want you so much, but it’s not right. I want what’s best for you.”

Kayla moaned and looked up into his eyes. Her plump ass was squirming, and he could see her straining clit poking from its hood at the top of her pouting cuntlips.

“Ohh, Daddy,” she groaned. “You’re so good to me! I love you so much!”

She raised her knees a bit and spread her

don’t care how
naughty it is!”***

legs so wide her pussy lips opened lovingly for her father. Her young pussy gaped up at him. He could barely make out the dark, puckered ring of her asshole in the tight crack of her ass.

The last thing Dan remembered was Kayla pleading for him to do all the things to her he’d done to her mom, and even the things she wouldn’t let him do.

Dan’s strong body trembled as he leaned over his daughter’s naked, trembling form. The sweet scent of her pussy, with its sparse sprouting of soft curls, wafted into his flaring nostrils. He’d never seen anything to match her, not even when he was a teenager, fucking half the girls in school.

Kayla and her father both sighed as his hot lips roamed all over the girl’s wobbling tits. She twisted and squealed with girlish excitement as he trailed his hot, wet tongue into the deep cleft of her tits, then under and around them.

“Ohh, Daddy!” Kayla cried, holding his head lovingly. “I’m so glad you like my big tits! It’s so good, keep doing it, please!”

Dan licked the round sides and tops of his

daughter’s twin, fleshy tits, making them shiny with his saliva. He saved her bursting nipples for last, knowing how sensitive they were.

He latched onto one, and Kayla arched her back and thrust her shaking tit into his face, trying to cram more of the nipple into his hot, sucking mouth. As he nursed, Dan slid his hand down to Kayla’s bare pussy.

“Huuuhhh!” Kayla shivered as her father’s gentle fingers spread the pink, pouty lips of her wet cunt, spreading them open like a butterfly’s wings. She groaned and lifted her bouncing ass off the bed as one thick finger slid into her narrow, extremely hot pussyhole.

“Ohhh!” she grunted excitedly as her father teasingly sloshed his finger around in the slit of her watery cunt.

Dan pulled at Kayla’s big, puffy nipple. She felt his warm breath trailing over her quivering belly. She knew he was going to do it again, that wonderful, forbidden kiss...

“Ohhh, Daddy,” she whimpered. “Please kiss my pussy! I don’t care how naughty it is, I just want to feel your lips on it so much!”

The thought that this was his daughter, his little girl begging him to kiss her tender, throbbing cunt with his lips and tongue was almost too much for Dan! Slowly, tantalizingly, he buried his face between Kayla’s plump, fragrant upper thighs, his tongue outstretched and curling down toward her cunt.

“Oh,” Kayla said, her eyes wide as he slid his palms under the soft, milky cheeks of her ass, cupping them and squeezing the soft flesh as he lifted her to him.

Turning his eyes up at Kayla’s excited, flushed face, he took a long, slow swipe with the flat of his tongue from the bottom of her tasty, silken pussy to her protruding clit.

“Yeeek!” Kayla squealed, overwhelmed by the totally new, maddeningly searing sensation of having her virginal cunt licked by her loving daddy.

“Ohhh!” she cried happily, throwing her legs wider. “That was wonderful! Do it again!”

Dan’s fingers held the twin moons of her ass far apart as he lowered his face again, drawing his tongue through the soft, hairless crack of her ass. It slithered over the raised pucker of her winking butthole and then sank into her plump-lipped pussy.

“Yuhhh!” Kayla jerked spasmodically as her father sank as much of his hot, wriggly tongue into her creaming, virginal cunthole as possible.

Dan darted his slick tongue snake-like up his little girl’s throbbing pussyhole. His nose rubbed and bumped her erect clit.

“Uhhh!” A deep-throated groan of pleasure beyond belief broke from his daughter’s lips. She pulled her knees up to her bouncing, rolling tits and lewdly hunched her upturned pussy at his wet face.

Dan’s cock was quivering at full attention as Kayla opened herself to him completely. The small, pink ring of her asshole pouted an inch

below the creaming slit of her pussy, wet with cunt juice. Dan found her tiny asshole and sucked on it, flicking his tongue around the raised flaps mercilessly.

“Ahh!” Kayla groaned, and wiggled her ass. “Ohh, Daddy!”

No one had ever touched her asshole before! She’d certainly never thought it was a place anyone would want to kiss or lick. Her daddy, her wonderful, loving daddy was flicking it softly with his warm, wet tongue!

“Ohh, Daddy,” she groaned, torn between embarrassment and bliss. “Do you know where you’re kissing me?”

Without stopping what he was doing, Dan said, “Yes, honey, Daddy’s kissing his sweet little girl’s asshole. Do you like it? Does it feel good?”

“Oh, yesss, Daddy!” Kayla shuddered and panted. “But... but it’s so naughty, is it?”

“It’s very naughty, Kayla,” Dan sighed. “Forget all the things your mother’s taught you. Your sweet little butt is just another part of you that’s made to be kissed.”

“Ohhh! Daddy!”

Kayla squealed delightedly as her father stiffened his tongue and shoved the tip into the tight center of her asshole. It penetrated an inch or so, and Kayla shuddered with ecstasy. Dan ran his fiery tongue in and out of the little rubbery ring, his lips fastened to the soft, throbbing tissues.

“Daddyyy!”

Dan lifted up and gazed down at his little girl’s red, contorted face. Her big eyes were glazed with lust, and gushing little pussy was begging for her approaching orgasm.

“Daddy, put it in me,” she whimpered, reaching for his huge, swollen cock. “Please, Daddy, love me like you did Mom,” she pleaded. Her arm strained, unable to quite reach his dripping knob.

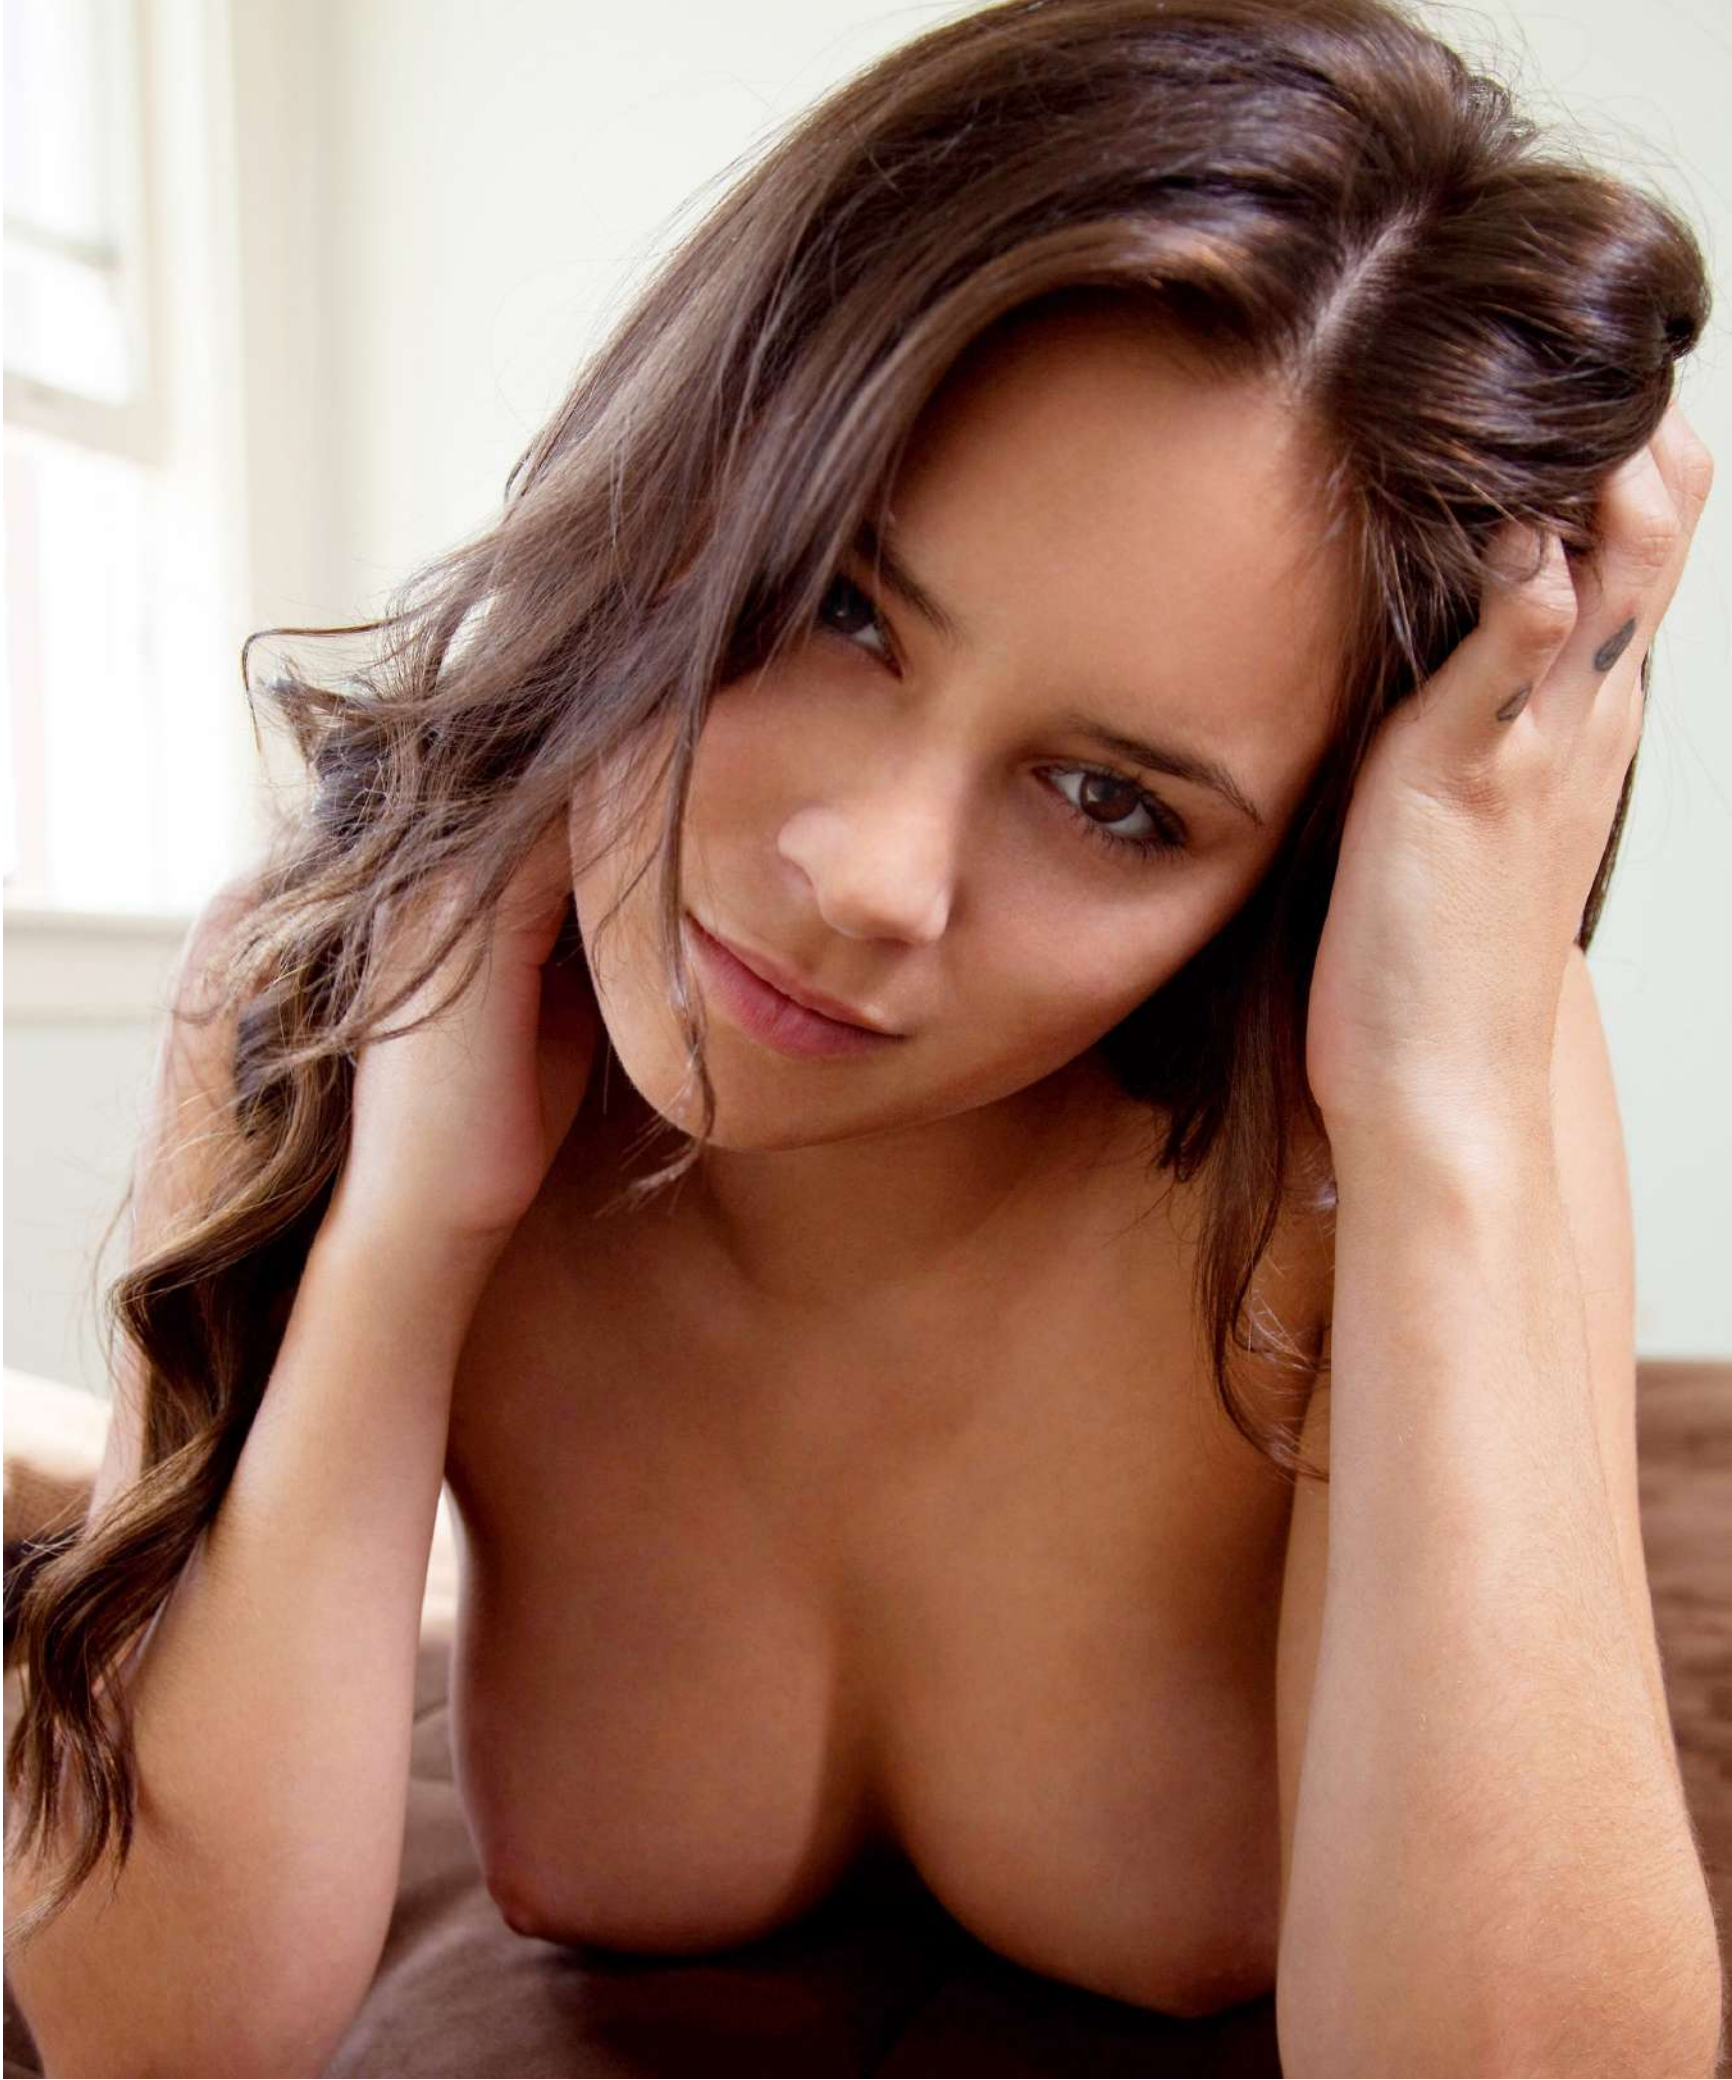

“Later, honey,” Dan said. “Let me make you cum this way first, okay?”

Kayla nodded, and Dan closed his mouth over her slippery, shimmering pussy. His tongue ran far inside the silky wet heat of her vaginal cunt, and Kayla shook and wailed with delight. Then he sucked in the hard bud of her clit and pressed his middle finger against the pursed ring of her tender asshole.

Running his tongue quickly around the shaft of her unhooded clit, he thrust in with his finger, stretching her tiny asshole around the first, then the second knuckle. The heat of his little girl’s tight hole throbbed around Dan’s finger as Kayla squirmed her fleshy butt toward him.

The strange feeling of having her father’s thick middle finger all the way inside her butthole filled Kayla with wonderful sensations. Now her poor asshole was itching and burning almost as much as her well-licked cunt. Her big tits were rolling and smacking all over her chest as she shook with the good feelings her loving father was giving her.

Dan began to nurse on her flaming clit,

flicking the very tip with his tongue at the same time that he ran his finger in and out of her gripping little butthole. The little girl thrashed and bucked as her long-awaited orgasm swept over her. Her belly rippled and the muscles of her throbbing butt milked at her father’s pistoning finger.

“Aghhh! Ohhh! Nowww!” Kayla wailed as all the heat from her sore nipples, well-licked pussy and impaled asshole merged together into one roaring fire. She ground her ass with wild abandon in her father’s face, shrieking with joy as his teeth accidentally scraped her stiff clit.

“Daddy! Daddy!” she cried. “Lick me there, lick my pussy button! Oh, yesss, wiggle your finger in my ass! Ohhh, Daddy!”

Dan licked and fingered his little girl all through her tremendous orgasm. Her slender, big-titted body squirmed with ecstasy beneath his working lips and tongue.

“Ohh, wow, Daddy,” she panted heavily, her tits sweaty and heaving sensuously on her chest. Her legs dropped and slid down onto the bed on either side of his shoulders. Dan eased his finger from her gripping asshole, but left his face resting on the slippery softness of her fleshy

little cunt.

“Ohh, Daddy,” she whispered. “You love me so nice. Let me make you happy, too.”

“Would you like to suck Daddy’s cock, honey, and let him cum in your mouth?”

“Oh, yes, Daddy! I like sucking your cock, but I don’t think I’ll ever get it all in my mouth.”

“That’s all right, honey, those pretty red lips of yours are more than enough to make me happy. You don’t have to choke yourself trying to get it down your throat.”

Kayla grabbed her father’s fat cock at its base and looked at it before lowering her face. The glossy, pink cockhead fascinated her as it pulsed and drooled clear drops of pre-cum. She licked her lips, slid them over the broad slopes of his mushroom-shaped cockhead, then locked them under the flaring ridge.

“Ummmm,” Dan sighed, trembling as he watched his little girl’s cheeks puff with the huge amount of cock steadily sliding into her mouth.

Kayla rocked her head on the big cock, loving the flavor of her father’s pre-cum. She sucked on the head until it was no longer in her mouth, but entering her throat. She moaned and rolled her eyes at him as she quickly rammed her lips

down to his kinky crotch.

"Oh, jeez, baby!" Dan groaned as Kayla gagged a bit and drew her mouth up and off his cock with a wet slurp.

"I got it all in, Daddy!" Kayla exclaimed happily, running her fingers up and down his wet cock shaft. "Did you like it? Did I make your cock feel as good as you made my pussy?"

"Jeez, Kayla, don't stop now! You suck real good, I love it! Your so much better at sucking Daddy's cock than your mom was!"

Kayla smiled widely. Anything that felt as good as what Daddy had done to her couldn't be bad. The number of things that could be done to her body that felt nice astonished her. She hoped that there were even more things he hadn't shown her yet. She knew one of them would be when he put his big cock in her cunt. She didn't see how she'd be able to stretch wide enough to get it all in her pussy, but she could hardly wait to try. From the few things she'd heard, and from what her father intimated, fucking was the best thing ever!

Right now he wanted her to suck his cock until he shot all that creamy white stuff he called jism.

Eagerly, she sucked in the first four inches of his cock and used her tongue to press its hard length against the roof of her mouth. Its strong, manly taste soaked through her taste buds and she moaned around it. Dan took her hands and cupped them around his balls.

"Roll 'em nice and soft, honey," he said, lying back and closing his eyes as his little girl gave him the best blow job of his life.

Kayla's soft lips worked greedily on the shaft of her father's bulging, veined cock. Dan lifted his hips to fuck her face as she hovered over him.

"Easy, baby," he sighed. "Roll your lips over your teeth and tighten them a bit, then swivel your body around and plop your sweet little cunt on Daddy's chest."

Kayla did as her father instructed. She sat on his chest and bent over his thick cock.

He said, "Now hold your mouth still, honey, and let me fuck it."

Fuck it, Kayla thought. He's gonna fuck my mouth just like it was my cunt. She clamped her lips tightly and squeezed his thick shaft with them as he began pumping his hips up at her.

Kayla sucked voraciously and rolled his sweaty balls in her cupped hands as the spongy head of his cock ran in and out of her throat. She was filled with joy and contentment that she was pleasing her father this way, and she moaned and hummed around his cock with great anticipation,

"Ahh!" Dan grunted, and Kayla felt her father's balls shrink away from her gripping fingers as his hairy sac tightened. Somehow she knew this was the signal that he was ready to cum. He was going to shoot all that sticky white cum into her mouth and she would swallow it to show him how much she loved him!

Faster and faster Dan fucked up into his

daughter's wide-open throat. He could see her head snap back with his every thrust as he gave her more than she could handle. His balls throbbed and his cock stiffened and expanded.

"Oh, God, Kayla, here it cums!" he cried.

Kayla heard her father yell, and then he was grunting as his cock swelled up in her constricting throat. She sucked and gulped quickly, trying to make it better for him. Then the dam broke, taking her completely by surprise.

"Ummmgggghhh! Blllf! Glubbb!" Kayla choked and gurgled as a torrent of thick jism filled her throat and made her gasp for air.

Spurt after spurt of sticky cum sprayed her throat, and her eyes took on a wild look as she gulped and swallowed repeatedly, desperately trying to drink it all as she had promised.

Again and again her father's jerking cock jetted its hot, creamy cum into her throat. As some of the tasty cum dribbled down from her throat and coated her tongue and the roof of her mouth, his cock began to dwindle. It still pulsed and spurted, but weakly. Kayla drew in a long, shuddering breath as it shrank from her battered throat and filled only her mouth.

"Oh, baby, sweet baby," Dan moaned. "You

"Daddy, will you please fuck me now? Please, Daddy?"

sucked Daddy's cock dry, you know that? I didn't think anyone could do that so well!"

Kayla thrilled at her father's approval and sucked hard on his oozing cockhead, drawing out the last sticky strings of gooey jism and swishing them around with her tongue.

Finally, his limp, soaked prick slipped from her mouth. Kayla turned her head and looked at her father over her shoulder. Her eyes were filled with lust. Her cunt was pouting and inflamed, and she wiggled her asscheeks at him.

"Daddy, will you please fuck me now? Please, Daddy?" she begged, and she never noticed that she'd used that awful four-letter word without hesitating or stuttering.

Dan looked at his daughter's full, dangling tits brushing across his belly and at her squirming, dribbling little pussy. The pretty pink folds were distended with sexual excitement. As she moved her plump ass, they almost seemed to blow him a kiss. Her elongated, straining red clit poked from the top of her cuntlips, aimed away from his mouth and toward his limp cock.

"First, Daddy wants to lick your sweet pussy,

honey," he said, and lifted his head to run his tongue around her swollen pussy.

"Mmmmm, Daddy..." Kayla sighed, shoving her ass back at his face. "Kiss my pussy, Daddy. Oh, I can't imagine anything nicer than this!"

Dan felt a twitch in his tired cock, and licked Kayla's juicy pink pussylips with faster and harder strokes until she was squealing and writhing with pleasure. His nose pushed against the wet ring of her butt hole and he felt her hunch her ass at his face. He shoved his hands under her body to grab her big wagging tits and tease the nipples.

Kayla panted, rubbing his cock and lowering her lips to its plump head.

Dan thrust his tongue into the liquid heat of her velvety pussyhole.

Kayla panted over her father's cock. She pursed her lips and rolled them over its limp, but lengthening, shaft. Then she slipped her tongue under it and lifted. Under her tender ministrations, Dan's cock slowly rose until it towered in front of her face, its turgid thickness shiny with her warm saliva.

"It's hard, Daddy!" she squealed happily. "Now you can fuck me like you did Mom!"

The obscene words rang in Dan's ears as he stared at his little girl's seething pussy. Oh, no, not if Dan could help it. He'd fuck her better than Mommy!

His daughter's spread, pink cunt was more than mouth-watering, it was the most beautiful sight he'd ever seen! Never, never, on any young girl or woman had he seen a lovelier, more perfectly-formed little pussy!

"Spread 'em wide, honey," he breathed, leaning close. "I want to see your cherry."

Kayla knew what a cherry was, but she'd never seen one, nor even touched hers. But soon it'd be gone, just a memory, to be replaced by her father's big, penetrating cock.

"Daddy, tell me what it looks like."

Dan fingered the tiny mouth of his little girl's wet pussy. Hooking his fingers at each edge, he gently pulled, and then placed one eye near the deep hole he had exposed. Kayla whimpered with arousal as he took his time.

"Oh, baby, it's beautiful, a light pink, something like a wide rubber band that is stretched from one wall to the other. It's got a few little holes in it, as if it's been worn a long time..."

Kayla giggled. "Daddy, it feels as if I've had it too long right now."

Dan climbed over his waiting daughter, kissing her rolling tits as he did so. "It's going to hurt a bit, baby," he said. "But after, it'll be wonderful!"

Dan lowered himself, covering her big tits with his hairy chest and making her squeal excitedly. His hard cock nestled in the soaking split between her widely spread thighs, brushing tantalizingly against her stiff, quivering clit. Dan fisted his cock and guided his swollen, purplish knob to the tiny mouth of his daughter's cunt.

Slowly, he pushed forward.

“Uhh, uhh, fuck me,” Kayla panted, humping up against his fat cockhead. “Oh, please, Daddy, don’t tease me anymore, my cunt aches so much...”

“Wider,” Dan grunted. “Spread your legs wider!”

“Yes, yesss!” Kayla heard her bones creak as she spread herself impossibly wide, opening her virgin cunt to her father’s straining cock.

“Yahhh!” Kayla screamed as her father shoved hard, driving the full, curved thickness of his prick all the way into her tiny cunt with one quick thrust. His fat, hairy balls slapped the soft crack of her ass with a lewd smack.

The nearly indescribable sensation of shoving his cock into a virgin cunt, and his own daughter’s at that, caused Dan to gasp with pleasure. Kayla’s cunt was so hot and tight, and twitching so delightfully around his buried cock, that he never wanted to leave.

Kayla was whimpering and making little hunching movements at the same time. With her wonderful father’s hard cock nestled in her pussy, she had time to accustom herself to its intrusion. She purred throatily, her raging lust redoubled by her father’s cock stretching her sensitive pussylips.

“You all right, honey?” Dan asked, slowly withdrawing his cockshaft.

“Oh, yes, Daddy! It feels so good, now! Fuck me, please, push your cock back in my cunt!”

As Dan pulled back, a low sucking sound reached his ears. But as he thrust his cock into her cunt again, it was a liquid, sloshing sound he heard. Resting his weight on his elbows, Dan gripped Kayla’s wobbling tits with both hands. He kneaded and pulled on her soft, sensitive, big-nippled tits as he skewered her pussy with faster and faster strokes.

Loud moans and groans, sighs and screams filled the room as Dan pounded his daughter’s ass into the protesting mattress. Kayla was wriggling and thrashing under his heavy body.

“Oh, Daddy! Daddy!” Kayla cried. “It’s so wonderful! I love it! Oh, keep fucking me, Daddy! Fuck me with your cock!”

Dan energetically sawed his huge cock in and out of the narrow ring of her cunthole, feeling it grip and clutch at his prick.

Kayla ground her pussy back at him, rolling her hips and lifting her legs high, letting him sink deeper into her pussy than he’d ever been before in any woman. Her tits were sore from his rough handling, but the pain mingled with pleasure and spread, ripple-like, across her naked, thrashing, teenage body.

Both father and daughter were caught up in the exquisite sensation of incestuous fucking. They’d been so worked up by the vast amount of teasing and foreplay that they were overflowing with lust.

Kayla dropped her hands from her father’s back and reached for her own ass. She gripped the soft, sweaty asscheeks and yanked them

apart, dragging her pouting asshole into the open where it could feel the steady slap of her father’s flopping balls. Her legs were high in the air, waving madly, and she worked her gripping fingers deeper in the wide-stretched crack of her ass.

“Daddy, Daddy, your finger!” she cried. “Put your finger in my asshole again!” She remembered the wonderful intrusion of his finger in her butt, and wanted to do everything that was naughty and wonderful.

Dan released one wobbling tit and reached back to his little girl’s soft ass. It was weaving and humping, but he managed to spear her tight pucker anyway.

If only my wife could see me now, he thought. Fucking Kayla for the first time and shoving a finger up her ass!

Her stretched little cunt was really tight around his fat cock, and her ass muscles pressured him as he goosed her. Kayla was bucking and heaving so enthusiastically beneath him that he wondered if he was turning her into a nympho. He’d never seen a girl so mad for his cock! But then, he’d never felt this way about any other woman, either.

“Oh, Daddy! It’s so wonderful! Keep fucking me, Daddy! Fuck me with your cock!”

“Ohh, Daddy, make me cum! Fuck me and make me cum!” she chanted, gasping.

He sought her lips and kissed her hungrily, and was surprised to discover that she took his tongue eagerly, enthusiastically, and gave him hers just as easily. They kissed for a while, moaning and murmuring endearments, sliding their wet, open mouths over each other’s faces as Dan’s pulsing cock stroked faster and faster into her steamy constricting pussy.

Kayla heard her father panting, and felt his fucking thrusts lose their rhythm. She hunched lewdly up at him, trying to rub her clit against anything she could find.

“I’m almost there,” Dan groaned. “I’m gonna cum, baby. Are you ready?”

Kayla hadn’t cum, yet, but she wanted to feel her father’s heavy cum pouring into her pussy. “Oh, yes, Daddy! Give me your cum! Shoot it all in my pussy!”

Dan’s cock began jerking as he thrust back and forth in the hot, steamy passage of his little girl’s cunt. His piss-slit began spewing cum like a fountain, dumping it into her cunt, lathering

her rippling walls and bathing her torn cherry.

Some of his jism ran dribbled back out of her cunthole, and Dan raised up to view it. The sight of his child’s pouty pussylips clinging so tightly around his veiny cockshaft made his balls tense again. It didn’t seem possible that she had really been able to take his cock. But, as his eyes were drawn up to her shivering tits, he thought he detected a lump beneath her belly button, just where his cockhead ought to be.

He gave a few final spurts, then collapsed on top of her, flattening her big tits and tickling her sensitive nipples with his curly hairs.

Kayla wriggled her cum-filled, slimy pussy around his thick, limber prick. It was still inside her, warm and pulsing.

“Jeez, Kayla,” Dan sighed. “What a lovely pussy you’ve got! So soft and hot, so juicy...”

“I wanna cum, too, Daddy,” Kayla whimpered. “My cunt’s awfully hot!”

“I’ll take care of that, honey,” Dan said, lifting off her and going into another room. When he returned, he was holding a battery-powered, rippled vibrator.

“Oh, Daddy, what’s that?” she asked, recognizing the shape, but not knowing its full potential.

“You’ll see,” he said, and switched it on.

Dan burrowed his head between Kayla’s wet, spread thighs, and looked at the condition of her pretty pink cunt. It looked so appetizing.

Reaching up, he ran the tip of the big vibrator over the lower curves of Kayla’s shimmering tits. The girl squealed excitedly, and then held each tit up so he could hold the humming dildo against her stiff nipples.

“Uhhh,” she groaned as his tongue slid across her clit. It ran up and down the hot shaft, flicked across the tip, and circled the tasty base. Kayla arched her back and howled as Dan reached up with his free hand and pinched one engorged, strawberry-red nipple while the other hand rubbed the big vibrator across her buzzing clit.

“Yeeeooww! Huhhh!” Kayla wailed as she exploded. Dan fastened his lips over her beating clit and slid the vibrator over the pouting ring of her asshole. Kayla’s back arched and she yowled and whimpered again.

Dan watched his little girl’s big tits shake and wobble all over her chest as she thrashed and hunched. He pressed gently with the humming dildo, and the buzzing torment surged through her asshole to her pulsing clit. Amazingly, her cunt stayed in one place, glued to his pleasure-giving mouth. But her body flopped all over.

Finally, her spasms subsided and she quivered and writhed on the soaked bed as if with a high fever. Slowly, she focused her eyes on her father’s rhythmically nodding head as he softly laved her clit and the sparse curls just above it.

“Ohhh, Daddy...” she whimpered, trying and failing to find the words to describe what had just happened to her nubile body.

“Was it nice, baby?” Dan smiled.

“Ohhh, Daddy... It was... it was... like fireworks going off in my pussy over and over again! Oh, Daddy, there’s more, isn’t there? Lots more to do with each other, I mean...”

“Yes, baby, wonderful things. And Daddy will show you a real naughty way to fuck.”

“Oh, Daddy!” Kayla squealed happily as he slid a finger around the slippery edges of her smooth asshole. “I bet I know what you wanna do!”

“Go on, honey, guess,” Dan said, sliding his finger up and down the soft crack of his daughter’s sweet ass.

“Since you like my asshole so much, I’ll bet you want to put your cock there!”

“That’s right, honey, and you’ll love it, just

like regular fucking. It’ll be tight a bit at first, but then it’s real great!”

Kayla sighed and squirmed her itchy butt over his stroking finger. She spread her thighs wide, opening her cheeky butt and exposing her tender ass crack. Dan’s finger was wriggling around in the center of her pursed butt-hole, teasing but not entering, and Kayla moaned with lewd excitement.

“Jeez, you have such a pretty asshole, honey,” Dan said, dragging his finger past the tight ring. It winked in response.

“Ohh, Daddy! I want to feel your cock in my ass so much!”

Dan felt his cock swell. “You’ll love it!”

Kayla looked at the vibrator on the bed

beside them. She picked it up, found the switch and brought it to life. “Oh!” she cried as the fake cock jumped in her hand. Then she placed the tip against her father’s cockhead.

“Oh, jeez, Kayla!” Dan groaned, spreading his legs to give her more room. “That’s great. Play with my balls while you do it.”

The big-titted teenager rolled her father’s hairy balls as she worked the dildo around his thickening prick. Soon, his cock was throbbing as powerfully as ever. She looked at it with a mixture of awe and lust.

“You have such a great cock, Daddy,” she said with a smile. “I think all daddies should teach their little girls about sex and how to fuck real good. Don’t you think, Daddy?”

“I think so too, honey. A father’s cock is the perfect tool for little girls to learn all about sucking and fucking and cumming. And besides, it feels so good to have Daddy’s cock inside your pussy, doesn’t it?”

“It sure does! My pussy loves your big cock, Daddy!”

“Roll over, baby,” Dan rasped, gripping his cock to hold it steady as he hovered over her submissively up-raised butt.

Kayla held her head down, spread her knees wide and waggled her ass at her father’s red face. She could feel his eyes on her obscenely displayed asshole and newly-fucked cunt. Her passion soared.

“Fuck my butt, Daddy!” Kayla cried. “Put your big cock in my asshole and shoot all that nice cum in me!”

“You want me to fuck your ass, Kayla?” Dan teased, sliding his hot cockhead through the slick heat of her asscrack.

“Oh, yes, Daddy! Put it in my asshole!”

Dan leaned forward and greased his purplish knob in the open mouth of her oozing pussy, then rested it on his little girl’s tight ass ring.

“Yes, yes! There, there!” Kayla whimpered.

The light pressure forcing her tiny hole inward felt good at first, but as her father pushed harder and harder and the swollen head of his prick suddenly wedged itself inside, Kayla winced and groaned.

“Uh, uh, uh,” the little girl gasped as her father’s cockhead made her rubbery butthole stretch wide to accommodate it. The pressure increased and a moan broke from Kayla’s trembling lips.

Dan heard his little girl moaning into the mattress as her violated asshole was cruelly spread by his huge cock. Finally, his swollen cockhead popped inside and her rubber ass ring snapped behind it.

“Uhhh...” Kayla groaned as her dilated asshole pulsed around her father’s cock. Then she hunched and sighed as she felt his fingers plucking at the plump, hanging folds of her dripping cunt. He milked her fat cunt lips and pulled strongly on the hairy sides of her sopping pink slit.

Kayla groaned with pleasure and felt her

father's thick shaft sliding into her bowels. Soon, her buttohole accepted eight inches of his nine-inch cock. Her vision blurred and her mind spun.

"Ooo," Kayla moaned. "Oh, it's starting... to feel... so good, Daddy! Ohhh!"

"Oh, jeez, you're tight!" Dan groaned as he backed his throbbing cock out of his little girl's virgin asshole. He bent his head and watched the tender skin surrounding his shaft pull back with his cock until it caught on the back of his flaring knob. He shoved forward and his fat cock slid right up Kayla's wide-spread, up-thrust ass.

The girl groaned and wiggled her ass wildly as it was filled again, then felt her butt muscles involuntarily clench. The girl and her father both groaned.

Dan sawed his fat cock in and out of her tight but slippery buttohole with long, forceful strokes. Kayla's pretty face contorted with the new sensations of mingled pleasure, and she began shoving back against her father's pistoning cock.

"Yes, yes!" she cried, slamming her plump white butt-cheeks against her father's belly. The loud, sweaty smack of their meeting thrilled her as she imagined the sight of his thick, veiny cock surging in and out of the narrow pink opening between her spread asscheeks. She felt her cheeks shaking as her wonderful daddy fucked her itchy, burning asshole with increasing speed.

The kneeling girl felt her large tits pulling at her chest as they shook and swayed, and decided her father wasn't paying them enough attention.

"Play with my tits, Daddy!" she cried. "Rub my pussy with one hand and my tits with the other!"

Dan complied and Kayla thrust her bare, sweaty butt high in the air to receive his long, looping thrusts. She wanted him to cum in her ass, to spit all that hot, sticky cum right up her throbbing buttohole!

"Oh, it's good, it's good!" Kayla wailed, wagging her ass. "Fuck it, fuck my asshole! Squirt your cum in it!"

Dan knew he was about to cum, and his young daughter's excitement, her lewd pleas, made his balls tighten. The awful pressure of his built-up cum was about to burst.

"Awww, jeez!" Dan groaned, and lunged forward, slamming his cock all the way into her tiny, stretched asshole, fusing his heavy, hairy balls to the sweaty crack of her perfectly wide-spread butt.

Kayla squeezed her eyes shut and concentrated on tightening her ass. She flung her hips up and down over her father's jumping cock and suddenly felt the hot rush of his cum cascading into her asshole. She'd never felt anything like it! The pleasure of her tightly squeezed tit raced to meet the spasms of her well-fingered cunt, and

both mingled with the strange orgasm brought on by her father's wonderful ass-fucking.

Again and again she hunched and groaned and shrieked, and let her contracting asshole suck the cum from her loving daddy's spurting prick. Then Dan released her tit and cunt and slumped across her back.

The incestuous duo held that limp, sweaty position for a full ten minutes, and then Kayla sighed as she felt her father's cock sliding from her well-lubed buttohole. She felt sore and stretched back there, but the ache was a pleasant one, especially with the warmth and size of her father's cock resting in her humid ass tunnel.

"Ohhh, Daddy," she breathed as his cock flopped out with an obscene slurp. The wet, sucking noise embarrassed her, but it was thrilling to feel all that creamy cum oozing from her tingling buttohole.

She slipped a finger back and felt around her ass, then eased it inside, stirring his jism. "Wow, Daddy!" she exclaimed. "You really greased me up, didn't you?"

"Your ass sucked all Daddy's cum out of his cock, didn't it?"

Kayla giggled. "Oh, Daddy, I love you so much. Thanks for teaching me how to fuck with your nice big cock."

"Anytime, honey," he said, caressing her heavy breasts. "Anytime." ★

Laura's AMAZING Kids

based on *Wild Easy Mom* by Kathy Andrews

Laura's kids help her lose
her sexual inhibitions

(Ffm, mf, exh, inc, piss)

I had a really awesome dream last night, Mom," Tyler said, finishing the last bite of his pancake.

Laura, standing with her back to the sink and drinking coffee, grinned at her son. Judging by the smile on his face, she could guess what it was about.

Tyler's cute sister Madison, sitting at the opposite end of the table, giggled in her delightful manner. "Oh, I bet you were having a naughty dream, weren't you?"

"I dreamed that we had a new rule at home that everyone had to go naked. Oh, Madison it was great! Seeing you and Mom naked all the time was a dream come true," he smirked. "But best of all you two loved how big I got and couldn't keep your hands off me."

"You're such a typical brother," his sister teased. "Always thinking they have the biggest one around."

Laura enjoyed it when her kids talked like this. "Tyler, I'm sure your father wouldn't approve of us going naked."

"Sure he would, Mom. In

my dream it was his idea!"

"Mom," Madison interjected, "you should have seen him going into the bathroom this morning. He had a hard one that was poking at the front of his underwear. I thought it would rip right through!" She giggled.

"Of course. Madison, it's perfectly normal for boys to get like that at times," Laura smiled at her kids.

"I'm like that all the time," Tyler added.

"That's my brother, Mr. Hard-on," Madison giggled.

"Boys will be boys, right, Madison?" their mother joked.

Laura was wearing her robe, belted at the waist. One knee was showing from the flaps, and the rise of her rounded tight tits was teasingly revealed almost to her nipples. She could tell Tyler was enjoying the sight. Madison was wearing her nightgown, her lovely thighs were fully revealed under the table. Tyler, however, had only put on new underwear after his morning shower.

"It's okay if we can see Tyler's hard thing, right Mom?" Madison smiled. "After all, we're family!"

"It's not called a thing, Madison," Laura corrected her. "It's called a penis, or a cock."

"Yeah," Tyler added. "You can

say cock, can't you, sis?"

Madison giggled, looking at Laura. She saw her mother waiting with anticipation.

"Cock!" the young girl said with excitement. "Big, hard cock!"

Her giggle was musical and still childish, glancing at her mother with those shy eyes. But Madison wasn't shy; Laura knew that. The coyness was simply part of her charm, and a very appealing part.

The openness of her son and daughter was amazing, she thought, sipping her coffee. They were absolutely uninhibited in front of her. It was a nice change, a very appealing change, Laura thought.

She allowed more of her long thigh to become exposed, and watching their eyes gaze at her sent a tingle of heat flowing through her flesh, especially between her thighs. She could feel her cunt becoming moist. That was no surprise to her since she stayed hotter than the average woman. Her cunt was always moist, most of the time downright wet with steaming hungry, desire. Her nipples swelled up, pushing against her robe.

Tyler shoved his chair back and stood up. Laura saw immediately that his cock was straining hard inside his tight underwear. She licked her lips, enjoying the delicious sight of her son's throbbing penis as he brought his empty plate to the counter next to her. She could tell he was walking slowly so both his mother and sister could get a good look at his throbbing bulge.

"Ooh, look Mom!" Madison giggled. "It's all hard again. Tyler's got a big hard cock!"

"Yes he does," Laura responded, feeling her pussy quivering. "Isn't it nice of Tyler to show us his big, sexy cock like that? Like you said, we're all family."

Laura gazed at her son's stiff protrusion as her cunt lurched hotly. She could easily make out the head of his cock pushing against the tight white fabric. A wet spot was forming as pre-cum seeped from his cocktip. "Very nice, Tyler. Very nice indeed."

Her son grinned at her then walked over to his sister and pushed his hips toward her. His big bulge was just inches from her sweet face.

Madison's eyes twinkled with delight, becoming glassy as she gazed at her brother's crotch. Without hesitation, she reached out and slid her tiny fingers along the length of his hard shaft. "Ooh, it's so hard!"

Laura's nipples tingled as she saw her nubile daughter lean in and rub her soft cheek on her brother's underwear, nuzzling her face into his stiff erection. She wished her kids had always been this loving to each other.

Madison finished her caressing of her brother's cock with a soft kiss on the wet spot of his underwear, then looked up into his eyes with a knowing grin.

"Mom, if Tyler can walk around in his underwear, I'm going to do it, too!" Madison stood up and took off her nightie, standing in

just a pair of pink panties with her hands on her hips, proudly displaying her supple, sugary tits to them.

"Oh, Madison..." Tyler said, staring at his sister as he unconsciously clutched his throbbing cock.

"How do you like me, big bro?" she asked, doing a simple pirouette for him.

"You're so fuckin' hot, sis!"

Laura was overwhelmed with excitement. Her nearly naked kids standing in front of her, displaying their nubile bodies to each other.

"Do you kids mind if Mommy opens her robe? You wouldn't mind if I take it off, would you? I mean, we're family, right?"

"Please, Mom," Tyler begged. "Take it off so we can see how beautiful you are without your robe!"

Madison giggled as her mother slowly opened her robe, revealing her rounded, almost pointed tits with their erect nipples. Her flat stomach with its dimpled belly button was revealed. Her kids stared wide-eyed at the fuzzy triangle of her curly cunt hair which was surrounded by her white garter belt that held up long black stockings covering her thighs.

Laura saw her daughter rub her face against her brother's cock-filled underwear

"Mom, you're gorgeous," Tyler said.

"Yeah, I can't wait until my boobies grow as big as yours," Madison added.

"Mommy's boobies are just for you, kids. You sucked on them when you were babies, you snuggled into them when you were growing up, and now they're here all for you!"

"Oh, Mommy..." Madison said softly as she slowly cupped one of her mother's firm tits, feeling it and squeezing tenderly, making her moan with pleasure. Laura never pulled her gaze away from her son's cock, outlined inside his tight underwear.

Feeling a hot mouth closing about one of her nipples, Laura shuddered. Looking down, she saw her daughter closing her hot, wet lips around her nipple as she began sucking on it. Madison was the right height, so she didn't have to lean down to suck her mother's tits. Her mouth was level with them as she stood straight.

"Ooooh, God!" Laura moaned, clutching the back of Madison's head and pressing, trying to shove more of her tingling tit into the girl's small, eager mouth. "So good, baby," she whispered in

a thick voice. "Your mouth is so hot and wet... suck my nipple, Madison!"

Laura's eyes, fogged with hot desire, turned back to her son. Tyler had pulled down his underwear so his cock stood out free. It was beautifully hard, his hairless balls hanging below. Having her tit sucked by her daughter, seeing her son's cock throbbing in dripping hardness, made Laura moan into an orgasm, her hips jerking back and forth as if she were being fucked. She spread her feet on the floor when she felt a small hand sliding down her quivering stomach. As Madison's hand brushed through her cunt hair, Laura placed her own atop it and shoved her daughter's hand between her thighs.

"Ohhhh, rub me!" Laura groaned, her legs trembling as her daughter began to shove a finger into her fiery wet cunt. "Rub me there, darling! Ooooh, yes!"

Tyler, watching with huge eyes, was gripping his balls as if he would tear them off. He sat still in the chair, his other hand holding onto the bottom of it with white knuckles, squeezing at his precious balls. Laura, knowing the value of voyeurism, twisted as best she could so her son could watch as Madison finger-fucked her and sucked at her tit at the same time. It was a gesture, too, of letting him know he was invited to the party anytime he wanted to join them.

But Tyler, apparently, was satisfied at the moment to watch, to see his sister finger-fuck their mother, watch Madison suck her tits. His cock throbbed, and Laura thought her son was in danger of coming off as he sat there. She hoped he wouldn't; she didn't want any of his sweet, creamy cum juice wasted on the floor.

Bending her knees a bit, holding them wide apart, Laura moved her ass while Madison finger-fucked her, moaning softly, her cuntlips clinging to the small finger. She kept her eyes on her son's cock, then whispered: "Hold your prick, Tyler! Please, baby, hold that beautiful cock tight!"

Tyler gripped his prick with his free hand, not letting go of his balls. His eyes were big and hot as he watched his sister's finger moving in and out of his mother's steaming pussy.

Finally Tyler didn't want to watch anymore.

He came up to her. Laura put her arm over his shoulder. When Tyler lifted his face, she kissed his mouth, darting her tongue deeply into it. Tyler, being a bit taller than his sister, had to bend down slightly when he moved his lips to his mother's free tit.

"Ooooh, both of you, suck me!" Laura wailed with a hot voice. "Suck Mommy's tits, both of you! Ooooooh, suck me at the same time!"

Her hips were jerking as her daughter kept up a relentless finger-fucking, and she felt her son's hand stroking the bunching cheeks of her swelling ass. With both their hot, wet mouths sucking hungrily at her nipples, Laura held her children about the shoulders tightly, her head lifting as her eyes closed in ecstasy.

Always a woman that came easily, Laura was

again clutched with steaming orgasms. Her cunt tightened on her daughter's finger, clutching it. Then, as Madison withdrew her finger, Laura found Tyler sliding two of his into her. She gurgled and arched her hips to his hand. She could feel his cock throbbing along her hip and thigh, the head leaving a wetness on her flesh, a searing wetness that increased the boiling ecstasy flooding her body.

Her two kids were so young, yet so damned erotic and uninhibited. She loved how they were so happy and willing to play with her body.

Then, almost as if they had planned it, both Madison and Tyler slipped to their knees, one at each of her hips. Laura looked down and watched them kissing her flesh, sliding their wet tongues along her creamy hips and thighs. Their hands seemed to be everywhere on her body, stroking her ass-cheeks and thighs and cunt.

Her daughter grabbed Tyler's cock, then jerked it as her other hand fondled up and down Laura's creamy thigh. Tyler was sliding his hand up his sister's thigh to her cunt as he licked and kissed his mother's hip.

Seeing them sent ripples of pleasure racing up and down her body, and Laura sensed another orgasm swelling inside her cunt. She bent and spread her knees, bracing herself on the counter, moaning softly in pleasure. She felt the wetness between her thighs and heard the giggles of her son and daughter.

Suddenly Laura's face turned red.

She was not coming; she was pissing!

The stream of her piss flew in a short arc, splashing onto the kitchen floor. She tried to stop, and found it impossible. "Oh, no!"

But Madison and Tyler seemed to be enjoying this. They had pulled their heads back a bit, watching their mother pissing from her crotch uncontrollably.

As if she were not embarrassed enough, she

saw both her daughter and son sliding their hands along her inner thighs, and then each had pulled her cunt lips apart, the better to see where this lovely stream of piss was coming from. They kept giggling, but the sound was more lewd than funny now.

"I can't stop!" Laura wailed miserably.

"Don't, Mother!" Madison said. "It's all right. Don't stop."

Laura heard the words, and her children sounded so mature and understanding. She felt their hands holding her cunt lips apart as she pissed, and there was a certain perverse delight, a sensual feel, inside her.

And a second surprise struck Laura.

She was coming!

Coming and pissing at the same time—she would not have believed it possible, but she was doing it. Her hips jerked and the piss waved around before it splattered on the floor, some of it splashing on Tyler and Madison. This brought more giggles of pleasure from them, she noticed in a vague way. She then became aware that they were trying to cup their hands in the stream and, through a clouded sort of vision, watched them.

"Hot, huh?" Madison said in a thick voice as she cupped her hand just above her brother's in the stream.

"Yeah!" Tyler agreed.

Laura was grateful when she finally stopped, and her face kept burning with embarrassment. Her cunt was wet, the hair on her pussy lips drenched.

Tyler and Madison, still on their knees, seemed to be holding her thighs. Laura watched them, not knowing what to say that would make it any less embarrassing.

Then, in a sudden movement, her son shoved his face into her crotch and he kissed her piss-wet cunt.

"Ohhhh!" Laura yelped, trying to close her

thighs, but it was too late.

Tyler rubbed his face into his mother's piss-wet cunt, licking with his tongue, making low, almost guttural sounds of pleasure. She yelped again as he thrust his tongue up into her cunt, darting it in and out.

"Let me!" Madison cried. "I wanna suck it, too!"

Tyler pulled away and his sister shoved her mouth into their mother's cunt, that small tongue flicking eagerly.

"Wait, stop!" Laura said, managing to pull from them.

"Didn't it feel good, Mom?" Tyler asked.

"That's just the problem," she replied. "It felt too good."

"Then why make us stop, Mother?" Madison wanted to know. "We liked it, too."

"But I pissed," Laura said. "I was pissing, and I couldn't stop it. That can be very embarrassing, you know."

"Not to me!" Tyler laughed wickedly. "I thought it was fun, Mom. You can see me piss if you want."

"And me," Madison said.

"And neither of you would be embarrassed about it, I bet," Laura said, feeling better.

"Not me," her daughter giggled, then suddenly pulled down her panties and shot her naked ass into the air, wiggling it about in a tantalizing way. "Tyler, fuck me!"

Tyler's cock was still throbbing in hardness, and he looked up at his mother. Laura grinned. "I guess you better fuck your sister, Tyler. She's liable to start finger-fucking if you don't."

Tyler eagerly knelt behind his sister's waving little ass, his cock moving forward. With an excited hiss of air, Laura dropped to her knees and grabbed his cock near the base, bringing it to Madison's waiting cunt. She held her son's prick and rubbed his dripping cocktip up and

down her daughter's juicy pussy slit.

"Do you feel that, Madison? Can you feel Tyler's cock rubbing your little pussy?"

"Oh yes, Mom!" She moaned. "Push it in! I want to feel his cock inside my pussy right now!"

Laura guided her son's cock into her daughter's waiting cunt then pulled her hand away. She sat on her heels, watching Tyler's cock thrust in and out of Madison's tight, steaming cunt. Her own was bubbling again and she could not resist fondling her children, feeling their young bodies while they fucked. She cupped a cheek of her son's ass, her long, strong fingers digging into his flesh. Her other hand moved in smoothly to fondle Madison's tight and small tit.

"Fuck her, Tyler," she murmured with a throaty voice, digging into his ass. "Fuck your sister's pretty little cunt!"

Madison wiggled her tight little ass, wailing in pleasure as she lay her head on the floor, arching her ass up and twisting it erotically.

Laura leaned over slightly, peering between the spread cheeks of Madison's ass, seeing her pink asshole clench in ecstasy, watching her son's glistening cock plunge in and out. She was breathing heavily, the sound mixed with whimpers from her daughter and grunts from her son.

A moist slapping sound could be heard as Tyler banged against his sister's creamy little ass, fucking his cock deep. It was beautiful to Laura the way her daughter's pink cunt seemed to cling around Tyler's prick. She moved her hand from his ass, shoved it between his thighs and

grasped his balls tightly. She ran her other hand from Madison's tit, along her clenching stomach, to the sparse fuzz of her pussy. She spread her fingers around Madison's cunt and felt her son's cock fucking in and out.

"Ooooh, I'm gonna cum... pretty soon!" Madison groaned, grinding her ass against her brother's plunging prick. "I'm gonna cum!"

Tyler fucked faster and harder, gritting his teeth as he held onto his sister's twisting naked hips. Laura squeezed his balls, and Tyler grunted, ramming his cock as deep as he could up his sister's pussy.

Laura felt her son's balls writhing in her hand, then they seemed to convulse.

"Squirt it up her fucking cunt!" Laura cried. "Give your sister's pussy all your cum juice! Spurt that sweet jism in her pussy, Tyler!"

She imagined the ecstasy her daughter was getting, her cunt being filled by his creamy cum juice. She leaned down to kiss Madison's shuddering ass, gliding her moist tongue over the girl's flesh.

Tyler pulled his cock free of his sister's gripping cunt, then sat on his heels, his chest heaving. Madison kept her little ass high in the air, weaving it about and moaning with pleasure. Laura saw her son's cock glistening with the wetness of Madison's cunt, cum juice clinging to it. With a soft sob of hungry desire, she leaned down and began licking at his cock.

Tyler leaned back, giving his mother room. Laura was licking greedily at his balls and cock with her long, wet tongue, sliding her lips about

his flesh, groaning in soft pleasure as she tasted both her son and daughter. Her cunt was and had been going through some mild orgasms. But now, with the taste of her children's juices on her tongue, her cunt erupted into an amazing orgasm, her ass shaking underneath her robe. She pulled her son's cock into her mouth, then sucked in a frantic manner, mewling and whimpering, eyes closed so she could savor the sweetness better.

Laura felt her son's cock starting to grow hard between her lips. It was amazing to her that he had this ability so soon after coming off. The longer and thicker and harder his cock became, the better she liked it.

When she had licked her son's cock clean she sat up and smiled at her two luscious children.

"Wow, I never knew you two were so horny," she said. "I think I might have the horniest kids on the street!"

Madison giggled again. "It's so much fun to fuck, isn't it Tyler?"

"Your pussy felt so good around my cock, sis," Tyler smiled. "And I loved it when you licked all the juices off it, Mom."

"It's so much fun fucking with your naughty kids," Laura said to them. "But just one rule..."

They looked up at her with curiosity.

"No fucking each other unless I'm around. I want to be there to see each of you cum!"

"It's a deal, Mom!" Tyler said as both kids leaned in and kissed their mother on her rubbery nipples. ★
